

NEW MONEY ISSUE – BOOK-ENTRY ONLY

In the opinion of Edwards Angell Palmer & Dodge LLP, Bond Counsel, based upon an analysis of existing law and assuming, among other matters, compliance with certain covenants, interest on the 2010 Bonds is included in the gross income of the owners thereof for federal income tax purposes under the Internal Revenue Code of 1986 (the “Code”). In the opinion of Bond Counsel, under existing law, interest on the 2010 Bonds is exempt from Massachusetts personal income taxes, and the 2010 Bonds are exempt from Massachusetts personal property taxes. Bond Counsel expresses no opinion regarding any other tax consequences related to the ownership or disposition of, or the accrual or receipt of interest on, the 2010 Bonds. See TAX MATTERS herein.

the inside cover hereof

The Commonwealth Transportation Fund Revenue Bonds (Accelerated Bridge Program) 2010 Series A (Federally Taxable—Build America Bonds / Recovery Zone Economic Development Bonds — Direct Pay to Issuer) (the “2010 Bonds”) will be issued by means of a book-entry only system evidencing ownership and transfer of the 2010 Bonds on the records of The Depository Trust Company (“DTC”) and its participants. Details of payment of the 2010 Bonds are more fully described in this Official Statement. The 2010 Bonds will bear interest from the date of delivery, and interest will be payable on June 1, 2011 and semiannually thereafter on December 1 and June 1. The 2010 Bonds are subject to redemption prior to maturity as more fully described herein.

The 2010 Bonds are special limited obligations of the Commonwealth payable from and secured solely by a pledge of Pledged Funds, as defined herein, all rights to receive Pledged Funds, and all Funds and Accounts, other than the Rebate Fund, held under the Trust Agreement dated as of December 1, 2010 between the Commonwealth and The Bank of New York Mellon Trust Company, N.A., as trustee. Pledged Funds are moneys received or to be received by the Commonwealth from certain Motor Fuels Tax revenues, Registry Fees and certain other moneys, all as described herein. **The 2010 Bonds are not general obligations of the Commonwealth and are not secured by the full faith and credit of the Commonwealth. The 2010 Bonds are payable only from Pledged Funds and other moneys available to the owners of the 2010 Bonds under the Trust Agreement.**

The 2010 Bonds are offered when, as and if issued and received by the Underwriters and subject to the unqualified approving opinion as to legality of Edwards Angell Palmer & Dodge LLP, Boston, Massachusetts, Bond Counsel. Certain legal matters will be passed upon for the Underwriters by their counsel, McCarter & English, LLP, Boston, Massachusetts. The 2010 Bonds are expected to be available for delivery at DTC in New York, New York, or its custodial agent, on or about December 23, 2010.

Commonwealth Transportation Fund Revenue Bonds (Accelerated Bridge Program)

2010 Series A

(Federally Taxable – Build America Bonds / Recovery Zone Economic Development Bonds – Direct Pay to Issuer)

INTRODUCTION

General

This Official Statement, including the cover page and appendices, provides information in connection with the issuance by The Commonwealth of Massachusetts (the “Commonwealth”) of its \$576,125,000 Commonwealth Transportation Fund Revenue Bonds (Accelerated Bridge Program), 2010 Series A (Federally Taxable – Build America Bonds / Recovery Zone Economic Development Bonds – Direct Pay to Issuer) (the “2010 Bonds”), pursuant to a Trust Agreement dated as of December 1, 2010 (as amended and supplemented from time to time, the “Trust Agreement”) between the Commonwealth and The Bank of New York Mellon Trust Company, N.A., as trustee (the “Trustee”).

The 2010 Bonds are authorized by and issued pursuant to (i) Section 20 of Chapter 29 of the General Laws, as amended from time to time (the “Special Obligation Act”) and (ii) Chapter 233 of the Acts of 2008 (the “Accelerated Bridge Program Act”), as it may be amended from time to time; and are issued under and pursuant to the Trust Agreement. The 2010 Bonds are special limited obligations of the Commonwealth. The principal (including sinking fund payments) of, redemption price of and interest on the 2010 Bonds are payable from and secured solely by a pledge of and lien on Pledged Funds (defined below), all rights to receive Pledged Funds, amounts, securities and any investment earnings with respect thereto in all Funds and Accounts, other than the Rebate Fund and any amounts payable to the Commonwealth pursuant to a Qualified Hedge Agreement. See *Authorization, Security and Sources of Payment for the Bonds*.

Bonds issued under the Special Obligation Act, herein referred to as “special obligation bonds,” including the 2010 Bonds, are not general obligations of the Commonwealth and are not secured by the full faith and credit of the Commonwealth. Additional bonds may be issued on a parity with the 2010 Bonds (“Additional Bonds”) under the conditions and in the manner provided in the Trust Agreement (the 2010 Bonds and any Additional Bonds are collectively referred to herein as the “Bonds”). Additional Bonds may be issued under the Accelerated Bridge Program Act to fund additional costs of the Accelerated Bridge Program or under the Special Obligation Act to fund any other transportation projects of the Commonwealth for which bonds have been heretofore or are hereafter authorized to be issued thereunder. See *Authorization, Security and Sources of Payment for the Bonds —Additional Bonds and Debt Service Coverage – Future Issuance of Bonds*.

The 2010 Bonds are the Commonwealth’s seventh issue of special obligation bonds, and the first issue of such bonds under the Trust Agreement. Certain of the prior issues of special obligation bonds are no longer outstanding. With respect to such bonds that remain outstanding, the Commonwealth issued \$294,695,000 of such bonds in 1997 (the “1997 Bonds”), \$319,130,000 of such bonds in 2002 (the “2002 Bonds”) and \$215,765,000 of such bonds in 2005 (the “2005 Bonds”) and, together with the 1997 Bonds and the 2002 Bonds, the “1994 Trust Agreement Bonds”), all pursuant to a Trust Agreement dated as of June 1, 1994, as amended and restated as of January 1, 2005, and as further amended and supplemented (the “1994 Trust Agreement”) between the Commonwealth and U.S. Bank National Association, as successor trustee (the “1994 Trustee”).

The outstanding 1997 Bonds (the “Senior 1994 Trust Agreement Bonds”) are secured by the Commonwealth’s pledge of 4.86¢ per gallon of revenues from the Commonwealth’s gasoline tax imposed by Chapter

64A of the General Laws (the “1994 Pledged Funds”). The outstanding 2002 Bonds and 2005 Bonds (collectively, the “Subordinated 1994 Trust Agreement Bonds”) are secured by the Commonwealth’s pledge of 6.86¢ per gallon of revenues from the Commonwealth’s gasoline tax imposed by Chapter 64A (the “2002 Pledged Funds” and together with the 1994 Pledged Funds, the “Prior Pledged Funds”). The 2002 Pledged Funds include the 1994 Pledged Funds, but is not in addition to this amount. The pledge securing the Subordinated 1994 Trust Agreement Bonds is subordinate to the pledge securing the Senior 1994 Trust Agreement Bonds with respect to the lien on the 1994 Pledged Funds.

The 1994 Trust Agreement Bonds are currently outstanding in the aggregate principal amount of \$413,920,000. The final maturity date for the 1994 Trust Agreement Bonds is June 1, 2023. Concurrently with the issuance of the 2010 Bonds, the Commonwealth will close the lien on the 1994 Trust Agreement, after which no additional bonds may be issued under such agreement, except for refunding bonds. The 2010 Bonds will be *subordinate* to the outstanding 1994 Trust Agreement Bonds with respect to the lien on the Prior Pledged Funds. The Prior Pledged Funds constitute only a portion of the Pledged Funds. The 2010 Bonds are not subordinate to the outstanding 1994 Trust Agreement with respect to the portion of the Pledged Funds that do not constitute Prior Pledged Funds. In the Trust Agreement, the Commonwealth has covenanted not to issue any additional bonds under the 1994 Trust Agreement, except refunding bonds with debt service requirements less than or equal to the debt service requirements on the refunded bonds in each fiscal year.

Build America Bonds/Recovery Zone Economic Development Bonds

The Commonwealth intends to elect to treat the 2010 Bonds as “Build America Bonds” or “Recovery Zone Economic Development Bonds” for purposes of the American Recovery and Reinvestment Act of 2009 (“ARRA”) and to receive subsidy payments from the United States Treasury (“Direct Payments”) in connection therewith. The Commonwealth intends to elect to treat \$156,355,000 principal amount of the 2010 Bonds maturing on June 1, 2040 as Recovery Zone Economic Development Bonds. The remainder of all 2010 Bonds will be treated as Build America Bonds. As a result of such elections, interest on the 2010 Bonds will be included in the gross income of holders thereof for federal income tax purposes, and the holders will not be entitled to any federal tax credits as to Build America Bonds or Recovery Zone Economic Development Bonds in connection with their holding of 2010 Bonds. Pursuant to ARRA, the Commonwealth will be entitled to receive Direct Payments equal to either 35% (or 45% in the case of Recovery Zone Economic Development Bonds) of the interest payable on the 2010 Bonds, provided the Commonwealth makes certain required filings in accordance with applicable federal rules pertaining to the Direct Payments. The weighted average subsidy amount is approximately 38% of the interest payable on the 2010 Bonds. Under current law, Direct Payments received by the Commonwealth will be deposited in the Commonwealth’s General Fund and accordingly will not be considered to be Pledged Funds. The Executive Office for Administration and Finance intends to seek legislative authority to provide that any Direct Payments received by the Commonwealth with respect to any Bonds issued as Build America Bonds or Recovery Zone Economic Development Bonds shall be credited upon receipt to the Commonwealth Transportation Fund. If such authority is enacted into law, such Direct Payments would be included in Pledged Funds. Federal tax law imposes certain requirements for qualification of the 2010 Bonds as Build America Bonds or Recovery Zone Economic Development Bonds, including that interest on such 2010 Bonds would be, but for the Commonwealth’s election, excludable from gross income for federal income tax purposes. Additionally, the proceeds of “Build America Bonds” or “Recovery Zone Economic Development Bonds” have limitations on their use; if the Commonwealth were to use the proceeds of the 2010 Bonds for expenditures other than capital expenditures, reasonably required reserve funds or costs of issuance, the 2010 Bonds would not be eligible for the Direct Payments. Direct Payments are treated as overpayments of tax, and accordingly, are subject to offset against certain amounts that may be owed by the Commonwealth to an agency of the United States of America. There can be no assurance that the 2010 Bonds will qualify as Build America Bonds or Recovery Zone Economic Development Bonds nor as to the receipt, or timing of receipt, of Direct Payments. The Commonwealth is obligated to make payments of the principal of and interest on the 2010 Bonds whether or not it receives Direct Payments. Direct Payments could be reduced or eliminated as a result of a change in federal law. See *Tax Matters* herein.

Summary of Pledged Funds

The Commonwealth currently levies a tax of 21¢ per gallon upon each gallon of gasoline sold or used in the Commonwealth (the “Gasoline Tax”). Under state law, a portion of such Gasoline Tax currently equal to 20.9685¢ per gallon is deposited in the Commonwealth Transportation Fund. In addition, the Commonwealth currently levies a tax

of 21¢ per gallon upon each gallon of special fuels and a tax of 19.1% of the average price per gallon of liquefied gas sold or used in the Commonwealth (together, the “Special Fuels Tax”), receipts of which are deposited in the Commonwealth Transportation Fund. The Commonwealth also levies a tax of 21¢ per gallon upon each gallon of gasoline and special fuels acquired outside and used within the Commonwealth (the “Motor Carrier Tax”), of which 100% is deposited in the Commonwealth Transportation Fund. The Gasoline Tax, the Special Fuels Tax and the Motor Carrier Tax are referred to collectively herein as the “Motor Fuels Tax.” Motor Fuels Tax receipts are available to be used for transportation-related purposes, including debt service on special obligation revenue bonds issued under the Special Obligation Act.

The Registry of Motor Vehicles, a division of the Massachusetts Department of Transportation, also imposes various fees related to the use and operation of motor vehicles and trailers. Such fees are subject to approval of the Executive Office for Administration and Finance. A portion of such fees (the “Registry Fees”) are directed to be deposited in the Commonwealth Transportation Fund and are available to be used for transportation-related purposes, including debt service on special obligation revenue bonds issued under the Special Obligation Act. See *Commonwealth Registry Fees* herein.

Upon the issuance of the 2010 Bonds, Pledged Funds will represent amounts received or to be received by the Commonwealth from: (i) all moneys received or to be received by the Commonwealth from (a) 14.1085¢ per gallon with respect to the Gasoline Tax (other than aviation fuel) by the provisions of Chapter 64A, (b) 21¢ per gallon with respect to the excise tax imposed on fuel (other than liquefied gas) by the provisions of Chapters 64E and 64F, and (c) 19.1% of the average price per gallon with respect to the excise tax imposed on liquefied gas; (ii) all Registry Fees deposited in the Commonwealth Transportation Fund pursuant to Section 34(iii) of Chapter 90 of the Massachusetts General Laws; (iii) all moneys received or to be received by the Trustee from the 1994 Trustee pursuant to the 1994 Trust Agreement; (iv) subject to the prior lien of the 1994 Trust Agreement, all of the Prior Pledged Funds; (v) to the extent permitted by law, Direct Payments received by the Commonwealth from the United States Treasury with respect to any Bonds issued as Build America Bonds or Recovery Zone Economic Development Bonds pursuant to the Trust Agreement; and (vi) to the extent permitted in the Trust Agreement, such Additional Pledged Funds as the Commonwealth may by a subsequent Supplemental Trust Agreement pledge to the Trustee as security for the bonds issued under the Trust Agreement. As noted above, under current law, any Direct Payments received by the Commonwealth with respect to the 2010 Bonds will not constitute Pledged Funds, unless and until such amounts are lawfully credited to the Commonwealth Transportation Fund.

The 2010 Bonds are being issued to finance certain bridge and related infrastructure improvement projects. See *The 2010 Bonds - Application of Proceeds*.

As more fully described herein, under the Trust Agreement, the Pledged Funds are deposited monthly in the Debt Service Fund in the amount of one-fifth (1/5) of the interest coming due on the Bonds on the next June 1 or December 1, as the case may be, and one-tenth (1/10) of the principal (including any sinking fund installment) coming due on the Bonds on the next June 1, and accumulated until sufficient moneys are on hand to meet accruing debt service and other required payments for the following six-month period. Revenues in excess of the required amounts each month may flow out to the Commonwealth for its use in accordance with the Commonwealth Transportation Fund Act (defined herein). See *Authorization, Security and Sources of Payment for the Bonds - Flow of Pledged Funds*.

Commonwealth Transportation Reform

In 2009, the Commonwealth enacted comprehensive transportation reform legislation as Chapter 25 of the Acts of 2009, as amended (the “Transportation Reform Act”) to reorganize its transportation agencies and authorities and to revise certain transportation financing statutes. The Transportation Reform Act created the Commonwealth Transportation Fund pursuant to Section 2ZZZ of Chapter 29 of the General Laws (the “Commonwealth Transportation Fund Act”). Pursuant to the Commonwealth Transportation Fund Act, receipts from the Commonwealth’s Motor Fuels Tax imposed under Chapters 64A, 64E and 64F of the General Laws are credited to the Commonwealth Transportation Fund. Prior to the enactment of the Transportation Reform Act, a portion of the receipts from the Commonwealth’s Gasoline Tax imposed under Chapter 64A equal to 10¢ per gallon had been credited to the Infrastructure Fund, a sub-fund of the Highway Fund, a portion of which constituted the Prior Pledged Funds. The Transportation Reform Act moved those Gasoline Tax receipts, including the portion that constitutes the Prior Pledged Funds, to the Commonwealth Transportation Fund from the Highway Fund, but did not affect the security for the 1994 Trust

Agreement Bonds. The Highway Fund was not repealed by the Transportation Reform Act, but is no longer an active fund of the Commonwealth.

The Transportation Reform Act also provides that a portion of Registry Fees imposed under Chapter 90 of the General Laws and other applicable law shall be deposited in the Commonwealth Transportation Fund as provided in Section 34(iii) of Chapter 90.

The Transportation Reform Act amended the Special Obligation Act to provide that the Commonwealth could pledge or assign all or any part of monies credited to the Commonwealth Transportation Fund to the payment of special obligation bonds. The effect of these statutory changes was to increase the sources and total amount of revenue available to be pledged to the Commonwealth's special obligation bonds. The amendment to the Special Obligation Act enacted as part of the Transportation Reform Act expressly provided that a legislative authorization of special obligation bonds in effect as of July 1, 2009, such as the Accelerated Bridge Program Act, constitutes valid authorization to borrow under the provisions of the Special Obligation Act, as amended.

Chapter 35 of the Acts of 2009 provides that in addition to the Motor Fuels Tax receipts and Registry Fees described above, a portion of the Commonwealth's receipts from retail sales and use taxes imposed by the provisions of Chapters 64H and 64I of the General Laws, respectively ("Sales and Use Tax") equal to 0.385% thereof not including any portion of the taxes that constitute special receipts dedicated to the Convention and Exhibition Center Fund pursuant to Chapter 152 of the Acts of 1997, as amended, shall be credited to the Commonwealth Transportation Fund. No portion of the receipts from the Sales and Use Tax deposited in the Commonwealth Transportation Fund currently constitutes Pledged Funds under the Trust Agreement.

The Transportation Reform Act also created a new entity, the Massachusetts Department of Transportation ("MassDOT") to own, manage and coordinate the Commonwealth's transportation systems, including the Divisions of Highways (formerly the Massachusetts Highway Department and Massachusetts Turnpike Authority), Rail and Transit (bus, subway and commuter rail services), the Registry of Motor Vehicles and Aeronautics. See *Commonwealth Transportation System*.

Accelerated Bridge Program

Pursuant to the Accelerated Bridge Program Act, the Commonwealth commenced a program to finance the accelerated capital improvement of bridges and related infrastructure (the "Accelerated Bridge Program"). The Accelerated Bridge Program Act authorized the issuance of up to \$1.876 billion in special obligation bonds of the Commonwealth secured by revenues in the Commonwealth Transportation Fund to finance design, construction, reconstruction and repair of or improvements to bridges and approaches. The Accelerated Bridge Program Act also authorized the issuance of up to \$1.108 billion of federal highway grant anticipation notes, which are secured by reimbursements received or to be received by the Commonwealth, acting through MassDOT, from the federal government pursuant to the federal-aid highway program and any other monies from time to time deposited in the Federal Highway Grant Anticipation Trust Fund of the Commonwealth for such purposes.

Under the Accelerated Bridge Program Act, the Commonwealth may issue any portion of the federal highway grant anticipation notes authorized therein as special obligation bonds and may issue any portion of the special obligation bonds authorized therein as federal highway grant anticipation notes, provided that the aggregate amount of such special obligation bonds and federal highway grant anticipation notes shall not exceed \$2.984 billion, and provided that the Governor and State Treasurer determine that issuing such special obligation bonds and federal highway grant anticipation notes in such manner is necessary or is in the best financial interests of the Commonwealth, based on their consideration of: (i) the Commonwealth's authority under federal law to issue federal highway grant anticipation notes; (ii) generally prevailing financial market conditions; (iii) the impact of each financing approach on the overall capital financing plans and needs of the Commonwealth; (iv) any ratings assigned to outstanding bonds of the Commonwealth and any ratings expected to be assigned by any nationally-recognized credit rating agency to the special obligation bonds or federal highway grant anticipation notes proposed to be issued; and (v) any applicable provisions of Chapter 29 of the General Laws.

As part of the Accelerated Bridge Program, concurrently with the delivery of the 2010 Bonds, the Commonwealth expects to issue its Federal Highway Grant Anticipation Notes (Accelerated Bridge Program), 2010

Series A (the “2010A New Money GANs”) pursuant to a Trust Agreement dated as of December 1, 2010, as supplemented and amended by a First Supplemental Trust Agreement of even date therewith (together, the “2010 GAN Trust Agreement”) between the Commonwealth and Deutsche Bank Trust Company Americas, as Trustee (the “2010 GAN Trustee”) and pursuant to the Accelerated Bridge Program Act. The 2010A New Money GANs will be issued to finance a portion of the costs of the Accelerated Bridge Program. The 2010A New Money GANs and the 2010A Refunding GANs described below are being offered by the Commonwealth pursuant to separate offering documents.

Additional Bonds and federal highway grant anticipation notes are currently expected to be issued by the Commonwealth through fiscal year 2016 to finance the costs of the Accelerated Bridge Program. Additional Bonds may also be issued to fund other transportation projects to the extent authorized under the Special Obligation Act.

The above summary is intended only as a general introduction to the 2010 Bonds. For a more detailed description of the 2010 Bonds, the specific pledge and other provisions of the Trust Agreement under which the 2010 Bonds are being issued, as well as historical information and projections concerning funds pledged to the payment of the 2010 Bonds, the reader should examine the entirety of this Official Statement.

Federal Highway Grant Anticipation Notes

Under certain circumstances described below, amounts from the Commonwealth Transportation Fund may be made available for payment of debt service on federal highway grant anticipation notes. However, any such use is subordinate to the payment of the Bonds. See *Authorization, Security and Sources of Payment for the Bonds –Flow of Pledged Funds –Flow of Funds*.

Prior GAN Trust Agreement. In conjunction with the delivery of the 2010 Bonds and the 2010A New Money GANs, the Commonwealth also expects to issue its Special Obligation Refunding Notes (Senior Federal Highway Grant Anticipation Note Program), 2010 Series A (the “2010A Refunding GANs”) under an Amended and Restated Trust Agreement dated as of December 1, 2010, by and between the Commonwealth and U.S. Bank National Association, as successor trustee (the “Prior GAN Trustee”), as supplemented and amended from time to time (the “Prior GAN Trust Agreement”). All notes outstanding under the Prior GAN Trust Agreement are referred to as “Prior GANs.” Following the delivery of the 2010A Refunding GANs, the Commonwealth will have approximately \$720 million Prior GANs outstanding.

The Prior GANs are secured by federal highway reimbursements received by the Commonwealth of Massachusetts. In addition, pursuant to the Prior GAN Trust Agreement and under a limited circumstance involving the elimination or substantial reduction of national funding for the federal-aid highway program, the Commonwealth covenanted to dedicate a portion of Gasoline Tax receipts equal to 10¢ per gallon of revenues to the payment of debt service on the Prior GANs (the “Contingent Pledge”). Upon the issuance of the 2010A Refunding GANs, the Commonwealth will amend the Prior GAN Trust Agreement to make the Contingent Pledge subordinate to the payment of any Bonds issued under the Special Obligation Act, including the 2010 Bonds, from Pledged Funds.

Upon the issuance of the 2010A Refunding GANs, the Prior GAN Trust Agreement will be closed, and no additional federal highway grant anticipation notes will be permitted to be issued thereunder. The final maturity date of the Prior GANs and 2010A Refunding GANs is and will be June 15, 2015.

2010 GAN Trust Agreement. The 2010 GAN Trust Agreement provides the Commonwealth may incur particular obligations, including without limitation, the 2010A New Money GANs. Obligations under the 2010 GAN Trust Agreement are payable from and secured by a pledge of federal highway reimbursements (which pledge is subordinate to the pledge of federal highway reimbursements for the benefit of the Prior GANs, so long as the Prior GANs remain outstanding) and a lien on all funds and accounts created under the 2010 GAN Trust Agreement. Further, bonds issued under the 2010 GAN Trust Agreement have a *subordinate* lien on Pledged Funds, following payment of obligations under the Trust Agreement (i.e., “Net CTF Pledged Funds” as defined in the 2010 GAN Trust Agreement). Payment of the 2010 Bonds and any Additional Bonds is senior to payment of any obligations under the 2010 GAN Trust Agreement.

Purpose and Content of Official Statement

This Official Statement describes the terms and use of proceeds of, and security for, the 2010 Bonds. This introduction is subject in all respects to the additional information contained in this Official Statement, including Appendices A through D. All descriptions of documents contained herein are only summaries and are qualified in their entirety by reference to each such document. All capitalized terms not otherwise defined herein shall have the meanings set forth in *Appendix B - Summary of Certain Provisions of the Trust Agreement*. *Appendix A* is a summary of certain provisions of the Commonwealth Transportation Fund Act and the Special Obligation Act, respectively. *Appendix B* is a summary of certain provisions of the Trust Agreement. *Appendix C* contains the proposed form of legal opinion of bond counsel with respect to the 2010 Bonds. *Appendix D* contains the proposed form of the Commonwealth's continuing disclosure undertaking to be included in the form of the 2010 Bonds to facilitate compliance by the Underwriters with the requirements of paragraph (b)(5) of Rule 15c2-12 of the Securities and Exchange Commission. See *Continuing Disclosure* and *Availability of Other Information*.

The 2010A Refunding GANs and the 2010A New Money GANs are being offered by the Commonwealth pursuant to separate official statements of the Commonwealth dated December 14, 2010. Except to the extent expressly stated herein, the information contained in such official statements is not incorporated in this Official Statement.

THE 2010 BONDS

General

The 2010 Bonds will be dated the date of delivery thereof and will initially bear interest from such date payable semiannually on June 1 and December 1 of each year, commencing June 1, 2011 (each an "Interest Payment Date"), until the principal amount is paid. The 2010 Bonds shall mature on June 1 in the years and principal amounts and bear interest at the rates per annum set forth on the inside cover page of this Official Statement. The Trustee will be the trustee and paying agent for the 2010 Bonds.

Book-Entry Only System. The 2010 Bonds will be issued by means of a book-entry only system, with one bond certificate for each maturity immobilized at The Depository Trust Company, New York, New York ("DTC"). The certificates will not be available for distribution to the public and will evidence ownership of the 2010 Bonds in principal amounts of \$5,000, or integral multiples thereof. Transfers of ownership will be effected on the records of DTC and its Participants (as defined herein) pursuant to rules and procedures established by DTC and its Participants. Interest, principal and premium, if any, due on the 2010 Bonds will be paid in clearinghouse funds to DTC or its nominee as registered owner of the 2010 Bonds. The record date for payments on account of the 2010 Bonds will be the business day next preceding an Interest Payment Date. As long as the book-entry only system remains in effect, DTC or its nominee will be recognized as the owner of the 2010 Bonds for all purposes, including notices and voting. Neither the Commonwealth nor the Trustee will be responsible or liable for maintaining, supervising or reviewing the records maintained by DTC, its Participants or persons acting through such Participants. See *Book-Entry Only System*.

Redemption

Optional Redemption of the 2010 Bonds with Make-Whole Payment. The 2010 Bonds are subject to redemption prior to maturity at the option of the Commonwealth, in whole or in part (on a pro-rata basis as described below), at any time, at the "Make-Whole Redemption Price" (as defined herein). The "Make-Whole Redemption Price" is the greater of:

- (i) 100% of the principal amount of the 2010 Bonds to be redeemed; or
- (ii) the sum of the present value of the remaining scheduled payments of principal and interest to the maturity date of the 2010 Bonds to be redeemed, not including any portion of those payments of interest accrued and unpaid as of the date on which the 2010 Bonds are to be redeemed, discounted to the date on which the 2010 Bonds are to be redeemed on a semi-annual basis, assuming a 360-day year consisting of twelve 30-day months, at the Treasury Rate (defined herein) plus 25 basis points,

plus, in each case, accrued and unpaid interest on the 2010 Bonds being redeemed to the date fixed for redemption.

The “Treasury Rate” is, as of any redemption date, the yield to maturity as of such redemption date of United States Treasury securities with a constant maturity (as compiled and published in the most recent Federal Reserve Statistical Release H.15 (519) that has become publicly available at least five Business Days prior to the redemption date (excluding inflation indexed securities) (or, if such Statistical Release is no longer published, any publicly available source of similar market data)) most nearly equal to the period from the redemption date to the maturity date of the 2010 Bonds to be redeemed; provided, however, that if the period from the redemption date to such maturity date is less than one year, the weekly average yield on actually traded United States Treasury securities adjusted to a constant maturity of one year will be used.

The redemption price of the 2010 Bonds to be redeemed pursuant to the make whole redemption provision described above will be determined by an independent accounting firm, investment banking firm or financial advisor retained by the Commonwealth at the Commonwealth’s expense to calculate such redemption price.

Extraordinary Optional Redemption of 2010 Bonds. The 2010 Bonds are subject to redemption prior to maturity at the option of the Commonwealth, in whole or in part, (on a pro-rata basis as described below), at any time, (i) in the event Sections 54AA or 6431 of the Internal Revenue Code of 1986 (the “Code”) (as such sections were added by Section 1531 of ARRA, pertaining to Build America Bonds) are amended to reduce or eliminate the Direct Payments payable with respect to the 2010 Bonds or there is any guidance published by the Internal Revenue Service or the Department of the Treasury with respect to such sections or any other determination by the Internal Revenue Service or the Department of the Treasury pursuant to which the Direct Payments are reduced or eliminated or (ii) if in the opinion of Bond Counsel, or based on a written determination of the Internal Revenue Service, such 2010 Bonds fail, or would fail absent the taking of remedial action, to comply with the requirements of Sections 54AA or 6431 of the Code, at a redemption price equal to the greater of:

(i) 100% of the principal amount of the 2010 Bonds to be redeemed; or

(ii) the sum of the present value of the remaining scheduled payments of principal and interest to the maturity date of the 2010 Bonds to be redeemed, not including any portion of those payments of interest accrued and unpaid as of the date on which the 2010 Bonds are to be redeemed, discounted to the date on which the 2010 Bonds are to be redeemed on a semi-annual basis, assuming a 360-day year consisting of twelve 30-day months, at the Treasury Rate plus 100 basis points,

plus, in each case, accrued and unpaid interest on the 2010 Bonds being redeemed to the date fixed for redemption.

The redemption price of the 2010 Bonds to be redeemed pursuant to the extraordinary optional redemption provision described above will be determined by an independent accounting firm, investment banking firm or financial advisor retained by the Commonwealth at the Commonwealth’s expense to calculate such redemption price.

Mandatory Sinking Fund Redemption.

The 2010 Bonds maturing on June 1, 2030 are also subject to mandatory sinking fund redemption (on a pro rata basis as described below), on the dates and in the amounts set forth below, at a redemption price equal to the principal amount of the 2010 Bonds or portion thereof redeemed, plus accrued interest to the redemption date:

<u>June 1</u>	<u>Amount</u>	<u>June 1</u>	<u>Amount</u>
2026	\$23,550,000	2029	\$27,710,000
2027	24,860,000	2030 [†]	29,250,000
2028	26,245,000		

[†] Stated maturity.

The 2010 Bonds maturing on June 1, 2040 are also subject to mandatory sinking fund redemption (on a pro rata basis as described below), on the dates and in the amounts set forth below, at a redemption price equal to the principal amount of the 2010 Bonds or portion thereof redeemed, plus accrued interest to the redemption date:

<u>June 1</u>	<u>Amount</u>	<u>June 1</u>	<u>Amount</u>
2031	\$30,880,000	2036	\$40,685,000
2032	32,635,000	2037*	42,995,000
2033	34,485,000	2038*	45,430,000
2034	36,440,000	2039*	48,005,000
2035	38,505,000	2040 ^{†*}	50,730,000

[†] Stated maturity.

* The sinking fund installments due on June 1 in each of the years 2038, 2039 and 2040, and a portion of the sinking fund installment due on June 1, 2037 in the amount of \$12,190,000, are being treated as Recovery Zone Economic Development Bonds.

In the event that any 2010 Bonds shall be redeemed at the option of the Commonwealth, an amount equal to the principal amount of the 2010 Bonds so redeemed shall be credited on a pro rata basis, as nearly as practicable, toward all remaining sinking fund installments.

Notice of Redemption of 2010 Bonds. The Commonwealth shall provide the Trustee with written notice of its election to redeem 2010 Bonds and the Trustee shall give notice of redemption to the owners of the applicable 2010 Bonds not less than 30 days prior to the date fixed for redemption. So long as the book-entry-only system remains in effect for such 2010 Bonds, notices of redemption will be sent by the Trustee only to DTC or its nominee. Any failure on the part of DTC, any DTC participant or any nominee of a beneficial owner of any such 2010 Bond (having received notice from a DTC participant or otherwise) to notify the beneficial owner so affected, shall not affect the validity of the redemption. A notice of redemption may state (i) that it is conditioned upon the deposit of moneys in an amount equal to the amount necessary to effect the redemption not later than the redemption date, or (ii) that the Commonwealth may rescind such notice at any time prior to the scheduled redemption date if the Commonwealth delivers a notice thereof to the Bondholders. The redemption notice shall be of no effect if such moneys are not so deposited or if the notice is rescinded, and the failure of the Commonwealth to make funds available in whole or in part on or before the redemption date shall not then constitute a default under the Trust Agreement.

On the specified redemption date, all 2010 Bonds called for redemption shall cease to bear interest, provided the Commonwealth has monies on hand to pay such redemption in full.

Pro Rata Redemption of the 2010 Bonds. If the 2010 Bonds are registered in book-entry-only form and so long as DTC or a successor securities depository is the sole registered owner of the 2010 Bonds, partial redemptions with respect to the 2010 Bonds will be treated by DTC as a “pro rata pass-through distribution of principal” in accordance with DTC procedures. It is the Commonwealth’s intent that redemption allocations made by DTC, the DTC Participants or such other intermediaries that may exist between the Commonwealth and the beneficial owners be made on a pro rata pass through distribution of principal basis. However, the Commonwealth can provide no assurance that DTC, the DTC Participants or any other intermediaries will allocate redemptions among beneficial owners on such a proportional basis. If the DTC operational arrangements do not allow for the redemption of 2010 Bonds on a pro rata pass-through distribution of principal basis then the 2010 Bonds will be selected for redemption, in accordance with DTC procedure, by lot.

If the 2010 Bonds are not registered in book-entry-only form, any redemption of less than all of the 2010 Bonds of any maturity will be allocated among the registered owners of such 2010 Bonds as nearly as practicable in proportion to the principal amounts of the 2010 Bonds of such maturity owned by each registered owner, subject to the authorized denominations applicable to the 2010 Bonds. This will be calculated based on the formula: (principal amount of applicable maturity to be redeemed) x (principal amount of applicable maturity owned by owner) / (principal amount of applicable maturity outstanding). The particular 2010 Bonds to be redeemed will be determined by the Commonwealth, using such method as it deems fair and appropriate.

Application of Proceeds

\$573,137,768.21 of the net proceeds of the sale of the 2010 Bonds will be applied by the State Treasurer to bridge improvement-related capital expenditures of the Commonwealth for which the 2010 Bonds were authorized by the Legislature, or to the reimbursement of the Commonwealth for such expenditures.

SOURCES AND USES OF FUNDS

The estimated sources and uses of funds in connection with the issuance of the 2010 Bonds are as follows:

Sources of Funds	
Principal of the 2010 Bonds	<u>\$576,125,000.00</u>
Total:	\$576,125,000.00
Uses of Funds	
Project Costs	\$573,137,768.21
Underwriters' Discount	<u>2,987,231.79</u>
Total:	\$576,125,000.00

DEBT SERVICE REQUIREMENTS ON THE 2010 BONDS

The following table sets forth the annual debt service payable on a fiscal year basis. The interest amounts shown represent the total interest payable and do not reflect the expected receipt of Direct Payments. Because a portion of the 2010 Bonds are treated as Recovery Zone Economic Development Bonds and will receive a 45% subsidy amount rather than the otherwise applicable 35% subsidy amount, the weighted average subsidy amount for all of the 2010 Bonds is approximately 38%. The column labeled "Net Debt Service" represents the net debt service to be paid assuming receipt of the Direct Payments when due.

DEBT SERVICE COVERAGE

The table on the following page shows the ratios of historical collections of Pledged Funds to annual net debt service for the 2010 Bonds. Under the Trust Agreement, the Commonwealth is not obligated to maintain any debt service coverage ratio. In order to issue Additional Bonds, however, the Commonwealth will be required to comply with certain debt service coverage tests. See *Authorization, Security and Sources of Payment for the Bonds - Additional Bonds*. While not shown in the table, assuming the issuance of approximately \$1.876 billion of Senior CTF Obligations and based on certain other assumptions that are subject to change, including the assumptions for Pledged Funds specified in the following table, debt service coverage on the CTF Bonds is estimated to be no less than 8.2x. All projections and estimates are subject to change. The actual debt service coverage will likely vary from the amounts shown as actual circumstances in the future will likely vary from the assumptions used for this Official Statement.

Further, as noted above, 6.86¢ of the Commonwealth's 21¢ gasoline tax receipts are subject to a prior pledge of such receipts to secure and pay the outstanding 1994 Trust Agreement Bonds. Following the issuance of the 2010 Bonds, up to 2.14¢ of the Commonwealth's 21¢ gasoline tax receipts (based on the Commonwealth's gasoline tax receipts in Fiscal Year 2010 and assuming no growth in such receipts in future years) will be used annually to pay the outstanding 1994 Trust Agreement Bonds, which mature on June 1, 2023.

Future Issuance of Bonds. In addition to the 2010 Bonds, the Commonwealth currently expects to issue approximately \$1.3 billion of Additional Bonds by the end of fiscal year 2016 to finance costs of the Accelerated Bridge Program. The balance of the current authorized costs of the Accelerated Bridge Program is expected to be financed with the proceeds of additional federal grant anticipation notes to be issued under the 2010 GAN Trust Agreement through fiscal year 2016 in the approximate amount of \$1 billion. The actual amount and timing of the issuance of Additional Bonds and additional notes under the 2010 GAN Trust Agreement is subject to change. In addition, the Commonwealth, to the extent authorized under other bond authorizations heretofore or hereafter enacted and subject to the Special Obligation Act, may issue Additional Bonds for other transportation purposes in addition to the Accelerated Bridge Program. Any such issuance is subject to compliance with the debt service coverage tests described herein.

AUTHORIZATION, SECURITY AND SOURCES OF PAYMENT FOR THE BONDS

Authorization

The 2010 Bonds are authorized by and issued pursuant to the Special Obligation Act and the Accelerated Bridge Program Act. The 2010 Bonds are issued under and pursuant to the Trust Agreement. See *Appendix A - Summary of Certain Provisions of the Special Obligation Act and the Commonwealth Transportation Fund Act* for a more complete description of the Special Obligation Act and the Commonwealth Transportation Fund Act. See *Appendix B - Summary of Certain Provisions of the Trust Agreement* for a more complete description of the Trust Agreement.

The 2010 Bonds are special limited obligations of the Commonwealth payable solely from the sources identified herein. Under the provisions of the Special Obligation Act, the Commonwealth is authorized to issue special obligation bonds secured by all or any portion of the Commonwealth Transportation Fund. Under the provisions of the Accelerated Bridge Program Act, the Commonwealth is authorized to issue such special obligation bonds for the payment of the costs of bridge improvement-related capital expenditures.

Overview of Security Provisions

Debt service on the 2010 Bonds is payable from and secured solely by a pledge of and lien on Pledged Funds (defined below), all rights to receive Pledged Funds and all moneys, securities, credit enhancement and any investment earnings with respect thereto in all funds and accounts held under the Trust Agreement, other than the Rebate Fund.

“Pledged Funds” represent amounts received or to be received by the Commonwealth from the following sources:

- all moneys received or to be received by the Commonwealth from the portion of the Motor Fuels Tax equal to: (i) 14.1085¢ per gallon (other than aviation fuel) by the provisions of Chapter 64A; (ii) 21¢ per gallon with respect to the excise tax imposed on fuel (other than liquefied gas) by the provisions of Chapters 64E and 64F; and (iii) 19.1% of the average price per gallon with respect to the excise tax imposed on liquefied gas;
- all Registry Fees (as defined in the Trust Agreement);
- all moneys received or to be received by the Trustee from the 1994 Trustee pursuant to the 1994 Trust Agreement;
- subject to the prior lien of the 1994 Trust Agreement, the Prior Pledged Funds, which are equal to all moneys received or to be received by the Commonwealth from the portion of the Motor Fuels Tax equal to 6.86¢ per gallon (other than aviation fuel) imposed by the provisions of Chapter 64(A);
- to the extent permitted by law, Direct Payments received by the Commonwealth from the United States Treasury with respect to any Bonds issued as Build America Bonds and Recovery Zone Economic Development Bonds pursuant to the Trust Agreement; (*under current law, any such Direct Payments would not constitute Pledged Funds. See Introduction – Build America Business/Recovery Zone Economic Development Bonds*); and
- such Additional Pledged Funds, as defined herein, that the Commonwealth may subsequently determine to include within the definition of Pledged Funds in order to satisfy the debt service coverage tests imposed under the Trust Agreement to issue Additional Bonds.

As described above, the pledge of and lien on Pledged Funds to pay debt service on the Bonds, to the extent it is comprised of receipts from the Gasoline Tax, is subordinated to the pledge of and lien on the Prior Pledged Funds to pay debt service on the 1994 Trust Agreement Bonds. See *Source of Pledged Funds and Additional Bonds*. Concurrently with the issuance of the 2010 Bonds, the Commonwealth will close the lien on the 1994 Trust

Agreement, after which no additional bonds may be issued under such agreement, except for refunding bonds. For a discussion of Motor Fuels Tax, see *Commonwealth Motor Fuels Tax*. For a discussion of the Registry Fees, see *Commonwealth Registry Fees*. For a discussion of the 1994 Trust Agreement, see *1994 Trust Agreement*.

As provided in the Special Obligation Act, all Pledged Funds shall be immediately subject to the lien of the pledge granted in the Trust Agreement, without any physical delivery or further act, and such lien shall be valid and binding as against all parties having claims of any kind in tort, contract or otherwise against the Commonwealth irrespective of whether such parties have notice of such pledge. Such pledge shall be perfected by filing the Trust Agreement in the records of the State Treasurer and no filing need be made under the Massachusetts Uniform Commercial Code.

Special Obligations

The 2010 Bonds are special limited obligations of the Commonwealth and are payable solely from the sources specified in the Trust Agreement. The 2010 Bonds are not general obligations of the Commonwealth and are not secured by the full faith and credit of the Commonwealth. The 2010 Bonds are not payable out of any funds of the Commonwealth other than the Pledged Funds and moneys otherwise available for the benefit of the owners of the 2010 Bonds pursuant to the Trust Agreement.

Payments of debt service on the 2010 Bonds are to be made from Pledged Funds held by the Trustee in the Revenue Account, created by the Treasurer under the Trust Agreement as a sub-account of the Commonwealth Transportation Fund. The Commonwealth has covenanted in the Trust Agreement that, so long as any Bonds are Outstanding and unless an appropriation has been made by the Legislature which is sufficient to pay debt service on the Bonds, the Pledged Funds shall not be applied to any other use. See *Flow of Pledged Funds – Flow of Funds*.

The Legislature has previously amended and may in the future amend the Special Obligation Act, the Commonwealth Transportation Fund Act and other statutes that govern Pledged Funds, including the Motor Fuels Tax and Registry Fees. Any future amendments of the Special Obligation Act, the Commonwealth Transportation Fund Act and other statutes that govern Pledged Funds are subject to the covenant of the Commonwealth that it shall not take any action that would impair the rights and remedies of the owners of the Bonds. See *Covenants of the Commonwealth*. The Trust Agreement does not require the Commonwealth to increase the amounts of the Motor Fuels Tax or Registry Fees pledged as Pledged Funds. Under the Trust Agreement, the Commonwealth may change the rates of the Motor Fuels Tax or Registry Fees, in any respect, including lowering such rates, provided that prior to the effective date of any such change, the Treasurer shall deliver a certificate to the Trustee demonstrating the amount of Pledged Funds received by the Treasurer during any twelve (12) consecutive months of the eighteen (18) month period ending with the last full month immediately preceding the effective date of any such change, as adjusted, as set forth in such certificate, to reflect the proposed change in rates, to be at least equal to four hundred percent (400%) of the maximum aggregate Adjusted Bond Debt Service Requirement due in the then current or any future fiscal year on the Bonds Outstanding (other than Subordinated Bonds, if any).

The Commonwealth has waived its sovereign immunity and consented to be sued on contractual obligations, including the 2010 Bonds and all claims with respect thereto. Although the property of the Commonwealth is generally not subject to attachment or levy to pay a judgment, and the satisfaction of any judgment generally requires legislative appropriation, in accordance with the Special Obligation Act, the Commonwealth has granted a lien on Pledged Funds for the benefit of the owners of the Bonds. Enforcement of a claim for payment of debt service may also be subject to the provisions of federal or Commonwealth statutes, if any, hereafter enacted extending the time for payment or imposing other constraints upon enforcement, insofar as the same may be constitutionally applied. The United States Bankruptcy Code is not applicable to states. Under Massachusetts law, the Bonds have all of the qualities and incidents of negotiable instruments under the Uniform Commercial Code.

Source of Pledged Funds

Pledged Funds represent amounts credited to the Commonwealth Transportation Fund, the primary sources of which are the Motor Fuels Tax and Registry Fees. These sources are described in greater detail below.

Motor Fuels Tax. The Commonwealth's Motor Fuels Tax revenues are derived from the excise imposed on fuel (other than aviation fuel) by the provisions of Chapters 64A, 64E, and 64F of the Massachusetts General Laws. Chapter 64A currently imposes a Gasoline Tax of 21¢ per gallon on gasoline sold in the Commonwealth by distributors and unclassified exporters, of which 99.85% or 20.9685¢ per gallon is credited to the Commonwealth Transportation Fund (and 6.86¢ per gallon is subject to the prior pledge for the benefit of the 1994 Trust Agreement Bonds see *1994 Trust Agreement* below). Fuel subject to the provisions of Chapter 64A consisting of cellulosic biofuel or a blend of gasoline and cellulosic biofuel is taxable in proportion to the percentage of the fuel content consisting of gasoline, as determined by the Commonwealth's Department of Energy Resources. Aviation fuel subject to the provisions of Chapter 64A is credited to the Commonwealth Transportation Fund and may be used only for airport development projects approved and carried out at airports and landing facilities, and revenue from the tax thereon is not included in Pledged Funds.

Revenues from the Gasoline Tax imposed by Chapter 64A collected by the Commonwealth representing the Prior Pledged Funds (i.e. 6.86¢ of the current 21¢ Gasoline Tax) constitute a portion of the Pledged Funds under the Trust Agreement but the lien thereon is subordinate to the prior lien of the 1994 Trust Agreement. The portion of the Prior Pledged Funds in excess of the amounts necessary to pay debt service on the 1994 Trust Agreement Bonds and to satisfy any other requirements under the 1994 Trust Agreement will be available to pay debt service on the Bonds and to satisfy other requirements under the Trust Agreement. In addition, immediately upon the discharge and release of the lien of the 1994 Trust Agreement, all Prior Pledged Funds will be available to pay debt service on the Bonds.

Chapter 64E imposes a Special Fuels Tax on all combustible gases and liquids used or sold for use in an internal combustion engine, other than those fuels which are subject to the provisions of Chapter 64A, including diesel fuel and liquefied gases, such as propane gas. Special fuels are currently taxed at a rate per gallon 21¢ per gallon, except for liquefied gas, which is taxed at a rate of 19.1% of the average price per gallon. All of the Commonwealth's revenues from the Special Fuels Tax imposed under Chapter 64E are credited to the Commonwealth Transportation Fund.

Chapter 64F currently imposes Motor Carrier Tax on anyone who regularly operates motor vehicles on the highways of the Commonwealth which are propelled by gasoline or special fuels acquired outside the Commonwealth equal to the rate imposed by Chapter 64A, or 21¢ per gallon, of which 100% is credited to the Commonwealth Transportation Fund. See *Commonwealth Motor Fuels Tax*.

Registry Fees. Pursuant to Section 34(iii) of Chapter 90 of the General Laws, the Commonwealth Transportation Fund is credited with a portion of the Registry Fees received by the Registrar of Motor Vehicles. For a discussion of the Registry Fees, see *Commonwealth Registry Fees*.

Direct Payments. Under current law, any Direct Payments received by the Commonwealth in connection with Bonds issued as Build America Bonds or Recovery Zone Economic Development Bonds, including the 2010 Bonds, will be credited to the Commonwealth's General Fund and will not constitute Pledged Funds under the Trust Agreement. The Executive Office for Administration and Finance intends to seek legislative authority to provide that any Direct Payments received by the Commonwealth with respect to any Bonds issued as Build America Bonds or Recovery Zone Economic Development Bonds shall be credited upon receipt to the Commonwealth Transportation Fund. If such authority is enacted into law, such Direct Payments would thereafter constitute Pledged Funds under the Trust Agreement. See *Introduction – Build America Bonds / Recovery Zone Economic Development Bonds*.

Additional Pledged Funds. In order to issue Additional Bonds, the Commonwealth must comply with certain conditions contained in the Trust Agreement, including certain debt service coverage tests. See *Additional Bonds*. The Commonwealth may pledge certain additional revenues as security for the Bonds ("Additional Pledged Funds") in order to comply with the conditions to issuing Additional Bonds. Under the Trust Agreement, Additional Pledged Funds may only include revenues required to be expended for transportation purposes by Article 78 of the Articles of Amendment to the Massachusetts Constitution, as amended ("Article 78 Revenues") or any Federal Highway Reimbursements (as defined in the Trust Agreement). Article 78 Revenues are revenues derived from the registration, operation or use of vehicles on public highways, including Registry Fees, or from fuels used for propelling such vehicles, including the Motor Fuels Tax. See *Financing the Commonwealth Transportation System - Legal Framework For Financing the Transportation System; Constitutional Limitations*. Although all Article 78 Revenues are not currently credited to the Commonwealth Transportation Fund, the Trust Agreement provides that, to the extent

subsequently permitted by law, the Commonwealth may pledge all or any portion of Article 78 Revenues or any Federal Highway Reimbursements as Additional Pledged Funds.

In the event the Commonwealth pledges Additional Pledged Funds composed of either (a) revenues from sources other than the Motor Fuels Tax or Registry Fees or (b) revenues which have not been collected for 12 consecutive months out of the prior 18 months preceding the issuance of the Additional Bonds, the Trust Agreement requires that the Commonwealth obtain assurances from each rating agency then maintaining a rating on the outstanding Bonds that such pledge will not adversely affect the ratings on the outstanding Bonds (without regard to credit enhancement). See *Additional Bonds*. The Commonwealth is under no obligation to pledge Additional Pledged Funds, and any such pledge will be made for the benefit of the owners of all outstanding Bonds.

Funds and Accounts

In order to administer the deposit of Pledged Funds related to the Bonds, the funds and accounts described below are established and held under the Trust Agreement.

- (a) The Trustee shall establish and hold the following funds:
 - Debt Service Fund;
 - Redemption Fund;
 - Bond Related Costs Fund; and
 - Rebate Fund (not subject to pledge of the Trust Agreement).
- (b) The Treasurer has established the Revenue Account maintained as part of the Commonwealth Transportation Fund, which is to be held by the Treasurer. The Treasurer has also established the following subaccounts within the Revenue Account:
 - Motor Fuels Tax Subaccount; and
 - Non-Motor Fuels Tax Subaccount.

All Pledged Funds constituting Motor Fuels Tax receipts shall be deposited in the Motor Fuels Tax Subaccount. All other Pledged Funds shall be deposited in the Non-Motor Fuels Tax Subaccount.

Collectively, the above-referenced funds and accounts are sometimes hereinafter referred to as the “Funds and Accounts.” The Trust Agreement requires that moneys deposited in the Funds and Accounts be accounted for separately from all other moneys received by the Trustee and shall be held by the Trustee in trust for the owners of the Bonds. The moneys on deposit in the Funds and Accounts may be invested in Permitted Investments as provided for in the Trust Agreement. See *Appendix B - Summary of Certain Provisions of the Trust Agreement* under the headings *Definitions - Permitted Investments and Investments*. On or prior to the delivery of any Subordinated Bonds under the Trust Agreement, the Trustee shall establish the Subordinated Debt Service Fund for such Subordinated Bonds, to be held by the Trustee, and subject to the pledge of the Trust Agreement.

Under the Trust Agreement, the Commonwealth has pledged all of the moneys, securities, credit enhancement, if any, and any investment earnings with respect thereto in all Funds and Accounts, other than the Rebate Fund, to the Trustee for the benefit of the owners of the Bonds. However, because the Revenue Account is a sub-account of the Commonwealth Transportation Fund, moneys on deposit therein may not be expended without appropriation by the Legislature. The Trust Agreement provides that amounts in the Revenue Account may only be transferred to the foregoing Funds to the extent appropriations with respect to expenditures from such Funds have been made. The Trust Agreement further provides that no amounts may be transferred from the Revenue Account to the Commonwealth free and clear of the lien of the Trust Agreement, to be applied to any lawful purpose unless a sufficient appropriation for debt service for the then current Fiscal Year has been made and the required monthly deposits to the Funds and Accounts have been made or are otherwise provided for. See — *Flow of Pledged Funds and Appendix B - Summary of Certain Provisions of the Trust Agreement - Flow of Funds*. Since the first issuance of special obligation bonds in 1992, the Legislature has never failed to make the required appropriations.

Flow of Pledged Funds

The Pledged Funds must be accounted for and deposited in accordance with the terms of the Commonwealth Transportation Fund Act and the Trust Agreement. Set forth below is a description of the flow of the Pledged Funds under the Commonwealth Transportation Fund Act and the Trust Agreement. For a complete description of the flow of Pledged Funds, see *Appendix B - Summary of Certain Provisions of the Trust Agreement*.

Commonwealth Transportation Fund. The Trust Agreement provides that the Commissioner of Revenue and an Authorized Officer of MassDOT shall deliver to the Trustee within eight (8) business days after the end of each month a certificate stating the amount of Pledged Funds collected by the Commonwealth during such month and, so long as any 1994 Trust Agreement Bonds or Prior GANs remain outstanding, indicating the amount of Motor Fuels Tax receipts collected by the Commonwealth as part of such amount of Pledged Funds representing (i) with respect to the 1994 Trust Agreement Bonds, that portion of the Motor Fuels Tax composed of six and eighty-six hundredths cents (\$0.0686) of the excise on gasoline imposed by the provisions of Chapter 64A (other than aviation fuel) and (ii) with respect to the Prior Federal Highway Grant Anticipation Notes, that portion of the Motor Fuels Tax comprised of ten cents (\$0.10) of the excise on gasoline imposed by the provisions of Chapter 64A (other than aviation fuel). The Trust Agreement further provides that all Pledged Funds received by the Commonwealth during such month (other than the portion thereof representing the Prior Pledged Funds and required to be deposited with the 1994 Trustee pursuant to the 1994 Trust Agreement) shall be paid by the Treasurer to the Trustee within two (2) business days thereafter from amounts credited to the Commonwealth Transportation Fund and deposited by the Trustee in the applicable subaccounts of the Revenue Account. Any Pledged Funds received from the 1994 Trustee pursuant to the 1994 Trust Agreement shall be deposited in the Motor Fuels Tax Subaccount of the Revenue Account immediately upon receipt thereof by the Trustee. Pledged Funds representing amounts due under the Motor Fuels Tax (not including aviation fuel) shall be credited to the Motor Fuels Tax Subaccount of the Revenue Account within the Commonwealth Transportation Fund. All Registry Fees pledged under the Trust Agreement (see *Commonwealth Registry Fees*) shall be credited to the Non-Motor Fuels Tax Subaccount of the Revenue Account within the Commonwealth Transportation Fund. Upon receipt by the Treasurer, to the extent permitted by law, all Direct Payments received from the United States Treasury with respect to any Bonds issued as Build America Bonds or Recovery Zone Economic Development Bonds pursuant to the Trust Agreement shall be credited to the Non-Motor Fuels Tax Subaccount of the Revenue Account within the Commonwealth Transportation Fund. See *Introduction –Build America Bonds/Recovery Zone Economic Development Bonds*.

In accordance with current law, Pledged Funds are made available to pay debt service from the Commonwealth Transportation Fund, as described below. The Special Obligation Act provides that, so long as any special obligation bonds remain outstanding and so long as the principal or interest on any such bond is unpaid: (i) the Commonwealth shall not divert any Pledged Funds from the Commonwealth Transportation Fund; and (ii) no Pledged Funds may be applied to any other use until, in any fiscal year of the Commonwealth an appropriation has been made which is sufficient to pay the principal, including sinking fund payments, of and interest on all the special obligation bonds and to provide for or maintain any reserves, additional security, insurance or other forms of credit enhancement required or provided for in the Trust Agreement, including any Supplemental Trust Agreement, securing the Bonds. See *Appendix A - Summary of Certain Provisions of the Commonwealth Transportation Fund Act and the Special Obligation Act*.

The Commonwealth may amend the Special Obligation Act, and the Trust Agreement provides that any provision of the Special Obligation Act creating a covenant with the owners of Bonds shall be deemed a covenant under the Trust Agreement only to the extent expressly provided for in, and as limited by, the Trust Agreement. Therefore, if otherwise permitted by law, the Commonwealth may utilize amounts credited to the Commonwealth Transportation Fund, other than Pledged Funds, without regard to the terms of the Bonds or the Trust Agreement. Expenditures from the Commonwealth Transportation Fund may, upon appropriation by the Legislature, be made for transportation related expenses of MassDOT, including to pay or reimburse the General Fund for payment of debt service on bonds issued by or otherwise payable pursuant to a lease or other contract assistance agreement by the Commonwealth for transportation purposes. See *Appendix B - Summary of Certain Provisions of the Trust Agreement*.

Appropriated Amount. At the beginning of each fiscal year, after the adoption of the operating budget for the Commonwealth for such fiscal year, the Secretary of Administration and Finance and the Treasurer shall certify to the Trustee the amount appropriated for such fiscal year for payment of the following amounts:

- (i) the Bond Debt Service Requirement for such Fiscal Year;
- (ii) the Bond Related Costs, if any, for such Fiscal Year;
- (iii) the Rebate Fund Requirement, if any, for such Fiscal Year;

(iv) if the Secretary of Administration and Finance and the Treasurer have received a certificate from the Prior GAN Trustee under the Prior GAN Trust Agreement, that the True-up Condition (defined herein) shall have occurred and is continuing, the amount set forth in such certificate; and

(v) if the Secretary of Administration and Finance and the Treasurer have received a certificate from the 2010 GAN Trustee under the 2010 GAN Trust Agreement that amounts on deposit in any debt service fund under the 2010 GAN Trust Agreement are insufficient to pay debt service on any 2010 GANs issued thereunder, the amount set forth in such certificate. So long as the Holding Account (as defined in the 2010 GAN Trust Agreement) held by the 2010 GAN Trustee under the Trust Agreement is deemed to be part of the Commonwealth Transportation Fund, as set forth in the 2010 GAN Trust Agreement, then no appropriation shall be required to transfer any requested amount from the Revenue Account established under the Trust Agreement to said account held by the 2010 GAN Trustee.

The aggregate amounts appropriated for each such purpose are referred to as an “Appropriated Amount” for such purpose.

Under the Trust Agreement, (a) if the Appropriated Amount is not sufficient to fund debt service on the Bonds in any fiscal year and to make the payments described in clauses (iv) and (v) above, then all Pledged Funds remaining on deposit in the Revenue Account after the transfers to the Funds and Accounts required by the Trust Agreement must remain on deposit therein until a sufficient appropriation is made, and (b) if the Appropriated Amounts are not sufficient to fund the required deposits to the Bond Related Costs Fund and the Rebate Fund, the amount of Pledged Funds necessary to fund such deposits must remain on deposit in the Revenue Account until sufficient appropriations are made. See *Appendix B - Summary of Certain Provisions of the Trust Agreement – Revenue Account and – Flow of Funds*.

If there is an Appropriated Amount sufficient to pay debt service due in a fiscal year and to make the payments described in clauses (iv) and (v) above, the balance remaining in the Revenue Account after the deposit of the amounts required by the Trust Agreement (less any amounts which must be held on deposit therein pending appropriation to fund deposits to the Bond Related Costs Fund and the Rebate Fund) may be used to make payments owed by the Commonwealth under a Qualified Hedge Agreement. The balance remaining after any such payments will be transferred by the Trustee to the Treasurer no later than the next business day of each month and may be applied for any purpose permitted by law, including direct expenditures for purposes otherwise permitted for revenues credited to the Commonwealth Transportation Fund. For a discussion of permitted Commonwealth Transportation Fund expenditures, see *Financing the Commonwealth Transportation System - Legal Framework For Financing the Transportation System; Statutory Framework*. See *Appendix B - Summary of Certain Provisions of the Trust Agreement - Flow of Funds*.

Flow of Funds. No later than the second business day following the deposit of Pledged Funds with the Trustee, the Trustee shall transfer from amounts available in the Revenue Accounts to the following funds in the following order:

(i) To the Debt Service Fund, an amount equal to the sum of (a) one-fifth (1/5th) of the interest coming due on the Bonds, other than Subordinated Bonds, on the next interest payment date and (b) one-tenth (1/10th) of the principal coming due on the next principal payment date; provided that the aggregate amount on deposit in the Debt Service Fund on any date shall be at least equal to the Debt Service Fund Requirement calculated as of such date; provided further that as long as the aggregate amounts on deposit in the Debt Service Fund are at least equal to the Debt Service Fund Requirement calculated as of the last interest payment date or principal payment date, as the case may be in the then current fiscal year, no additional monthly deposits are required to be made during the remainder of such fiscal year; and provided, further, that the aggregate amount deposited therein during a fiscal year shall not exceed the

Appropriated Amount during such fiscal year for such purpose unless the Treasurer shall certify to the Trustee that deposits of such amounts shall not then be subject to appropriation;

(ii) To the Bond Related Costs Fund, at such times and in such amounts, if any, as determined by the Treasurer or otherwise set forth in an Applicable Supplemental Trust Agreement as necessary to pay Bond Related Costs relating to the Bonds other than the Subordinated Bonds; provided, however, that the aggregate amount deposited therein during a fiscal year shall not exceed the Appropriated Amount during such fiscal year unless the Treasurer shall certify to the Trustee that deposits of such amounts shall not then be subject to appropriation;

(iii) To the Rebate Fund, the amount of the Rebate Fund Requirement relating to the Bonds other than the Subordinated Bonds, if any, determined in accordance with an Applicable Supplemental Trust Agreement; provided, however, that the aggregate amount deposited therein during a fiscal year shall not exceed the Appropriated Amount during such fiscal year unless the Treasurer shall certify to the Trustee that deposits of such amounts shall not then be subject to appropriation;

(iv) To the Subordinated Debt Service Fund, an amount equal to the sum of (a) one-fifth (1/5th) of the interest coming due on the Subordinated Bonds, on the next interest payment date and (b) one-tenth (1/10th) of the principal coming due on the Subordinated Bonds on the next principal payment date; provided that the aggregate amount on deposit in the Subordinated Debt Service Fund on any date shall be at least equal to the Subordinated Debt Service Fund Requirement calculated as of such date; provided further that as long as the aggregate amounts on deposit in the Subordinated Debt Service Fund are at least equal to the Subordinated Debt Service Fund Requirement calculated as of the last interest payment date or principal payment date, as the case may be in the then current fiscal year, no additional monthly deposits are required to be made during the remainder of such fiscal year; and provided, further, that the aggregate amount deposited therein during a fiscal year shall not exceed the Appropriated Amount during such fiscal year for such purpose unless the Treasurer shall certify to the Trustee that deposits of such amounts shall not then be subject to appropriation;

(v) To the Bond Related Costs Fund, at such times and in such amounts, if any, as determined by the Treasurer or otherwise necessary to pay Bond Related Costs relating to the Bonds; provided, however, that the aggregate amount deposited therein during a fiscal year shall not exceed the Appropriated Amount during such fiscal year unless the Treasurer shall certify to the Trustee that deposits of such amounts shall not then be subject to appropriation;

(vi) To the Rebate Fund, the amount of the Rebate Fund Requirement relating to the Bonds, if any, determined in accordance with an Applicable Supplemental Trust Agreement; provided, however, that the aggregate amount deposited therein during a fiscal year shall not exceed the Appropriated Amount during such fiscal year unless the Treasurer shall certify to the Trustee that deposits of such amounts shall not then be subject to appropriation;

(vii) To the Prior GAN Trustee from the Motor Fuels Tax Subaccount an amount equal to the monthly amount set forth in the certificate received by the Secretary of Administration and Finance and the Treasurer in accordance with subparagraph (2)(iv) of Section 504 of the Trust Agreement; provided, however, that the aggregate amount transferred to the Prior GAN Trustee during a fiscal year shall not exceed the Appropriated Amount during such fiscal year and shall not exceed the amount received by the Commonwealth from the portion of the Motor Fuels Tax equal to ten cents (\$0.10) per gallon of the Gasoline Tax (other than aviation fuel) imposed by the provisions of Chapter 64A; and

(viii) To the 2010 GAN Trustee an amount equal to the monthly amount set forth in the certificate received by the Secretary of Administration and Finance and the Treasurer; provided, however, that unless the amount to be transferred to the 2010 GAN Trustee is to be deposited into an account that is deemed to be part of the Commonwealth Transportation Fund, as set forth in the 2010 GAN Trust Agreement, the aggregate amount transferred to the 2010 GAN Trustee during a fiscal year shall not exceed the Appropriated Amount during such Fiscal Year.

Upon deposit of the amounts described above and so long as there shall be Appropriated Amounts sufficient to pay the amounts required to be deposited as set forth in subparagraphs (i), (iv), (vii) and (viii) above for the remainder of the then current Fiscal Year (if such appropriations shall be required by the Act or other provisions of law), the balance on deposit in the Revenue Account (less any amounts required to be deposited under subparagraphs

(ii), (iii), (v) and (vi) above for which there are not sufficient Appropriated Amounts) shall be transferred by the Trustee no later than the next business day to the Treasurer free and clear of the lien hereof and may be applied to any purpose permitted by law.

The Trustee is authorized under the Trust Agreement to accept at any time from the Treasurer, in addition to Pledged Funds, any other moneys certified by the Treasurer to be lawfully available for carrying out or satisfying any purpose under the Trust Agreement. The Trustee shall deposit such moneys in such Fund or Account, as the Treasurer may direct, and, provided no Event of Default shall then be occurring under the Trust Agreement and the amounts then held in the Debt Service Fund, the Rebate Fund and the Bond Related Costs Fund are at least equal to the applicable amounts then specified in the Trust Agreement, the Trustee shall transfer such amount as the Treasurer may direct, but not in excess of the amount received from the Treasurer, to the Treasurer, for application as permitted by law, free and clear of the lien of the Trust Agreement.

Disbursements from Debt Service Fund and Subordinated Debt Service Fund. The Trustee must pay out of the Debt Service Fund to the paying agent for Bonds: (i) on or before each interest payment date the amount required for interest and principal installments payable on such date and (ii) on or before each redemption date for Bonds, the amount required for the payment of interest and redemption price of the Bonds then to be redeemed. Amounts accumulated in the Debt Service Fund or the Subordinated Debt Service Fund, as applicable, with respect to any sinking fund payment may, and if so directed by the Treasurer shall, be applied by the Trustee, under certain circumstances, to the purchase or redemption of Bonds subject to that Sinking Fund Payment. See *Appendix B - Summary of Certain Provisions of the Trust Agreement - Debt Service Fund and - Subordinated Debt Service Fund.*

For a more complete discussion of the flow of Pledged Funds, including the required deposits from the Commonwealth Transportation Fund to the Funds and Accounts, see *Appendix B - Summary of Certain Provisions of the Trust Agreement.*

Additional Bonds

Additional Bonds may be issued upon receipt by the Trustee of certain documents and certifications. See *Appendix B - Summary of Certain Provisions of the Trust Agreement – Additional Bonds.* If the Commonwealth is not pledging any Additional Pledged Funds, then it must demonstrate that the amount of Pledged Funds for any 12 consecutive months during the 18-month period ending with the last full month immediately preceding the issuance of Additional Bonds was not less than 400% of the maximum aggregate Adjusted Bond Debt Service Requirement (as defined in the Trust Agreement, see *Appendix B - Summary of Certain Provisions of the Trust Agreement - Definitions*) due in the then current or any future fiscal year on outstanding Bonds, including the Additional Bonds. If the Commonwealth is pledging Additional Pledged Funds, and the Additional Pledged Funds have been collected by the Commonwealth for at least 12 consecutive months of the 18-month period described in the preceding sentence, the Commonwealth must demonstrate that the amount of Pledged Funds and Additional Pledged Funds, for any 12 consecutive months during such 18-month period was not less than 400% of the maximum annual Adjusted Bond Debt Service Requirement during the then current fiscal year or any future fiscal year on all Bonds outstanding, including the Additional Bonds; and if the Additional Pledged Funds have not been collected by the Commonwealth during at least 12 consecutive months during such 18-month period, the Commonwealth must demonstrate that the amount of Pledged Funds and Additional Pledged Funds projected to be received by the Commonwealth during the first full fiscal year immediately following the issuance of the Additional Bonds will not be less than 400% of the maximum aggregate Adjusted Bond Debt Service Requirement due in the then current or any future fiscal year on Bonds outstanding, including the Additional Bonds.

Refunding Bonds may be issued at any time to refund in whole or in part any outstanding Bonds, provided that the State Treasurer, certifies that either: (a) the Adjusted Bond Debt Service Requirement on any Bonds to be outstanding immediately after the issuance of the Refunding Bonds is not, for each fiscal year during which Bonds are scheduled to be outstanding, greater than the Adjusted Bond Debt Service Requirement by fiscal year on all Bonds outstanding immediately prior to the issuance of the Refunding Bonds, or (b) the net present value of the Adjusted Bond Debt Service Requirement as computed immediately after the issuance of the Refunding Bonds is less than the net present value of the Adjusted Bond Debt Service Requirement immediately prior to the issuance of the Refunding Bonds. If the Commonwealth cannot satisfy either requirement of the preceding sentence, the Commonwealth may

nevertheless issue Additional Bonds for refunding purposes by complying with the tests relating to the issuance of Additional Bonds. Additional Bonds may be issued as Variable Rate Bonds or Tender Bonds.

For a more complete description of the requirements under the Trust Agreement for the issuance of Additional Bonds, see *Appendix B - Summary of Certain Provisions of the Trust Agreement - Additional Bonds*.

Subordinated and Other Indebtedness

The Commonwealth may issue bonds, notes or other evidences of indebtedness (other than Additional Bonds) which are payable out of, or secured by a pledge of Pledged Funds, provided that such bonds, notes or evidences of indebtedness are expressly subordinate to the obligations of the Commonwealth under the Trust Agreement, including the Bonds. In addition, the Commonwealth may issue bonds, notes or other evidences of indebtedness (other than Additional Bonds) which are payable out of, or secured by a pledge of an additional portion of the Motor Fuels Tax or other funds meeting the definition of “Additional Pledged Funds” under the Trust Agreement, to the extent such portions of the Motor Fuels Tax, Registry Fees or other funds meeting the definition of “Additional Pledged Funds” do not constitute Pledged Funds. See *Appendix B - Summary of Certain Provisions of the Trust Agreement - Creation of Liens; Other Indebtedness*.

Commonwealth Covenants

Under the Trust Agreement, the Commonwealth has covenanted that it shall not limit or alter the rights vested in the Commonwealth to collect Pledged Funds and to deposit such amounts as provided in the Trust Agreement and that it shall not impair the rights and remedies of the Trustee and the owners of the Bonds under the Trust Agreement with respect to Pledged Funds.

The Trust Agreement does permit the Commonwealth to change the rate of the Registry Fees or the Motor Fuels Tax credited to the Commonwealth Transportation Fund, or both, in any respect, including lowering any rates or eliminating any fees or taxes, provided that prior to the effective date of any such change, the Treasurer shall deliver a certificate to the Trustee demonstrating the amount of Pledged Funds received by the Treasurer during any twelve (12) consecutive months of the eighteen (18) month period ending with the last full month immediately preceding the effective date of any such change, as adjusted, as set forth in such certificate, to reflect the proposed change in rates to be at least equal to four hundred percent (400%) of the maximum aggregate Adjusted Bond Debt Service Requirement due in the then current or any future fiscal year on the Bonds Outstanding (other than Subordinated Bonds, if any).

The Commonwealth has also covenanted in the Trust Agreement not to issue any additional bonds under the 1994 Trust Agreement, except refunding bonds with debt service requirements less than or equal to the debt service requirements on the refunded bonds in each fiscal year.

The Special Obligation Act creates additional covenants with the owners of Bonds. However, the Commonwealth may amend the Special Obligation Act, and the Trust Agreement provides that any provision of the Special Obligation Act creating a covenant with the owners of the Bonds shall be deemed a covenant under the Trust Agreement only to the extent expressly provided for in and as limited by the Trust Agreement. The covenants set forth in the Trust Agreement are more limited than the covenants contained in the Special Obligation Act. See *Appendix B - Summary of Certain Provisions of the Trust Agreement – Powers as to Bonds and Pledge, – Extension of Payment of Bonds and – Covenants as to Motor Fuels Taxes and Commonwealth Transportation Fund*.

Remedies of Owners of Bonds

The Trust Agreement sets forth the Events of Default relating to the Bonds, which include failure to pay debt service when due or failure to perform the covenants, agreements and conditions contained in the Trust Agreement, the limitation or alteration of the rights of the Commonwealth to collect and deposit Pledged Funds and the impairment of the rights and remedies of the owners of the Bonds.

Under the Trust Agreement, the Commonwealth has covenanted that, upon the occurrence of any Event of Default (which Event of Default has not been remedied), and upon demand by the Trustee, it shall pay over to the

Trustee, to the extent permitted by law, any Pledged Funds not otherwise held by the Trustee in a Fund or Account. The Trust Agreement provides that upon the occurrence of an Event of Default, the Trustee may proceed either at law or in equity to protect and enforce the rights of the owners of the Bonds under the terms of the Trust Agreement or the laws of the Commonwealth. The Trust Agreement also provides that the owners of a majority in aggregate principal amount of the Bonds then outstanding may direct the time, method and place of any proceeding for any remedy available to the Trustee, unless the Trustee determines that such direction would subject it to personal liability or be unjustly prejudicial to the owners not parties to such direction.

The Trust Agreement provides that neither the Trustee nor the owners of the Bonds shall have any right to accelerate the principal of or interest on the Bonds.

If an Event of Default has occurred, no owner of a Bond shall have any right to institute any suit, action or proceeding in equity or at law to exercise any remedy or otherwise take action to enforce the terms of the Trust Agreement unless the owners of at least 25% in aggregate principal amount of the Bonds then outstanding have requested the Trustee to act, and have afforded the Trustee adequate security or indemnity against the Trustee's costs, expenses and liabilities and the Trustee shall not have complied with such request within a reasonable time.

For a more complete description of the remedies available to the owners of the Bonds, see *Appendix B - Summary of Certain Provisions of the Trust Agreement - Events of Default*.

The remedies available to the Bondowners upon the occurrence of an Event of Default are limited and are in many respects dependent upon judicial actions which are often subject to discretion and delay.

COMMONWEALTH TRANSPORTATION FUND

The following sets forth certain information regarding the Commonwealth Transportation Fund. This summary does not purport to be complete and, accordingly, is qualified by reference to Section 2ZZZ of Chapter 29. The Legislature has altered and may in the future alter Section 2ZZZ of Chapter 29 and the statutes relating to the Pledged Funds. See — *Legislation* below.

The Commonwealth Transportation Fund was created by the Transportation Reform Act. It is used to account for many of the Commonwealth's revenues previously credited to the Highway Fund. The Commonwealth Transportation Fund is credited with the Commonwealth's receipts from 99.85% of the Gasoline Tax (including aviation fuel), the Special Fuels Tax and Motor Carrier Tax, Registry Fees, 0.385% of the Sales and Use Tax (not including any portion of the taxes that constitute special receipts dedicated to the Convention and Exhibition Center Fund), and any other amounts appropriated into the fund by the Legislature from time to time. The amounts derived from the Sales and Use Tax do not constitute Pledged Funds. The Commonwealth Transportation Fund is subject to appropriation and, pursuant to the Commonwealth Transportation Fund Act, shall be used for transportation-related expenses of MassDOT, as successor to the Executive Office of Transportation, including to pay or reimburse the General Fund for debt service on bonds issued by or otherwise payable pursuant to a lease or contract assistance agreement by the Commonwealth for transportation purposes. Appropriations from the Commonwealth Transportation Fund are used to support the operations of MassDOT and other transportation-related purposes of the Commonwealth. Following the issuance of the 2010 Bonds, all uses of Pledged Funds for such purposes will be subordinate to the payment of debt service on Bonds and satisfying other obligations set forth in the Trust Agreement, including, if necessary, payments to the Prior GAN Trustee or the 2010 GAN Trustee, as described above in *Authorization, Security and Sources of Payment for the Bonds – Flow of Pledged Funds*. See also *Commonwealth Transportation System* below.

Also, pursuant to the Commonwealth Transportation Fund Act, no less than \$275 million shall be annually distributed from the Commonwealth Transportation Fund to MassDOT and to the Massachusetts Bay Transportation Authority and Regional Transit Authorities. This amount is intended to be funded with receipts from the Sales and Use Tax and any amounts held in the Commonwealth Transportation Fund attributable to Sales and Use Tax receipts do not constitute Pledged Funds and will not be available for payment of Bonds. If in any fiscal year the amount credited to the Commonwealth Transportation Fund on account of the Sales and Use Tax is less than \$275 million, the Comptroller of the Commonwealth is directed to transfer an amount equal to the difference between such amount credited to the fund and \$275 million from the General Fund no later than September 1 of the following fiscal year.

The Commonwealth Transportation Fund became effective July 1, 2009. Therefore, fiscal year 2010 is the first year for which financial results for the Commonwealth Transportation Fund are available. However, the Commonwealth collected receipts from the Motor Fuels Tax and Registry Fees for many years prior to fiscal year 2010, and the following table sets forth the amounts of Motor Fuels Tax receipts and Registry Fee receipts collected in fiscal years 1993 through 2010. The information in this table has been obtained from Commonwealth records but is unaudited.

(1) Equal to 20.9685 cents of the 21-cent Gas Tax imposed under Chapter 64A; prior to the Transportation Reform Act and the establishment of the Commonwealth Transportation Fund, the Gas Tax imposed under Chapter 64A was credited to the Highway Fund (83.6%), the General Fund (15.0%) and to certain environmental budgeted funds (1.4%).

COMMONWEALTH MOTOR FUELS TAX

The following is a summary of the Commonwealth's Motor Fuels Tax. This summary does not purport to be complete and, accordingly, is qualified by reference to Chapters 64A, 64E and 64F. The Legislature has altered and may in the future alter Chapters 64A, 64E and 64F. See — *Legislation* below.

General

The Commonwealth has imposed a tax on fuel since 1928. Fuel, as defined in Chapter 64A, includes all products commonly or commercially known as gasoline and any liquid prepared, advertised or offered for sale in the Commonwealth and commonly and commercially used as fuel in internal combustion engines. Chapter 64A also imposes a tax on fuel sold for use in non-jet propelled aircraft ("Aviation Fuel"). Tax revenues derived from the sale of Aviation Fuel under Chapter 64A are not included within the definition of Motor Fuels Tax or Pledged Funds. Special fuels, including diesel fuel and liquefied gas, such as propane, are taxed under Chapter 64E ("Special Fuel"). Other Fuel Taxes also include the Motor Carrier Tax imposed under Chapter 64F on anyone who regularly operates motor vehicles on the highways of the Commonwealth which are propelled by gasoline or special fuels acquired outside the Commonwealth ("Motor Carrier Fuels"). See *Financing the Commonwealth Transportation System - Legal Framework For Financing the Transportation System*.

Motor Fuels Tax Rates

Under the Chapters 64A, 64E (except with respect to liquefied gas) and 64F, the tax rate is 21¢ per gallon. Under Chapter 64E with respect to liquefied gas, the tax rate is 19.1% the average price per gallon.

Comparison of Gasoline Tax Rates for Selected Northeastern States

The table below lists gasoline tax rates effective as of January 1, 2010, exclusive of local taxes, license and inspection fees of selected northeastern states.

Connecticut	25.0¢
Maine.....	29.5
Massachusetts	21.0
New Hampshire	18.0
New York.....	8.0
Rhode Island	32.0
Vermont	19.0

Collection Procedure

Anyone qualified to do business in the Commonwealth who produces, refines, manufactures or compounds gasoline or operates a port or pipeline terminal, as well as importers and exporters of gasoline (collectively referred to as “Distributors”), must file Gasoline Tax returns with the Commissioner of Revenue by the twentieth day of each month. Distributors must keep complete and accurate records of all sales of gasoline including the name and address of the purchaser, the place and date of delivery, the gross receipts and number of gallons for each type of gasoline sold, and a complete and accurate record of the number of gallons imported, produced, refined, manufactured, compounded or exported. Purchasers of gasoline pay the Gasoline Tax to a Distributor when they purchase gasoline. Each Distributor is required to pay to the Commissioner of Revenue, simultaneously with the filing of a Gasoline Tax return, the Gasoline Tax on each taxable gallon of gasoline sold by him during the month covered by the return. There are approximately 250 Distributors who file Gasoline Tax returns with the Commissioner of Revenue.

All combustible gas and liquids, other than gasoline, which propel registered motor vehicles, are special fuels. Only licensed suppliers and user-sellers maintain storage facilities of special fuels. Suppliers acquire special fuels on a tax-free basis and collect the tax from user-sellers and users. User-sellers are required to pay the excise on all special fuels acquisitions. Suppliers of special fuels must file Special Fuels Tax returns by the twentieth day of each month.

A motor carrier is any person who uses or operates a qualified motor vehicle for commercial or business purposes on Massachusetts highways and the highways of at least one other International Fuels Tax Agreement (IFTA) jurisdiction. IFTA motor carriers must register and file returns with their base-jurisdiction for activity in all IFTA jurisdictions. All such qualified vehicles using Massachusetts highways must have (1) an IFTA license and (2) two IFTA decals. IFTA motor carrier tax licenses are required to file a quarterly return by the last day of the month following the close of the quarter.

Crediting of Receipts

Gasoline Tax receipts under Chapter 64A (not including Aviation Fuel), net of refunds and abatement, are credited to two budgeted funds of the Commonwealth. Fifteen hundredths of one percent (0.15%) of such Gasoline Tax revenues are credited to the Inland Fisheries and Game Fund. The remaining ninety-nine and eighty-five hundredths of one percent (99.85%) (currently 20.9685¢) of Gasoline Tax receipts are credited to the Commonwealth Transportation Fund to be used for transportation purposes. All Motor Fuels Tax receipts under Chapters 64E and 64F are credited to the Commonwealth Transportation Fund to be used for transportation purposes. Fuel subject to the provisions of Chapter 64A consisting of cellulosic biofuel or a blend of gasoline and cellulosic biofuel is taxable in proportion to the percentage of the fuel content consisting of gasoline, as determined by the Commonwealth’s

Department of Energy Resources, and the taxable portion thereof is credited in the same manner as other Motor Fuels Tax revenues. See *Financing the Commonwealth Transportation System - Legal Framework for Financing the Commonwealth Transportation System; Statutory Framework*.

Refunds and Abatements from Gasoline Tax

Other than (1) sales between licensed Massachusetts Distributors, (2) sales by a licensed Massachusetts Distributor to a licensed distributor of another state whereby the entire quantity purchased is exported out of the Commonwealth, (3) sales to the federal government, (4) sales to foreign embassies, (5) sales to certain transportation authorities, and (6) sales constituting foreign or interstate commerce, except where permitted by the Constitution and laws of the United States, all of which are tax-free sales, all purchases of gasoline within the Commonwealth are subject to the Gasoline Tax. In accordance with Chapter 64A, persons who pay the Gasoline Tax on gasoline which is (a) consumed other than on highways, (b) transferred into another state in which an additional excise tax is paid, (c) consumed on any turnpike constructed by the Massachusetts Department of Transportation until such turnpike has become part of the state highway system, (d) used in watercraft, and (e) used in qualified buses on authorized routes, may apply for a refund for the amount of Gasoline Tax paid on such gasoline. A person applying for a refund must supply the original invoices for the purchase of such gasoline and attest, by affidavit filed with the Commissioner of Revenue, that the gasoline was consumed for an exempt purpose. Persons engaged in the business of farming may also apply for a refund of the amount of Gasoline Tax paid on gasoline for which they would be entitled to a refund of the federal gasoline tax paid pursuant to Section 6420 of the Federal Internal Revenue Code. The Department of Revenue estimates that, on average, less than 0.5% of annual Gasoline Tax receipts are refunded or abated.

Legislation

The Legislature has previously altered and may in the future alter (1) the imposition of the Motor Fuels Tax on various fuels, including its imposition on different or alternative fuels; (2) Motor Fuels Tax rates; (3) the allocation of Motor Fuels Tax receipts between the various Commonwealth operating funds, including the Commonwealth Transportation Fund, and (4) the distribution of Motor Fuels Tax receipts to cities, towns and counties. The authority of the Legislature to make such changes in Motor Fuels Tax, Motor Fuels Tax rates and the allocation and use of Motor Fuels Tax receipts is subject to the requirement of the Massachusetts Constitution that amounts representing Article 78 Revenues, including Motor Fuels Tax receipts, may only be used for highway or mass transportation purposes including, but not limited to, paying debt service on Commonwealth general obligation highway bonds and any special obligation bonds issued under the Special Obligation Act.

The Legislature's right to make such changes is restricted by the Trust Agreement in which the Commonwealth has covenanted with the owners of the Bonds not to impair, in any way, the rights and remedies of said owners under the Trust Agreement; the Trust Agreement does permit the Commonwealth to lower the rates of the Motor Fuels Tax or any Registry Fees or both, provided that the Treasurer delivers to the Trustee a certificate demonstrating the amount of Pledged Funds received by the Treasurer during any twelve (12) consecutive months of the eighteen (18) month period ending with the last full month immediately preceding the effective date of any such change, as adjusted, as set forth in such certificate, to reflect the proposed change in rates, to be at least equal to four hundred percent (400%) of the maximum Adjusted Bond Debt Service Requirement due in any fiscal year or the Bonds Outstanding (other than Subordinated Bonds, if any).

Historical Information Regarding Gasoline Sales and Motor Fuels Tax

The level of Motor Fuels Tax receipts are directly related to the consumption of gasoline and other fuels in the Commonwealth. Future consumption of gasoline may be affected by many factors beyond the control of the Commonwealth including, but not limited to, the level of employment, the price of gasoline, the fuel efficiency of motor vehicles, the use of hybrid motor vehicles, and the availability of alternative fuels. The Commonwealth cannot predict the future impact of these factors or any others that may influence the consumption of gasoline.

The following tables set forth certain information regarding historical gasoline sales and collections of the Motor Fuels Tax.

Projected Collection of Motor Fuels Tax

The Commonwealth does not perform an official forecast of Motor Fuels Tax receipts beyond the next fiscal year. For fiscal 2011, the Department of Revenue has projected that Motor Fuels Tax receipts will equal approximately \$662.1 million, or 1.4% more than the Motor Fuels Tax receipts for fiscal 2010. The actual revenues that will be collected by the Commonwealth may vary from the forecast because of fluctuating economic conditions, technological advances, changes in law and other variables affecting revenue growth.

COMMONWEALTH REGISTRY FEES

The following is a summary of the Commonwealth's Registry Fees. This summary does not purport to be complete and, accordingly, is qualified by reference to Chapter 90. The Legislature has altered and may in the future alter Chapter 90. See *Legislation*.

General

Registry Fees deposited in the Commonwealth Transportation Fund include: (1) motor vehicle registration fees imposed under Chapter 90 ("Registration Fees"); (2) motor vehicle license fees imposed under Chapter 90 ("License Fees"); and (3) miscellaneous fees and other revenues relating to the operation and use of motor vehicle

transportation (“Other Non-Tax Revenues”). The Registration and License Fees are collected by the Registrar of Motor Vehicles or authorized agents. Pursuant to Section 3B of Chapter 7 of the Massachusetts General Laws, the Secretary of Administration and Finance, after having conducted a public hearing, determines the amounts to be charged for each fee. Chapter 90 excludes certain vehicles or trailers, such as school buses, emergency vehicles and municipally owned vehicles from payment of Registration Fees. Other than certain minimum fees, most Registration Fees are based on the weight of the registered vehicle. Fees from licenses include driver’s licenses and learners’ permits. In fiscal 1997, the Commonwealth began to phase in the elimination of annual passenger vehicle registration fees in favor of a one-time fee, which became fully effective in fiscal 1999. However, annual fees were reinstated in May, 2000. Other Non-Tax Revenues include other fees collected by the Registrar of Motor Vehicles under Chapter 90.

Registry Fees

Massachusetts General Laws Chapter 90, Section 33 authorizes the registrar of motor vehicles to collect fees as set by that statute or as set or amended by 801 Code of Massachusetts Regulation (CMR) 4.02, as issued by the Executive Office for Administration and Finance.

As of October, 2010, the Registry Fees were collected by 444 employees of the Registry of Motor Vehicles (RMV) at the division’s administrative headquarters in Quincy, at 30 RMV branch locations, via a telephone center or on-line. Methods of payment include cash, checks, electronic checks, money orders, credit card and debit cards. Security measures are established by MassDOT in connection with the collection of Registry Fees and MassDOT’s internal audit department periodically audits branches and employees for compliance with payment handling policies and procedures. When appropriate, administrative sanctions, such as retraining or termination, and in the cases in which criminal activity may have occurred, the matter is referred to the Massachusetts State Police for investigation. Certain third parties, such as Southern New England AAA offices, may also collect fees on behalf of RMV and are required to keep such revenues segregated from other sources of revenue. Fees from RMV depository accounts are swept daily by the State Treasury, credited to the RMV appropriate fee accounts and recorded by the State Comptroller’s office into the state accounting system.

The three primary categories of Registry Fees are license, registration and registry information. License fees include driver’s license, identification cards, professional driving schools and reinstatement fees. Registration fees include motor vehicle registration according to types of license plates. Registry information includes fees relating to motor vehicle title, inspection, court records and fees relating to citations.

Registry Fees were not changed from 1993 to 2002. A general across the board increase in Registry Fees was implemented in fiscal year 2003. In fiscal year 2009, the Registry Fees schedule was simplified and consolidated with some fee adjustments. The following table provides certain information regarding Registry Fees schedules.

Registry Fee Rates

	Fiscal Year 1993-2002	Fiscal Year 2003-2009	Fiscal Year 2009-2011

Collection Procedure

As of October, 2010, Registry Fees are collected at 30 RMV branch locations by 444 branch operations employees, including management, non-management, counter staff and non-counter staff. The majority of locations accept methods of payment including cash, checks, money orders, credit cards and debit cards. However, certain locations do not accept cash based on site security.

Fees also are collected at the division's administrative headquarters in Quincy. The Title and Registration Division accepts walk-in customers. The Court Records Unit accepts fees for producing certified records. The Vehicle

Safety and Compliance staff accepts payments for inspection station and inspector licenses and renewals. The mail-in registration unit processes registration renewals paid via check or money order. The telephone center also accepts transaction payments via credit card.

The RMV has a cash manual that sets forth the security measures associated with the collection of fees at branch offices. All staff receives training on the cash manual. The Massachusetts Department of Transportation, Internal Audit Department audits branch employees for compliance with established cash handling policies and procedures. Violations of the manual are reported to RMV management. Administrative sanctions for violating cash handling policies and procedures range from retraining to progressive documented discipline, up to and including termination. In cases in which criminal activity may have occurred, the Audit Department also refers matters to the Massachusetts State Police for investigation.

Fees are collected for on-line transactions. Customers may make payments for the website transactions via credit card. In September 2010, the RMV introduced electronic checks as a website payment method.

Third parties also accept fees on behalf of the RMV. Presently, three (3) Southern New England AAA offices in Plymouth, Worcester and Framingham process license, registration and ID card duplicate and renewal transactions. The appropriate fees are collected at the sites. Participants in the Electronic Vehicle Registration (EVR) program also collect Registry Fees. These third party sites process certain registration based transactions, including the issuance of new plates and registration decals; the transfer of registration plates between vehicles; the collection of vehicle title information; processing of certain types of registration renewals; and updating customer addresses, if necessary. All third party vendors that collect Registry Fees are required to keep that revenue segregated from their other sources of business revenue.

Crediting of Receipts

Fees from RMV depository accounts are swept daily by the State Treasury, credited to the RMV sweep account and recorded in the Commonwealth accounting system. An electronic file is transmitted to the Office of the State Comptroller (OSC) daily for entry in the Commonwealth accounting system. These records allocate funds from the sweep account to various revenue sources including the Commonwealth Transportation Fund. On a monthly basis, these amounts are manually allocated to specific categories, including registration, license and title fees collected. Refunds are issued through the State Treasury. Refunds are deducted from total Commonwealth Transportation Fund revenues.

Projected Collection of Registry Fees

The Commonwealth does not currently have an official forecast of Registry Fee receipts beyond the current fiscal year. For fiscal 2011, MassDOT has projected that Registry Fee receipts will equal approximately \$498 million or 2.51% more than the Registry receipts for fiscal 2010. The actual revenues that will be collected by the Commonwealth may vary from the forecast because of fluctuating economic conditions, technological advances, changes in law and other variables affecting revenue growth. Registration and license renewal fees also peak approximately every two to five years. The increase in the registration fee cycle may be attributed to a large conversion of registrations from a perpetually renewed status, i.e. lifetime registrations, to a 2-year renewal status. License renewal fees also fluctuate due to the conversion from a 4-year renewal cycle to a 5-year renewal cycle. Additionally, fluctuations in commercial registration renewal fees may occur due to the conversion of light commercial vehicle registrations (5000 lbs. and under) from 1-year to 2-year renewal cycles.

1994 TRUST AGREEMENT

The 1994 Trust Agreement Bonds are currently outstanding in the aggregate principal amount of \$549,870,000 (of which \$135,950,000 aggregate principal amount of 2002 Bonds have been advance refunded and will be paid on June 1, 2012, from an escrow account established in connection with the issuance of the 2005 Bonds). Concurrently with the issuance of the 2010 Bonds, the Commonwealth will close the lien on the 1994 Trust Agreement, after which no additional bonds will be issued under such agreement, except for refunding bonds, if any. In the Trust Agreement, the Commonwealth has covenanted not to issue any additional bonds under the 1994 Trust

Agreement, except refunding bonds with debt service requirements less than or equal to the debt service requirements on the refunded bonds in each fiscal year.

The 2010 Bonds will be subordinate to the outstanding 1994 Trust Agreement Bonds with respect to the lien on the Prior Pledged Funds, which equal 6.86¢ per gallon of revenues from the Commonwealth’s gasoline tax imposed by Chapter 64A. To the extent that receipts relating to the Prior Pledged Funds are in excess of the debt service requirements on the 1994 Trust Agreement Bonds in any fiscal year, such amounts will be available under the Trust Agreement. Debt service requirements on the 1994 Trust Agreement Bonds, projected Prior Pledged Funds and projected excess amounts are shown in the table below.

<u>Fiscal Year</u>	<u>Prior 1994 Trust Agreement Bonds Total Debt Service</u>	<u>Projected Prior Pledged Funds⁽¹⁾</u>	<u>Projected Excess Amount Under 1994 Trust Agreement⁽²⁾</u>

- (1) Projection of receipts attributable to 6.86¢ per gallon tax on gasoline under Chapter 64A pledged to the 1994 Trust Agreement Bonds based on historical collections and other assumptions currently believed to be reasonable. Actual results will vary from this projection and may be lower than expected amounts, due to factors affecting actual Gasoline Tax receipts. These amounts constitute Pledged Funds under the Trust Agreement but the lien thereon is subordinate to the lien for the benefit of the 1994 Trust Agreement Bonds as long as the 1994 Trust Agreement Bonds remain outstanding.
- (2) Constitute expected available Pledged Funds under the Trust Agreement. These amounts are projected and subject to change. Actual amounts available as Pledged Funds may be lower than projected.
- (3) June 1, 2023 is the final maturity of 1994 Trust Agreement Bonds currently outstanding.

FEDERAL HIGHWAY GRANT ANTICIPATION NOTES

Under certain circumstances described below, amounts from the Commonwealth Transportation Fund may be made available for payment of debt service on federal highway grant anticipation notes. However, any such payment is subordinate to the payment of the Bonds. See *Authorization, Security and Sources of Payment for the Bonds –Flow of Pledged Funds –Flow of Funds* above.

Prior GAN Trust Agreement. For so long as the Prior GANs remain outstanding, the Prior GAN Trust Agreement provides that no later than December 15 each year, the Treasurer shall certify the aggregate amount of the federal appropriations for the purposes of carrying out the provisions of Title 23 of the United States Code with respect to federal-aid highways for the then current federal fiscal year and the projected debt service coverage ratio on the Prior GANs for the following Commonwealth fiscal year, calculated in accordance with the Prior GAN Trust Agreement. If the amount of federal appropriations is less than \$17.1 billion and the projected debt service coverage ratio is less than 120%, then a “True-Up Condition” has occurred. Upon the occurrence of the True-Up Condition, the Prior GAN Trustee must notify the Trustee and must provide a certificate to the Secretary of Administration and Finance and the Treasurer indicating the True-Up Condition. Beginning in the January following delivery of a certification indicating the existence of a True-Up Condition, Gasoline Tax receipts equal to ten cents (\$0.10) per gallon (the “Alternative Revenues”) shall be transferred from the Motor Fuels Tax Subaccount to the Prior GAN Trustee for deposit in a reserve account under the Prior GAN Trust Agreement until the amount in such reserve account is sufficient to meet the

requirements of the Prior GAN Trust Agreement for the fiscal year. The transfer of Alternative Revenues under the Prior GAN Trust Agreement is subordinate to the use of any Pledged Funds to pay the Bonds.

In the event of a True-Up Condition, the Governor is required under the Prior GAN Trust Agreement to include in the Governor's recommended budget submitted to the Legislature an appropriation in an amount equal to any shortfall of Prior GAN debt service for the following fiscal year. When an appropriation is enacted of an amount sufficient, together with other available funds under the Prior GAN Trust Agreement to pay the trust agreement obligations for that fiscal year, the Treasurer may deposit the appropriations with the Prior GAN Trustee and direct the Prior GAN Trustee to transfer all or any portion of the Alternative Revenues then on deposit in the reserve account to the Treasurer for credit to the Commonwealth Transportation Fund.

Upon the issuance of the 2010A GANs, the Prior GAN Trust Agreement will be closed, and no additional federal highway grant anticipation notes will be permitted to be issued thereunder. The final maturity date of the Prior GANs is June 15, 2015.

2010 GAN Trust Agreement. The 2010 GAN Trust Agreement provides the Commonwealth may incur particular obligations, including without limitation, the 2010A New Money GANs. Obligations under the 2010 GAN Trust Agreement are payable from and secured by a pledge of federal highway reimbursements and a lien on all funds and accounts created under the 2010 GAN Trust Agreement. Further, bonds issued under the 2010 GAN Trust Agreement have a subordinate lien on Net CTF Pledged Funds (as defined in the 2010 GAN Trust Agreement). Payment of the 2010 Bonds and any Additional Bonds is senior to payment of any obligations under the 2010 GAN Trust Agreement. See *Authorization, Security and Source of Payment of Bonds – Flow of Pledged Funds*.

COMMONWEALTH TRANSPORTATION SYSTEM

Overview

The Transportation Reform Act created MassDOT as a body politic and corporate and a public instrumentality of the Commonwealth. The Transportation Reform Act followed legislation enacted in 2004 creating the Transportation Commission, which was tasked with developing a comprehensive, multi-modal, long-range transportation finance plan for the Commonwealth. The Transportation Commission was charged with analyzing the Commonwealth's long-term capital and operating needs for the state-wide transportation system and the funds expected to be available for such needs, as well as recommending how to close any perceived funding gap through potential cost savings, efficiencies and additional revenues. In March 2007, the Transportation Commission issued a report containing its analysis of the Commonwealth's ability to fund needed surface transportation improvements throughout the Commonwealth over the next 20 years, including for state-controlled roads and bridges and state environmental transit commitments related to the CA/T Project, as well as for the Massachusetts Turnpike system, local roads and bridges, Massachusetts Bay Transportation Authority (MBTA) operations and capital needs, and the Tobin Bridge (which was then owned and operated by the Massachusetts Port Authority). In September 2007, the Transportation Commission issued its second report, containing recommendations for closing the funding gap identified in its first report, which included recommended reform initiatives and proposals for transportation revitalization. The Transportation Reform Act responded, in part, to certain of these recommendations in creating MassDOT.

While it has an appointed board and is independent of the Commonwealth as a separate body politic, MassDOT is governed by certain state laws, rules and policies applicable to other executive departments of the Commonwealth, including the use of the Commonwealth's central accounting system (MMARS), payroll system and adherence to state finance law. MassDOT has a central office, the Office of Planning and Programming, that houses the central administrative functions of the organization.

MassDOT comprises the following four divisions:

- The Highways Division includes the roadways, bridges, and tunnels of the former Massachusetts Highway Department (MHD) and the former Massachusetts Turnpike Authority, the Tobin Bridge and certain assets of the Massachusetts Department of Conservation and Recreation (DCR). The Highways

Division is responsible for the design, construction and maintenance of the Commonwealth's state highways and bridges. The Division also is responsible for overseeing traffic safety, engineering activities and snow and ice removal to ensure safe road and travel conditions. The Division has six regional districts.

- The Rail & Transit Division is responsible for all transit, freight and intercity rail initiatives and oversees the MBTA and all Regional Transit Authorities of the Commonwealth. The MBTA Board of Directors serves as the governing body of the MBTA, which itself remains a separate authority within MassDOT. The five members of the MassDOT Board of Directors also serve as the MBTA Board of Directors.
- The Aeronautics Division has jurisdiction over the Commonwealth's public use airports, private use landing areas, and seaplane bases. It is responsible for airport development and improvements, aviation safety, aircraft accident investigation, navigational aids, and statewide aviation planning. The Division certifies airports and heliports, licenses airport managers, conducts annual airport inspections, and enforces safety and security regulations.
- The Registry of Motor Vehicles Division (the "RMV") is responsible for vehicle operator licensing and vehicle and aircraft registration available both online and at branch offices across the Commonwealth. The RMV oversees commercial and non-commercial vehicle inspection stations.

MassDOT is governed by a five-member board (the "Board of Directors" or the "Board") appointed by the Governor. Members of the Board serve four-year terms, initially staggered, and are eligible for reappointment. Of the appointees of the Governor, two shall be experts in the field of public or private transportation finance, two shall have practical experience in transportation planning and policy, and one shall be a registered civil engineer with at least 10 years experience. One of the directors shall be appointed by the Governor to serve as chair of the Board; provided, however, that said designee shall not be an employee of MassDOT or any division thereof. No more than three of the five directors shall be members of the same political party. The Enabling Act does not provide for MassDOT to be a debtor under the federal bankruptcy code.

Financing the Transportation System

Constitutional Limitations. Article 78 of the Articles of Amendment to the Massachusetts Constitution, as amended, requires that any fees, duties, excises or license taxes relating to the registration, operation or use of vehicles on public highways, or to fuels used for propelling such vehicles (as previously defined, "Article 78 Revenues"), be expended only for the following purposes: (1) the cost of administration of laws providing for such revenue, (2) the making of refunds and adjustments relating to such revenue; (3) the payment of highway obligations; (4) the cost of construction, reconstruction, maintenance and repair of public highways, bridges and mass transportation lines; (5) the cost of enforcing state traffic laws; and (6) the cost of other mass transportation purposes. Article 78 Revenues may be expended by the Commonwealth and its counties, cities and towns for these purposes only in such manner as the Legislature may direct.

The Motor Fuels Tax imposed under Chapters 64A, 64E and 64F and the Registry Fees are classified as Article 78 Revenues.

Funding Process. Prior to the Transportation Reform Act, transportation policy, planning and financing were segregated into separate silos of quasi-independent authorities and state agencies. One primary goal of the Transportation Reform Act was to better coordinate the Commonwealth's transportation programs while finding economies of scale and best practices to reduce costs and manage a world class transportation network. Within the new streamlined MassDOT, jurisdiction over the operations and maintenance of the transportation system is shared among state, regional transit agencies and local governments.

The annual operating and capital budgets for transportation are developed through a collaborative process that encompasses many different organizations and individuals. These include:

- **Governor:** Establishes overall policies and spending priorities for MassDOT, including recommending the amount of funds that should be transferred to MassDOT within the annual operating budget. The Governor also determines the amount and timing of any authorized borrowing to fund capital investments. At the request of the Governor, the State Treasurer issues bonds to borrow funds for authorized and budgeted capital projects at MassDOT.
- **Legislature:** Appropriates funds through the annual budget consistent with state law and the Commonwealth Constitution for transportation programs and projects. The Legislature also authorizes bond bills, or statutory authorizations to borrow money, to fund the capital budget.
- **Massachusetts Department of Transportation:** The Secretary of Transportation develops an annual operating and five year capital budget for the department. MassDOT forecasts, plans and monitors financing for capital improvement projects on the state highway system and publically accessible airports, coordinates with the MBTA and RTAs on bus and rail funding, and works with the Metropolitan Planning Organizations to finance local road projects.
- **MassDOT Board of Directors:** The five member MassDOT board, appointed by the Governor, reviews and adopts the annual operating and capital budgets for the department and MBTA. The Board further recommends policy and funding priorities to the Secretary, the Governor and Legislature.
- **Metropolitan Planning Organizations (MPO) & Regional Transit Authorities (RTA):** MPOs and RTAs are responsible for planning, coordinating and, in the case of RTAs, operating regional transportation systems. In the Commonwealth, the thirteen MPOs develop transit and roadway reinvestment plans which identify projects for funding in the State Transportation Improvement Program (STIP) which is explained in more detail in the MassDOT Federal Capital Funding Section.

Commonwealth Transportation Fund

The Commonwealth Transportation Fund (CTF) retains revenue from the motor fuels tax, a dedicated 0.385% of the state sales tax and motor vehicle fees. The fund is used to pay debt service associated with highway maintenance and construction projects, including the Bonds and provides funding for the operation of MassDOT. It also receives federal reimbursement generated by the Commonwealth's expenditures on transportation construction projects.

Revenues allocated to this fund include:

- **Commonwealth Motor Fuels Tax:** The Commonwealth collects 21-cents per gallon excise tax on gasoline and diesel fuel. Of the amount, 20.9685 cents (99.85%) is credited to the Commonwealth Transportation Fund for transportation related purposes, including the special obligation (gas tax) bonds. The remaining amount, 0.15 cents, of the tax is credited to the Inland Fish and Game Fund, a non-MassDOT fund.
- **Sales Tax:** 0.385% of the Commonwealth sales tax, estimated at \$301.6 million in fiscal year 2011, is dedicated to the CTF for specific transportation related purposes, but is not pledged to the Bonds.
- **Motor Vehicle Fees:** The Commonwealth also collects vehicle license, registration and drivers license fees,
- **Other:** A small amount of revenue, estimated at \$3.5 million dollars, is generated through fuel distribution licenses and other fees collected by the Department of Revenue and the Office of State Comptroller, but is not pledged to the Bonds.

LITIGATION

No litigation is pending or, to the knowledge of the Attorney General, threatened against or affecting the Commonwealth seeking to restrain or enjoin the issuance, sale or delivery of the 2010 Bonds, or in any way contesting or affecting the validity of the 2010 Bonds or the Trust Agreement, including the pledge of Pledged Funds.

BOOK-ENTRY ONLY SYSTEM

The Depository Trust Company (“DTC”), New York, New York will act as securities depository for the 2010 Bonds. The 2010 Bonds will be issued as fully-registered securities in the name of Cede & Co. (DTC’s partnership nominee) or such other name as may be requested by an authorized representative of DTC. One fully-registered 2010 Bond certificate will be issued for each maturity of the 2010 Bonds as set forth on the inside cover page hereof, each in the aggregate principal amount of such maturity, will be deposited with DTC.

DTC, the world’s largest depository, is a limited-purpose trust company organized under the New York Banking Law, a “banking organization” within the meaning of the New York Banking Law, a member of the Federal Reserve System, a “clearing corporation” within the meaning of the New York Uniform Commercial Code, and a “clearing agency” registered pursuant to the provisions of Section 17A of the Securities Exchange Act of 1934. DTC holds and provides asset servicing for over 3.5 million U.S. and non-U.S. equity issues, corporate and municipal debt issues, and money market instruments (from over 100 countries) that DTC’s participants (“Direct Participants”) deposit with DTC. DTC also facilitates the post-trade settlement among Direct Participants of sales and other securities transactions in deposited securities, through electronic computerized book-entry transfers and pledges between Direct Participants’ accounts. This eliminates the need for physical movement of securities certificates. Direct Participants include both U.S. and non-U.S. securities brokers and dealers, banks, trust companies, clearing corporations, and certain other organizations. DTC is a wholly-owned subsidiary of The Depository Trust & Clearing Corporation (“DTCC”). DTCC is the holding company for DTC, National Securities Clearing Corporation and Fixed Income Clearing Corporation, all of which are registered clearing agencies. DTCC is owned by the users of its regulated subsidiaries. Access to the DTC system is also available to others such as both U.S. and non-U.S. securities brokers and dealers, banks, trust companies, and clearing corporations that clear through or maintain a custodial relationship with a Direct Participant, either directly or indirectly (“Indirect Participants”). DTC has Standard & Poor’s highest rating: AAA. The DTC Rules applicable to its Participants are on file with the Securities and Exchange Commission. More information about DTC can be found at www.dtcc.com and www.dtc.org.

Purchases of 2010 Bonds under the DTC system must be made by or through Direct Participants, which will receive a credit for the 2010 Bonds on DTC’s records. The ownership interest of each actual purchaser of each 2010 Bond (the “Beneficial Owner”) is in turn to be recorded on the Direct and Indirect Participants’ records. Beneficial Owners will not receive written confirmation from DTC of their purchase. Beneficial Owners are, however, expected to receive written confirmations providing details of the transactions, as well as periodic statements of their holdings, from the Direct or Indirect Participant through which the Beneficial Owner entered into the transaction. Transfers of ownership interests in the 2010 Bonds are to be accomplished by entries made on the books of Direct and Indirect Participants acting on behalf of the Beneficial Owners. Beneficial Owners will not receive certificates representing their ownership interests in the 2010 Bonds, except in the event that use of the book-entry system for the 2010 Bonds is discontinued.

To facilitate subsequent transfers, all 2010 Bonds deposited by Direct Participants with DTC are registered in the name of DTC’s partnership nominee, Cede & Co., or such other name as may be requested by an authorized representative of DTC. The deposit of the 2010 Bonds with DTC and their registration in the name of Cede & Co. or such other DTC nominee do not effect any change in beneficial ownership. DTC has no knowledge of the actual Beneficial Owners of the 2010 Bonds; DTC’s records reflect only the identity of the Direct Participants to whose accounts such 2010 Bonds are credited, which may or may not be the Beneficial Owners. The Direct and Indirect Participants will remain responsible for keeping account of their holdings on behalf of their customers.

Conveyance of notices and other communications by DTC to Direct Participants, by Direct Participants to Indirect Participants, and by Direct Participants and Indirect Participants to Beneficial Owners will be governed by arrangements among them, subject to any statutory or regulatory requirements as may be in effect from time to time.

Redemption notices shall be sent to DTC. If less than all of the 2010 Bonds within a series are being redeemed, DTC's practice is to determine by lot the amount of the interest of each Direct Participant in such issue to be redeemed.

Neither DTC nor Cede & Co. (nor any other DTC nominee) will consent or vote with respect to the 2010 Bonds unless authorized by a Direct Participant in accordance with DTC's MMI procedures. Under its usual procedures, DTC mails an omnibus proxy to the Commonwealth as soon as possible after the record date. The omnibus proxy assigns Cede & Co.'s consenting or voting rights to those Direct Participants to whose accounts the 2010 Bonds are credited on the record date (identified in a listing attached to the omnibus proxy).

Principal, redemption premium, if any, and interest payments on the 2010 Bonds will be made to Cede & Co., or such other nominee as may be requested by an authorized representative of DTC. DTC's practice is to credit Direct Participants' accounts upon DTC's receipt of funds and corresponding detail information from the Commonwealth or the Trustee on the payable date in accordance with their respective holdings shown on DTC's records. Payments by Participants to Beneficial Owners will be governed by standing instructions and customary practices, as is the case with securities held for the accounts of customers in bearer form or registered in "street name", and will be the responsibility of such Participant and not of DTC, the Trustee or the Commonwealth, subject to any statutory or regulatory requirements as may be in effect from time to time. Payment of principal and interest to DTC is the responsibility of the Commonwealth or the Trustee, disbursement of such payments to Direct Participants shall be the responsibility of DTC, and disbursement of such payments to the Beneficial Owners shall be the responsibility of Direct and Indirect Participants.

DTC may discontinue providing its services as securities depository with respect to the 2010 Bonds at any time by giving reasonable notice to the Commonwealth or the Trustee. Under such circumstances, in the event that a successor securities depository is not obtained, 2010 Bond certificates are required to be printed and delivered.

The Commonwealth may decide to discontinue use of the system of book-entry transfers through DTC (or a successor securities depository). In that event, 2010 Bond certificates will be printed and delivered.

The information in this section concerning DTC and DTC's book-entry system has been furnished by DTC. Such information is believed to be reliable, but neither the Commonwealth nor the Underwriters takes any responsibility for the accuracy thereof.

Neither the Commonwealth nor the Trustee will have any responsibility or obligation to the Direct or Indirect Participants or the Beneficial Owners with respect to the accuracy of any records maintained by DTC or by any Direct or Indirect Participant; the payment of, or the providing of notice to, the Direct or Indirect Participants or the Beneficial Owners; or with respect to any other action taken by DTC as registered owner of the 2010 Bonds.

RATINGS

The 2010 Bonds have been assigned ratings of "Aaa" and "AAA" by Moody's Investors Service, Inc. ("Moody's") and Standard & Poor's Ratings Group, Inc. ("Standard & Poor's"), respectively.

Such ratings reflect only the respective views of Moody's and Standard & Poor's, and an explanation of the significance of such ratings may be obtained from the rating agency furnishing the same. There is no assurance that a rating will continue for any given period of time or that a rating will not be revised or withdrawn entirely by any or all of such rating agencies, if, in its or their judgment, circumstances so warrant. Any downward revision or withdrawal of a rating could have an adverse effect on the market prices of the 2010 Bonds.

UNDERWRITING

The 2010 Bonds are being purchased by the Underwriters, for whom J.P. Morgan Securities LLC ("JPMS") is acting as Representative. The Underwriters have agreed, subject to certain conditions, to purchase all of the 2010 Bonds from the Commonwealth at a discount from the initial offering prices of the 2010 Bonds equal to 0.518504% of the aggregate principal amount of the 2010 Bonds. The Underwriters may offer and sell the 2010 Bonds to certain

dealers and others (including dealers depositing 2010 Bonds into investment trusts) at prices lower than the public offering prices (or yields higher than the offering yields) stated on the inside cover page hereof. The principal offering prices (or yields) set forth on the inside cover page hereof may be changed from time to time after the initial offering by the Underwriters.

The following language has been provided by J.P. Morgan Securities LLC (“JPMS”). The Commonwealth takes no responsibility for the accuracy or completeness thereof.

JPMS has entered into negotiated dealer agreements (each, a “Dealer Agreement”) with each of UBS Financial Services Inc. (“UBSFS”) and Charles Schwab & Co., Inc. (“CS&Co.”) for the retail distribution of certain securities offerings at the original issue prices. Pursuant to each Dealer Agreement, each of UBSFS and CS&Co. will purchase offered 2010 Bonds from JPMS at the original issue price less a negotiated portion of the selling concession applicable to any offered 2010 Bonds that such firm sells.

The following language has been provided by Citigroup Global Markets Inc. The Commonwealth takes no responsibility for the accuracy or completeness thereof.

Citigroup Inc. and Morgan Stanley, the respective parent companies of Citigroup Global Markets Inc. and Morgan Stanley & Co. Incorporated, each an underwriter of the 2010 Bonds, have entered into a retail brokerage joint venture. As part of the joint venture each of Citigroup Global Markets Inc. and Morgan Stanley & Co. Incorporated will distribute municipal securities to retail investors through the financial advisor network of a new broker-dealer, Morgan Stanley Smith Barney LLC. This distribution arrangement became effective on June 1, 2009. As part of this arrangement, each of Citigroup Global Markets Inc. and Morgan Stanley & Co. Incorporated will compensate Morgan Stanley Smith Barney LLC for its selling efforts in connection with their respective allocations of 2010 Bonds.

TAX MATTERS

In the opinion of Bond Counsel, under existing law, interest on the 2010 Bonds is included in the gross income of the owners thereof for federal income tax purposes under the Code. Bond Counsel expresses no opinion regarding any other federal tax consequences related to the ownership or disposition of, or accrual or receipt of interest on, the 2010 Bonds.

For Massachusetts income tax purposes, Massachusetts gross income is federal gross income generally as defined under the Internal Revenue Code of 1986, as amended on January 1, 2005 (and subject to subsequent amendments to the Code specifically adopted by the Commonwealth by legislative action, although not relevant to the 2010 Bonds), with certain modifications. As a result, in general, federally taxable interest on obligations of the Commonwealth is also taxable for purposes of the Massachusetts personal income tax. However, as described above, the Commonwealth intends to issue the 2010 Bonds as “Build America Bonds” or “Recovery Zone Economic Development Bonds” under ARRA. Pursuant to Code Section 1400U-2, Recovery Zone Economic Development Bonds are deemed to be Build America Bonds. Section 1531(d) of ARRA provides, in part, as follows:

“Except as otherwise provided by a State after the date of enactment of [ARRA], the interest on any build America bond (as defined in section 54AA of [the Code], as added by this section)... shall be treated for purposes of the income tax laws of such State as being exempt from Federal income tax.”

To date, the Commonwealth has not taken any action with respect to the Massachusetts personal income tax status of interest on any Build America Bond and accordingly, Bond Counsel is further of the opinion that, under existing law, interest on the 2010 Bonds is exempt from Massachusetts personal income taxes, and the 2010 Bonds are exempt from Massachusetts personal property taxes. Prospective purchasers of the 2010 Bonds should be aware that the 2010 Bonds are included in the measure of Massachusetts estate and inheritance taxes, and the 2010 Bonds and the interest thereon is included in the measure of certain Massachusetts corporate excise and franchise taxes. Bond Counsel has not opined as to the taxability of the 2010 Bonds or the income therefrom under the laws of any state other than Massachusetts. A complete copy of the proposed form of opinion of Bond Counsel with respect to the 2010 Bonds is set forth in Appendix C hereto.

The following discussion summarizes certain U.S. federal tax considerations generally applicable to beneficial owners of the 2010 Bonds that acquire their 2010 Bonds in the initial offering. The discussion below is based upon laws, regulations, rulings, and decisions in effect and available on the date hereof, all of which are subject to change, possibly with retroactive effect. Prospective investors should note that no rulings have been or are expected to be sought from the Internal Revenue Service (“IRS”) with respect to any of the U.S. federal income tax consequences discussed below, and no assurance can be given that the IRS will not take contrary positions. Further, the following discussion does not deal with all U.S. federal income tax consequences applicable to any given investor, nor does it address the U.S. federal income tax considerations applicable to investors who may be subject to special taxing rules (regardless of whether or not such persons constitute U.S. Holders), such as certain U.S. expatriates, banks, real estate investment trusts, regulated investment companies, insurance companies, tax-exempt organizations, dealers or traders in securities or currencies, partnerships, S corporations, estates and trusts, investors who hold their 2010 Bonds as part of a hedge, straddle or an integrated or conversion transaction, or investors whose “functional currency” is not the U.S. dollar. Furthermore, the following discussion does not address (i) alternative minimum tax consequences or (ii) the indirect effects on persons who hold equity interests in a beneficial owner of 2010 Bonds. In addition, this summary generally is limited to investors who become beneficial owners of 2010 Bonds pursuant to the initial offering for the issue price that is applicable to such 2010 Bonds (i.e., the price at which a substantial amount of such 2010 Bonds is first sold to the public) and who will hold their 2010 Bonds as “capital assets” within the meaning of the Code.

As used herein, “U.S. Holder” means a beneficial owner of a 2010 Bond who for U.S. federal income tax purposes is an individual citizen or resident of the United States, a corporation or other entity taxable as a corporation created or organized in or under the laws of the United States or any state thereof (including the District of Columbia), an estate the income of which is subject to U.S. federal income taxation regardless of its source or a trust with respect to which a court within the United States is able to exercise primary supervision over the administration of the trust and one or more United States persons (as defined in the Code) have the authority to control all substantial decisions of the trust (or a trust that has made a valid election under Treasury Regulations to be treated as a domestic trust). As used herein, “Non-U.S. Holder” generally means a beneficial owner of a 2010 Bond (other than a partnership) who is not a U.S. Holder. If an entity classified as a partnership for U.S. federal income tax purposes is a beneficial owner of 2010 Bonds, the tax treatment of a partner in such partnership generally will depend upon the status of the partner and upon the activities of the partnership. Partners in such partnerships should consult their own tax advisors regarding the tax consequences of an investment in the 2010 Bonds (including their status as U.S. Holders or Non-U.S. Holders).

U.S. Holders

Interest. Stated interest on the 2010 Bonds generally will be taxable to a U.S. Holder as ordinary interest income at the time such amounts are accrued or received, in accordance with the U.S. Holder’s method of accounting for U.S. federal income tax purposes.

“Original issue discount” will arise for U.S. federal income tax purposes in respect of any 2010 Bond if its stated redemption price at maturity exceeds its issue price by more than a de minimis amount (as determined for tax purposes). For any 2010 Bonds issued with original issue discount, the excess of the stated redemption price at maturity of that 2010 Bond over its issue price will constitute original issue discount for U.S. federal income tax purposes. The stated redemption price at maturity of a 2010 Bond is the sum of all scheduled amounts payable on such 2010 Bond other than qualified stated interest. U.S. Holders of 2010 Bonds generally will be required to include any original issue discount in income for U.S. federal income tax purposes as it accrues, in accordance with a constant yield method based on a compounding of interest (which may be before the receipt of cash payments attributable to such income). Under this method, U.S. Holders of 2010 Bonds issued with original issue discount generally will be required to include in income increasingly greater amounts of original issue discount in successive accrual periods.

“Premium” generally will arise for U.S. federal income tax purposes in respect of any 2010 Bonds to the extent its issue price exceeds its stated principal amount. A U.S. Holder of a 2010 Bond issued at a premium may make an election, applicable to all debt securities purchased at a premium by such U.S. Holder, to amortize such premium, using a constant yield method over the term of such 2010 Bond.

Disposition of the 2010 Bonds. Unless a nonrecognition provision of the Code applies, the sale, exchange, redemption, retirement (including pursuant to an offer by the Commonwealth), reissuance or other disposition of a 2010 Bond will be a taxable event for U.S. federal income tax purposes. In such event, a U.S. Holder of a 2010 Bond

generally will recognize gain or loss equal to the difference between (i) the amount of cash plus the fair market value of property received (except to the extent attributable to accrued but unpaid interest on the 2010 Bond which will be taxed in the manner described above under “Interest”) and (ii) the U.S. Holder’s adjusted tax basis in the 2010 Bond (generally, the purchase price paid by the U.S. Holder for the 2010 Bond, increased by the amount of any original issue discount previously included in income by such U.S. Holder with respect to such 2010 Bond and decreased by any payments previously made on such 2010 Bond, other than payments of qualified stated interest, or decreased by any amortized premium). Any such gain or loss generally will be capital gain or loss. A material modification of the terms of any 2010 Bond may result in a deemed reissuance thereof, in which event a beneficial owner of the modified 2010 Bonds generally will recognize taxable gain or loss equal to the difference between the amount realized from the sale, exchange or retirement (less any accrued qualified stated interest which will be taxable as such) and the beneficial owner’s adjusted tax basis in the 2010 Bond.

In the case of a non-corporate U.S. Holder of the 2010 Bonds, the maximum marginal U.S. federal income tax rate applicable to any such gain may be lower than the maximum marginal U.S. federal income tax rate applicable to ordinary income if such U.S. holder’s holding period for the 2010 Bonds exceeds one year. The deductibility of capital losses is subject to limitations.

Non-U.S. Holders

The following discussion applies only to non-U.S. Holders. This discussion does not address all aspects of U.S. federal income taxation that may be relevant to non-U.S. Holders in light of their particular circumstances. For example, special rules may apply to a non-U.S. Holder that is a “controlled foreign corporation” or a “passive foreign investment company,” and, accordingly, non-U.S. Holders should consult their own tax advisors to determine the United States federal, state, local and other tax consequences of holding the 2010 Bonds that may be relevant to them.

Interest. Subject to the discussion below under the heading “Information Reporting and Backup Withholding,” payments of principal of, and interest on, any 2010 Bond to a Non-U.S. Holder, other than a bank which acquires such 2010 Bond in consideration of an extension of credit made pursuant to a loan agreement entered into in the ordinary course of business, generally will not be subject to any U.S. withholding tax provided that the beneficial owner of the 2010 Bond provides a certification completed in compliance with applicable statutory and regulatory requirements, which requirements are discussed below under the heading “Information Reporting and Backup Withholding,” or an exemption is otherwise established.

Disposition of the 2010 Bonds. Subject to the discussion below under the heading “Information Reporting and Backup Withholding,” any gain realized by a Non-U.S. Holder upon the sale, exchange, redemption, retirement (including pursuant to an offer by the Commonwealth) or other disposition of a 2010 Bond generally will not be subject to U.S. federal income tax, unless (i) such gain is effectively connected with the conduct by such Non-U.S. Holder of a trade or business within the United States; or (ii) in the case of any gain realized by an individual Non-U.S. Holder, such holder is present in the United States for 183 days or more in the taxable year of such sale, exchange, redemption, retirement (including pursuant to an offer by the Commonwealth) or other disposition and certain other conditions are met.

U.S. Federal Estate Tax. A 2010 Bond that is held by an individual who at the time of death is not a citizen or resident of the United States will not be subject to U.S. federal estate tax as a result of such individual’s death, provided that at the time of such individual’s death, payments of interest with respect to such 2010 Bond would not have been effectively connected with the conduct by such individual of a trade or business within the United States.

Information Reporting and Backup Withholding—U.S. Holders and non-U.S. Holders. Interest on, and proceeds received from the sale of, a 2010 Bond generally will be reported to U.S. Holders, other than certain exempt recipients, such as corporations, on IRS Form 1099. In addition, a backup withholding tax may apply to payments with respect to the 2010 Bonds if the U.S. Holder fails to furnish the payor with a correct taxpayer identification number or other required certification or fails to report interest or dividends required to be shown on the U.S. Holder’s federal income tax returns.

In general, a non-U.S. Holder will not be subject to backup withholding with respect to interest payments on the 2010 Bonds if such non-U.S. Holder has certified to the payor under penalties of perjury (i) the name and address of

such non-U.S. Holder and (ii) that such non-U.S. Holder is not a United States person, or, in the case of an individual, that such non-U.S. Holder is neither a citizen nor a resident of the United States, and the payor does not know or have reason to know that such certifications are false. However, information reporting on IRS Form 1042-S may still apply to interest payments on the 2010 Bonds made to non-U.S. Holders not subject to backup withholding. In addition, a non-U.S. Holder will not be subject to backup withholding with respect to the proceeds of the sale of a 2010 Bond made within the United States or conducted through certain U.S. financial intermediaries if the payor receives the certifications described above and the payor does not know or have reason to know that such certifications are false, or if the non-U.S. Holder otherwise establishes an exemption. Non-U.S. Holders should consult their own tax advisors regarding the application of information reporting and backup withholding in their particular circumstances, the availability of exemptions and the procedure for obtaining such exemptions, if available.

Backup withholding is not an additional tax, and amounts withheld as backup withholding are allowed as a refund or credit against a holder's federal income tax liability, provided that the required information as to withholding is furnished to the IRS.

The foregoing summary is included herein for general information only and does not discuss all aspects of U.S. federal income taxation that may be relevant to a particular holder of 2010 Bonds in light of the holder's particular circumstances and income tax situation. Prospective investors are urged to consult their own tax advisors as to any tax consequences to them from the purchase, ownership and disposition of 2010 Bonds, including the application and effect of state, local, foreign and other tax laws.

Medicare Tax on Unearned Income. The Health Care and Education Reconciliation Act of 2010 (P.L. 111-152) requires certain U.S. Holders that are individuals, estates or trusts to pay an additional 3.8% tax on, among other things, interest and gains from the sale or other disposition of the 2010 Bonds for taxable years beginning after December 31, 2012. U.S. Holders that are individuals, estates or trusts should consult their tax advisors regarding the effect, if any, of this legislation on their ownership and disposition of the 2010 Bonds.

Circular 230 Disclaimer

The preceding tax matters discussion related to the 2010 Bonds is not intended or written to be used, and cannot be used, for the purpose of avoiding penalties that may be imposed under federal tax law in connection with the 2010 Bonds. Such discussion was written to support the promotion or marketing of the 2010 Bonds. Each purchaser of the 2010 Bonds should seek advice based on such purchaser's particular circumstances from an independent tax advisor.

OPINIONS OF COUNSEL

The unqualified approving opinion as to the legality of the 2010 Bonds will be rendered by Edwards Angell Palmer & Dodge LLP, Boston, Massachusetts, Bond Counsel to the State Treasurer. The proposed form of the opinion of Bond Counsel is attached as Appendix C. Certain legal matters will be passed upon for the Underwriters by their counsel, McCarter & English, LLP, Boston, Massachusetts.

CONTINUING DISCLOSURE

In order to assist the Underwriters in complying with paragraph (b)(5) of Rule 15c2-12, the Commonwealth will undertake in the 2010 Bonds to provide annual reports and notices of certain events. A description of this undertaking is set forth in Appendix D attached hereto. To date, the Commonwealth has complied with all of its continuing disclosure undertakings relating to debt of the Commonwealth except for the annual filings relating to the fiscal year ended June 30, 2001 for the Commonwealth's special obligation debt and for the Commonwealth's federal highway grant anticipation notes, each of which was filed two days late, on March 29, 2002. Proper notice of the late filings was provided on March 29, 2002 to the Nationally Recognized Municipal Securities Information Repositories and the Municipal Securities Rulemaking Board ("MSRB").

**SUMMARY OF CERTAIN PROVISIONS OF THE
COMMONWEALTH TRANSPORTATION FUND ACT AND THE SPECIAL OBLIGATION ACT**

The following is a brief summary of certain provisions of the Special Obligation Act (the “Special Obligation Act”), pursuant to which the 2010 Bonds are being issued, and the Commonwealth Transportation Fund Act (the “Commonwealth Transportation Fund Act” and together with the Special Obligation Act, the “Acts”), pursuant to which the Commonwealth Transportation Fund is established. The Special Obligation Act is codified as Section 2O of Chapter 29 of the General Laws and the Commonwealth Transportation Fund Act is codified as Section 2ZZZ of said Chapter 29. The Acts may be amended after the issuance of the 2010 Bonds, but any such amendment must comply with the covenants of the Commonwealth contained in the Trust Agreement, as described in this Official Statement. Although the Acts contain certain covenants of the Commonwealth, the Trust Agreement provides that any provision of the Acts creating a covenant with the owners of Bonds shall be deemed a covenant under the Trust Agreement only to the extent expressly provided for in, and as limited by, the Trust Agreement. See *Appendix B -Summary of Certain Provisions of the Trust Agreement*. This summary of the Acts does not purport to be complete, and reference is made to the Acts for a full and complete statement of its terms and provisions.

Commonwealth Transportation Fund Act

The Commonwealth Transportation Fund Act establishes the Commonwealth Transportation Fund, which is to be used exclusively for financing transportation-related purposes.

Amounts credited to the Commonwealth Transportation Fund include: all fees received by the registrar of motor vehicles to be deposited in the Commonwealth Transportation Fund pursuant to Section 34(iii) of Chapter 90, all receipts paid to the Commonwealth and directed to be credited to the Commonwealth Transportation Fund pursuant to Chapters 64A, 64E, 64F and any other amounts appropriated into the Commonwealth Transportation Fund. The Commonwealth Transportation Fund is subject to appropriation and shall be used for transportation related expenses of the Massachusetts Department of Transportation or any successor agency or authority, including to pay or reimburse the General Fund for payment of debt service on bonds issued by, or otherwise payable pursuant to a lease or other contract assistance agreement by, the Commonwealth for transportation purposes.

In addition to the revenues listed above, there are credited to the Commonwealth Transportation Fund all monies received by the Commonwealth equal to 0.385% of the receipts from sales, as defined by Chapter 64H, and 0.385% of the sales price of purchases, as defined by Chapter 64I, from that portion of the taxes imposed under Chapters 64H and 64I as excises upon the sale and use at retail of tangible property or of services, and upon the storage, use or other consumption of tangible property, or of services, including interest thereon or penalties, but not including any portion of the taxes that constitute special receipts within the meaning of Subsection 10(b 1/2) of Chapter 152 of the Acts of 1997. If in a fiscal year the amount credited to the Commonwealth Transportation Fund from the a portion of the Commonwealth’s receipts from the Sales and Use Tax under the Commonwealth Transportation Fund Act is less than \$275 million, then the Comptroller shall transfer an amount from the General Fund to make up the difference between the amount so credited to the Commonwealth Transportation Fund and \$275 million, not later than September 1 of the following fiscal year. Pursuant to the Commonwealth Transportation Fund Act, not less than the following amounts shall annually be distributed from the Commonwealth Transportation Fund to the Massachusetts Bay Transportation Authority and regional transit authorities:

- (1) \$160 million to the Massachusetts Bay Transportation Authority or any fund controlled by the authority in each fiscal year; and
- (2) \$15 million to regional transit authorities organized under Chapter 161B or predecessor statutes in each fiscal year.

Special Obligation Act

Bonds issued in accordance with the provisions of the Special Obligation Act are special obligations of the Commonwealth payable solely from moneys credited to the Commonwealth Transportation Fund. Notwithstanding the provisions of any general or special law to the contrary, such special obligation bonds are not general obligations of the Commonwealth. Special obligation bonds may be secured by a trust agreement entered into by the Treasurer, with the concurrence of the Secretary of Administration and Finance and the Secretary of Transportation, on behalf of the Commonwealth, which trust agreement may pledge or assign all or any part of moneys credited to the Commonwealth Transportation Fund and rights to receive the same, whether existing or coming into existence and whether held or thereafter acquired, and the proceeds thereof. The Treasurer is also authorized, with the concurrence of the Secretary of Administration and Finance and the Secretary of Transportation, to enter into additional security, insurance or other forms of credit enhancement which may be secured on a parity or subordinate basis with the special obligation bonds. The Special Obligation Act provides that a pledge in any such trust agreement or credit enhancement agreement is valid and binding from the time such pledge is made without any physical delivery or further act, and the lien of such pledge is valid and binding as against all parties having claims of any kind in tort, contract or otherwise, irrespective of whether such parties have notice thereof. Any such pledge may be perfected by filing the trust agreement or credit enhancement agreement in the records of the Treasurer, and no filing need be made under the Massachusetts Uniform Commercial Code.

The Special Obligation Act provides that any such trust agreement or credit enhancement agreement may establish provisions defining defaults and establishing remedies and other matters relating to the rights and security of the holders of the special obligation bonds or other secured parties as determined by the Treasurer, including provisions relating to the establishment of reserves, the issuance of additional or refunding bonds, whether or not secured on a parity basis, the application of receipts, moneys or funds pledged pursuant to such agreement, and other matters deemed necessary or desirable by the Treasurer for the security of such special obligation bonds, and may also regulate the custody, investment and application of monies. Any such special obligation bonds are deemed to be investment securities under the Massachusetts Uniform Commercial Code and are made securities in which any public officer, fiduciary, insurance company, financial institution or investment company may properly invest funds and which may be deposited with any public custodian for any purpose for which the deposit of bonds is authorized by law. The Special Obligation Act provides that any such special obligation bonds, their transfer and the income therefrom, including profit on the sale thereof, shall at all times be exempt from taxation by and within the Commonwealth.

In order to increase the marketability of any such special obligation bonds issued by the Commonwealth, and in consideration of the acceptance of payment for any such special obligation bonds, the Commonwealth covenants in the Special Obligation Act with the purchasers and all subsequent holders and transferees of any such special obligation bonds that while any such special obligation bond shall remain outstanding, and so long as the principal of or interest on any such special obligation bond shall remain unpaid: (i) no pledged funds shall be diverted from the Commonwealth Transportation Fund, (ii) in any fiscal year of the Commonwealth, unless and until an appropriation has been made which is sufficient to pay the principal, including sinking fund payments, of and interest on all such special obligation bonds of the Commonwealth and to provide for or maintain any reserves, additional security, insurance or other form of credit enhancement required or provided for in any trust agreement securing any such special obligation bonds, no pledged funds shall be applied to any other use and (iii) so long as such revenues are necessary, as determined by the Treasurer in accordance with any applicable trust agreement or credit enhancement agreement, for the purposes for which they have been pledged, the rates of the fees collected pursuant to Sections 33 and 34 of Chapter 90 of the General Laws and the excises imposed in Chapters 64A, 64E and 64F of the General Laws shall not be reduced below the amount in effect at the time of issuance of any such special obligation bond.

The Trust Agreement provides that any provision of the Special Obligation Act creating a covenant with the owners of the Bonds shall be deemed a covenant under the Trust Agreement only to the extent expressly provided for in and as limited by the Trust Agreement.

SUMMARY OF CERTAIN PROVISIONS OF THE TRUST AGREEMENT

The Trust Agreement contains terms and conditions relating to the issuance and sale of Special Obligation Bonds under it, including various covenants and security provisions, certain of which are summarized below. For purposes of this summary, all references to “Bonds” shall refer to the Special Obligation Bonds. This summary does not purport to be comprehensive or definitive and is subject to all of the provisions of the Trust Agreement, as supplemented and amended by the First Supplemental Trust Agreement, to which reference is hereby made. Copies of the Trust Agreement, as supplemented and amended, are available from Edwards Angell Palmer & Dodge LLP, 111 Huntington Avenue, Boston, MA 02199, Attn: Walter J. St. Onge, III, Bond Counsel to the Commonwealth.

Definitions

The following is a summary of certain terms used in the Trust Agreement, in this Appendix B and otherwise used in this Official Statement.

“1994 Trust Agreement” shall mean the Trust Agreement between the Commonwealth and the 1994 Trustee, dated as of June 1, 1994, as amended and restated as of January 1, 2005, and as further amended and supplemented to the date of the Trust Agreement, relating to certain Special Obligation Revenue Bonds issued pursuant to the Act.

“1994 Trust Agreement Bonds” shall mean any outstanding bonds issued pursuant to the 1994 Trust Agreement.

“1994 Trustee” shall mean U.S. Bank National Association, as successor trustee under the 1994 Trust Agreement.

“Act” shall mean, collectively, the provisions of Sections 2O and 2ZZZ of Chapter 29 of the Massachusetts General Laws, as it may be amended from time to time.

“Accreted Value” shall mean with respect to any Bonds that are Capital Appreciation Bonds, an amount equal to the principal amount of such Capital Appreciation Bonds (determined on the basis of the initial principal amount per \$5,000 at maturity thereof) plus the amount assuming compounding (as set forth in the Applicable Supplemental Trust Agreement) of earnings which would be produced on the investment of such initial amount, beginning on the dated date of such Capital Appreciation Bonds and ending at the maturity date thereof, at a yield which, if produced until maturity, will produce \$5,000 at maturity.

“Additional Bonds” shall mean Bonds of the Commonwealth issued pursuant to the Trust Agreement.

“Additional Pledged Funds” shall mean any fees, duties, excises or license taxes which the Commonwealth may impose and collect relating to registration, operation or use of vehicles on public highways, or to fuels use for propelling such vehicles and subject to the restrictions of Article LXXVIII of the Constitution of the Commonwealth or any Federal Highway Reimbursements.

“Adjusted Bond Debt Service Requirement” shall mean, for any period of calculation, the aggregate Bond Debt Service Requirement on Bonds (but not including Subordinated Bonds) Outstanding during such period, taking into account the following adjustments:

- (i) with respect to Variable Rate Bonds, the aggregate Bond Debt Service Requirement based upon an interest rate equal to the average interest rate of the SIFMA Index over the five (5) years immediately prior to the date of calculation, as determined by the Commonwealth; provided, however, if the Commonwealth (1) enters into a Qualified Hedge Agreement requiring the Commonwealth to pay a fixed interest rate or providing for a maximum interest rate on a notional amount, and (2) has made a determination that such Qualified Hedge Agreement was

entered into for the purpose of providing substitute interest payments or limiting the potential increase in the interest rate for a particular maturity of Bonds in a principal amount equal to the notional amount of the Qualified Hedge Agreement, then during the term of such Qualified Hedge Agreement and so long as the Hedge Provider under such Qualified Hedge Agreement is not in default, the interest rate on such Bonds shall be based on the fixed interest rate or maximum interest rate, as the case may be, payable by the Commonwealth under such Qualified Hedge Agreement;

- (ii) with respect to Fixed Rate Bonds, if the Commonwealth (1) enters into a qualified Hedge Agreement requiring the Commonwealth to pay a variable interest rate on a notional amount and (2) has made a determination that such Qualified Hedge Agreement was entered into for the purpose of providing substitute interest payments for a particular maturity of Bonds in a principal amount equal to the notional amount of the Qualified Hedge Agreement, then during the term of such Qualified Hedge Agreement and so long as the Hedge Provider under such Qualified Hedge Agreement is not in default, the interest rate on such Bonds shall be determined as if such Bonds bore interest at the Assumed Hedge Rate;
- (iii) with respect to Tender Bonds, the aggregate Bond Debt Service Requirements thereon shall not include amounts payable upon mandatory or optional tender, as long as such Tender Bonds are secured by a Liquidity Facility, the aggregate Bond Debt Service Requirement shall be deemed to include all periodic Bond Related Costs payable to the provider of any Liquidity Facility, but shall not be deemed to include any Reimbursement Obligation to such provider except to the extent provided in the Applicable Supplemental Trust Agreement;
- (iv) with respect to Bonds that have Credit Enhancement, the aggregate Bond Debt Service Requirements thereon shall be deemed to include all periodic Bond Related Costs and other payments to the provider of the Credit Enhancement, but shall not be based upon the terms of any Reimbursement Obligation to such provider except to the extent and for periods during which Bond Related Costs and other payments are required to be made pursuant to such Reimbursement Obligation due to such provider advancing funds;
- (v) the amount of any principal of any of the Refunded Bonds paid or to be paid from an Escrow Account pursuant to any Supplemental Trust Agreement shall be deducted from the Adjusted Bond Debt Service Requirements for the applicable period; and
- (vi) with respect to Balloon Indebtedness, the aggregate Bond Debt Service Requirement shall be calculated as if the Principal Installments with respect to such Bonds amortized over a period of 25 years at an interest rate equal to The *Bond Buyer's* Revenue Bond Index (or, if such index is no longer published, such other substantially comparable index as may be selected by the Commonwealth) as of the most recent date for which such index was published prior to the date of such calculation.

“Advance Refunded Municipal Bonds” shall mean any bonds or other obligations of any state of the United States of America or of any agency, instrumentality or local governmental unit of any such state (i) which are not callable at the option of the obligor or otherwise prior to maturity or as to which irrevocable notice has been given by the obligor to call such bonds or obligations on the date specified in the notice, (ii) which are fully secured as to principal and interest and redemption premium, if any, by a fund consisting only of cash or Government Obligations which is sufficient to pay interest when due, principal of and redemption premium, if any, on such bonds or other obligations described in this definition on the maturity date or dates thereof or on the specified redemption date or dates, as appropriate and (iii) as to which the principal of and interest on the Government Obligations which have been deposited in such fund along with any cash on deposit in such fund is sufficient to pay interest when due, principal of

and redemption premium, if any, on the bonds or other obligations described in this definition on the maturity date or dates thereof or on the redemption date or dates specified in the irrevocable notice referred to in subclause (i) above, as appropriate.

“Subordinated Debt Service Fund Requirement” shall mean, as of any particular date of computation, the amount of money obtained by aggregating the several sums, computed with respect to Subordinated Bonds Outstanding, of (i) any unpaid interest due on such Subordinated Bonds at or before said date and all unpaid interest on such Subordinated Bonds accrued but not due at said date, (ii) the principal amount of any such Subordinated Bonds matured and unpaid at or before said date, and (iii) with respect to any Principal Installment of any Subordinated Bonds not included in (ii) above, but payable on the next succeeding Principal Installment payment date other than by reason of redemption at the option of the Commonwealth or the Holder of any Subordinated Bonds, that portion of such Principal Installment determined by multiplying such Principal Installment by a fraction, the numerator of which shall be the number of days elapsed from and including the immediately preceding Principal Installment payment date, or if (a) there be no such date with respect to such Subordinated Bonds or (b) such preceding Principal Installment payment date is more than one year prior to the due date of such Principal Installment, then from a date one year preceding the due date of such Principal Installment or from the date of issuance thereof, whichever date is later, to the date of such calculation and the denominator of which shall be the

number of days from and including the immediately preceding Principal Installment payment date, or if (c) there be no such date with respect to such Subordinated Bonds or (d) such preceding Principal Installment payment date is more than one year prior to the due date of such Principal Installment, then from a date one year preceding the due date of such Principal Installment or from the date of issuance thereof, whichever date is later, to such Principal Installment payment date.

“Tax Exempt Bonds” shall mean any Bonds accompanied by a Bond Counsel’s opinion upon the original issuance thereof that the interest on such Bonds is not includable in the gross income of the holder thereof for Federal income tax purposes.

“Transportation Bonds” shall mean bonds issued from time to time by the Commonwealth pursuant to the Act, other than Bonds issued under the Trust Agreement.

The Pledge

There are pledged for the payment of principal and Redemption Price of and interest on the Bonds other than the Subordinated Bonds (i) the Pledged Funds and all rights to receive the same, whether existing or coming into existence and whether held or thereafter acquired and including any proceeds thereof, (ii) all moneys, securities and any investment earnings with respect thereto, in all Funds and Accounts established by or pursuant to the Trust Agreement other than the Rebate Fund, and the Subordinated Debt Service Fund, and (iii) any amounts payable to the Commonwealth by a Hedge Provider pursuant to a Qualified Hedge Agreement. The full faith and credit of the Commonwealth has not been pledged to the payment of the Bonds.

The Commonwealth may in any Supplemental Trust Agreement pledge additional portions of the Motor Fuels Tax, Registry Fees or any Additional Pledged Funds or portions thereof which the Commonwealth may lawfully pledge to the payment of amounts due under the Trust Agreement. From and after the date of such Supplemental Trust Agreement such amounts shall be deemed part of the Pledged Funds under the Trust Agreement. No amounts may be pledged which are subject to any other lien or pledge unless such lien or pledge is made expressly subordinate to the pledge created under the Trust Agreement. (Section 501)

Trust Agreement to Constitute Contract

The Trust Agreement constitutes a contract between the Commonwealth and the registered owners from time to time of the Bonds, and the pledge made therein and the covenants and agreements therein set forth to be performed by or on behalf of the Commonwealth shall be for the equal benefit, protection and security of the registered owners of any and all of the Bonds, all or which, regardless of the time or times of their issue or maturity, shall be of equal rank without preference, priority or distinction of any of the Bonds over any other thereof, except as otherwise expressly provided in or permitted by the Trust Agreement (Section 202).

Authorization of Bonds

The Commonwealth is authorized to issue one or more series of Bonds under the Trust Agreement, which Bonds may be issued without limitation as to amount except as provided in the Trust Agreement with respect to Additional Bonds or as limited by law. The Bonds may be issued as Fixed Rate Bonds, Variable Rate Bonds, Tender Bonds, Capital Appreciation Bonds, Deferred Income Bonds, Discount Bonds, Build America Bonds or Recovery Zone Economic Development Bonds or any combination thereof.

The Commonwealth may issue Bonds (“Variable Rate Bonds”) which provide for a variable, adjustable, convertible or other similar rates of interest, not fixed as to percentage at the date of issue for the term thereof. Any Variable Rate Bonds shall bear a ceiling (the “Variable Rate Ceiling”) on the interest payable thereunder.

The Commonwealth may provide that any Series of Bonds may include an option exercisable by the registered owners thereof to have such Bonds (“Tender Bonds”) either repurchased or redeemed prior to the maturity thereof. Any Tender Bonds may be secured by a Liquidity Facility providing for the repurchase or payment of any tender price of Tender Bonds which have not been remarketed upon tender of such Bonds and any accrued and unpaid

interest due on such Bonds upon the tender date thereof. The provider of any such Liquidity Facility shall have a rating on its short term obligations within the highest Rating Category from each Rating Agency then maintaining a rating on the Bonds Outstanding.

The Commonwealth may issue Bonds (“Discount Bonds”) which either bear a zero stated rate of interest or bear a stated rate of interest such that such Bonds are sold at a price less than the aggregate principal amount thereof in order to provide such yield thereon as deemed appropriate and desirable thereon by the Commonwealth. The Commonwealth may provide for the determination of the “principal amount” and “interest” payable on such Bonds.

The Commonwealth may issue Bonds (“Build America Bonds” or “Recovery Zone Economic Development Bonds,” as specified by the Commonwealth at the time of issuance thereof) that provide for a Direct Payment to be received by the Commonwealth from the federal government with respect to a portion of the interest payable on such Bonds. The Applicable Supplemental Trust Agreement shall authorize the Treasurer to make any elections, certifications, representations, agreements, modifications or amendments required with respect to any such Bonds, including, without limitation, to the extent permitted or authorized by law, the allocation to the Revenue Account of any Direct Payment received by the Commonwealth from the federal government with respect to a portion of the interest payable on such Bonds. (Section 203)

Additional Bonds

One or more Series of Additional Bonds may be issued for the purpose of (i) paying all or a portion of the cost of any Project including the refunding of any Transportation Bonds, 1994 Trust Agreement Bonds or any Bonds, (ii) the making of deposits in the Debt Service Fund or the Subordinated Debt Service Fund, as applicable, (iii) the payment of the Costs of Issuance of such Bonds, (iv) the payment of the principal of and interest and premium, if any, on notes issued in anticipation of such Bonds or (v) any combination of the foregoing.

Additional Bonds may be issued only upon the delivery, among other items, of the following:

- (i) A Bond Counsel’s opinion with respect to the validity of the Additional Bonds and the enforceability of the pledge under the Trust Agreement;
- (ii) The documents and moneys, if any, required by the Applicable Supplemental Trust Agreement;
- (iii) A certificate of an Authorized Officer stating that, as to the delivery of such Additional Bonds, no Event of Default will have happened or will then be continuing;
- (iv) A certificate or certificates of the Commissioner of Revenue or the Comptroller setting forth the amount of Pledged Funds received by the Commonwealth for each month for the 18-month period ending with the last full month immediately preceding the issuance of the Additional Bonds;
- (v) One of the following certificates as determined by the Treasurer:
 - (A) A certificate of an Authorized Officer showing that the amount of Pledged Funds received by the Treasurer during any 12 consecutive months out of such 18-month period referred to in subparagraph (iv) above was not less than 400% of the maximum aggregate Adjusted Bond Debt Service Requirement due in the then current or any future Fiscal Year on Bonds Outstanding including the proposed Additional Bonds, or
 - (B) if the Commonwealth shall pledge an additional portion of the Motor Fuels Tax, Registry Fees or any other Additional Pledged Funds which amounts shall have been collected by the Commonwealth for at least 12 consecutive months of the 18-month period described in subparagraph (iv) above, (x) a certificate of the Comptroller and/or the Commissioner of Revenue showing Pledged Funds for 18 consecutive months immediately preceding the month in which the Additional Bonds are issued, calculated on the basis that

Pledged Funds shall include such Additional Pledged Funds for such period, and (y) a certificate of an Authorized Officer showing that the Pledged Funds calculated as provided in subparagraph (iv) above for any 12 consecutive months during the 18-month period described in (x) above shall be not less than 400% of the maximum aggregate Adjusted Bond Debt Service Requirement during the then current Fiscal Year or any future Fiscal Year on all Bonds Outstanding including the proposed Additional Bonds, or

(C) if the Commonwealth shall pledge an additional portion of the Motor Fuels Tax, Registry Fees or any other Additional Pledged Funds, which Additional Pledged Amounts have not been collected by the Commonwealth during at least 12 consecutive months of the 18-month period described in subparagraph (iv) above, a certificate of an Authorized Officer showing that the amount of any Pledged Funds projected to be received by the Commonwealth after giving effect to any such Additional Pledged Funds during the first full Fiscal Year immediately succeeding the issuance of the proposed Additional Bonds will not be less than 400% of the maximum aggregate Adjusted Bond Debt Service Requirement due in the then current or in any future Fiscal Year on Bonds Outstanding including the proposed Additional Bonds;

- (vi) If the Commonwealth shall deliver a certificate described in (v)(B) above, which shall include as a basis for calculation of Pledged Funds any Additional Pledged Funds, other than an additional portion of the Motor Fuels Tax, Registry Fees or a certificate pursuant to (v)(C) above, confirmation from each Rating Agency maintaining a rating on Bonds Outstanding that the issuance of such Additional Bonds shall not adversely affect their rating in effect on Bonds Outstanding;
- (vii) If Additional Bonds are to be issued as Tender Bonds, a fully executed copy of the Liquidity Facility for the Bonds, if any; and
- (viii) If applicable, a certificate of an Authorized Officer setting forth the interest rate (the "Assumed Hedge Rate") that such Authorized Officer reasonably determines will be the average interest rate that will be payable for the next succeeding twelve consecutive months on the notional amount under any Qualified Hedge Agreement. (Section 206)

Refunding Bonds

One or more Series of Refunding Bonds may be issued for the purpose of refunding all or any part of the Bonds of one or more Series Outstanding upon delivery, among other items, of the following:

- (i) An opinion of Bond Counsel as described above under "Additional Bonds;"
- (ii) A certificate of an Authorized Officer setting forth the Adjusted Bond Debt Service Requirement for each Fiscal Year in which Bonds are or will be Outstanding (a) computed immediately prior to the delivery of such Refunding Bonds and (b) computed immediately after the delivery of such Refunding Bonds, and showing either that (x) the Adjusted Bond Debt Service Requirement in each Fiscal Year in which Bonds will be Outstanding as computed in (b) of this paragraph will not be greater than the Adjusted Bond Debt Service Requirement in each such Fiscal Year as computed (a) of this paragraph or (y) the net present value of the Adjusted Bond Debt Service Requirement as computed in paragraph (b) of this paragraph is less than the net present value of the Adjusted Bond Debt Service Requirement as computed in paragraph (a) of this paragraph; provided that, in lieu of such certificate, the Comptroller or Commissioner of Revenue and an Authorized Officer may deliver to the Trustee certificates satisfying the conditions described under "Additional Bonds;" and
- (iii) An amount of money or Defeasance Obligations sufficient to effect payment at maturity or redemption of the Bonds to be refunded. (Section 207)

Bond Anticipation Notes

The Commonwealth may, to the extent authorized by law, issue notes (and renewals thereof) in anticipation of a Series of Bonds. The proceeds of such notes or such Series of Bonds may be pledged for the payment of the principal of and interest on such notes. The Commonwealth may also pledge the Pledged Funds to the payment of such notes. Prior to the issuance of any such notes, the Treasurer shall certify to the Trustee that he reasonably expects that all applicable requirements pertaining to the issuance of the Series of Bonds in anticipation of which such notes are to be issued can be satisfied. (Section 208)

Creation of Liens; Other Indebtedness

The Commonwealth may not issue any bonds, notes or other evidences of indebtedness, other than the Bonds, secured by a pledge of or other lien on the Pledged Funds or any other moneys, securities and funds held or set aside by the Commonwealth or by the Fiduciaries under the Trust Agreement, and shall not otherwise create or cause to be created any lien or charge on such Pledged Funds, moneys, securities and funds. The Trust Agreement permits the issuance of other indebtedness (and renewals thereof), including bond anticipation notes, secured by a subordinate lien on Pledged Funds, and other indebtedness secured by a lien on that portion of the Motor Fuels Tax, Registry Fees or any other amounts not included as Pledged Funds. (Section 209)

Credit Enhancement/Liquidity Facilities

The Commonwealth may obtain or cause to be obtained Credit Enhancement or a Liquidity Facility providing for payment of all or a portion of the principal, premium, or interest due or to become due on such Bonds or providing for the purchase of such Bonds or a portion thereof. In connection therewith the Commonwealth may agree with the issuer of such Credit Enhancement or Liquidity Facility to reimburse such issuer directly for amounts paid under the terms of such Credit Enhancement or Liquidity Facility, together with interest thereon. Such reimbursement obligation may be subject to a lien on Pledged Funds on a parity with the lien for the related Series of Bonds created under the Trust Agreement. A reimbursement obligation relating to a Liquidity Facility securing Variable Rate Bonds may be subject to a lien on Pledged Funds only to the extent that it is subordinate to the lien created under the Trust Agreement. (Section 210)

Qualified Hedge Agreements

The Commonwealth may from time to time enter into Qualified Hedge Agreements with a Hedge Provider with respect to all or a portion of the Bonds of any Series Outstanding. The obligations of the Commonwealth thereunder may be secured by a pledge of the Pledged Funds; provided, however, that such security shall be expressly subordinate to the security for the Bonds Outstanding.

Any amounts paid to the Commonwealth pursuant to a Qualified Hedge Agreement shall be deposited in the Revenue Account. Any amounts payable by the Commonwealth under a Qualified Hedge Agreement may be payable from the Infrastructure Fund from amounts after funding of amounts in the various Funds and Accounts under the Trust Agreement. Upon the issuance of any Additional Bonds or Refunding Bonds, the Authorized Officer shall set an interest rate (the "Assumed Hedge Rate") which the Authorized Officer reasonably determines will be the average interest rate which will be payable for the next succeeding twelve consecutive months on the notional amount under any Qualified Hedge Agreement establishing a variable interest rate for Fixed Rate Bonds. (Section 211)

Establishment of Funds and Accounts

The following funds and accounts shall be established and shall be held by the Trustee:

- (i) Redemption Fund;
- (ii) Debt Service Fund;
- (iii) Bond Related Costs Funds; and

- (iv) Rebate Fund.

Such funds, except the Rebate Fund, are subject to the pledge created under the Trust Agreement.

The Treasurer shall establish a Revenue Account to be maintained as part of the Commonwealth Transportation Fund that is to be held by the Treasurer so long as Bonds shall remain Outstanding. Such Account shall be deposited with the Trustee and shall be subject to the pledge created under the Trust Agreement. The Treasurer shall establish the following subaccounts within the Revenue Account:

- (i) Motor Fuels Tax Subaccount; and
- (ii) Non-Motor Fuels Tax Subaccount.

All Pledged Funds constituting Motor Fuels Tax receipts shall be deposited in the Motor Fuels Tax Subaccount. All other Pledged Funds shall be deposited in the Non-Motor Fuels Tax Subaccount. (Section 502)

Bond Proceeds

The Treasurer shall apply the proceeds of any Bonds to the payment of the costs of issuance of the related Series of Bonds, to the extent permitted by law, to pay the cost of Projects for which such Bonds have been issued or to pay notes issued in anticipation of such Bonds. Any balance remaining after payment of such amounts shall be paid by the Treasurer to the Trustee and deposited in the Redemption Fund and applied to the redemption of Bonds of the related Series. (Section 503)

Revenue Account

The Commissioner of Revenue and an Authorized Officer of MassDOT shall deliver to the Trustee within eight business days after the end of the month, commencing with the end of the month in which the Bonds are issued, a certificate stating the amount of Pledged Funds collected by the Commonwealth during such month and, so long as any 1994 Trust Agreement Bonds or Prior Federal Highway Grant Anticipation Notes remain outstanding, indicating the amount of Motor Fuels Tax receipts collected by the Commonwealth as part of such amount of Pledged Funds representing (i) with respect to the 1994 Trust Agreement Bonds, that portion of the Motor Fuels Tax composed of six and eighty-six hundredths cents (\$0.0686) of the excise on gasoline imposed by the provisions of Chapter 64A (other than aviation fuel) and (ii) with respect to the Prior Federal Highway Grant Anticipation Notes, that portion of the Motor Fuels Tax comprised of ten cents (\$0.10) of the excise on gasoline imposed by the provisions of Chapter 64A (other than aviation fuel). All Pledged Funds (other than any portion thereof required to be deposited with the 1994 Trustee pursuant to the 1994 Trust Agreement) shall be paid by the Treasurer to the Trustee within the two business days thereafter from amounts credited to the Commonwealth Transportation Fund, and deposited by the Trustee in the applicable subaccounts of the Revenue Account and applied as set forth below.

Immediately upon receipt thereof, the Trustee shall deposit in the Motor Fuels Tax Subaccount of the Revenue Account any Pledged Funds received from the 1994 Trustee pursuant to the 1994 Trust Agreement, to be applied as set forth below under the heading "Flow of Funds." The Trustee shall further deposit in the Revenue Account any funds transferred to the Revenue Account pursuant to a Supplemental Trust Agreement including, without limitation, any Direct Payment.

So long as the Act shall require that the expenditure of amounts in the Commonwealth Transportation Fund are subject to appropriation for the purposes described below, at the beginning of each Fiscal Year after the adoption of the operating budget for the Commonwealth for such Fiscal Year, the Secretary of Administration and Finance and the Treasurer shall certify to the Trustee the amount appropriated for such Fiscal Year for payment of the following amounts:

- (i) the Bond Debt Service Requirement for such Fiscal Year;
- (ii) the Bond Related Costs, if any, for such Fiscal Year;

- (iii) the Rebate Fund Requirement, if any, for such Fiscal Year;
- (iv) if the Secretary of Administration and Finance and the Treasurer have received a certificate from the Prior Federal Highway Grant Anticipation Note Trustee under the Prior Federal Highway Grant Anticipation Note Trust Agreement, in accordance the Prior Federal Highway Grant Anticipation Note Trust Agreement, that the True-up Condition (as defined in the Prior Federal Highway Grant Anticipation Note Trust Agreement) shall have occurred and is continuing, the amount set forth in such certificate; and
- (v) if the Secretary of Administration and Finance and the Treasurer have received a certificate from the Federal Highway Grant Anticipation Note Trustee under the Federal Highway Grant Anticipation Note Trust Agreement, in accordance with the Prior Federal Highway Grant Anticipation Note Trust Agreement, the amount set forth in such certificate. So long as the account held by the Federal Highway Grant Anticipation Note Trustee under the Federal Highway Grant Anticipation Note Trust Agreement is deemed to be part of the Commonwealth Transportation Fund, then no appropriation shall be required to transfer any requested amount from the Revenue Account established under the Trust Agreement to said account held by the Federal Highway Grant Anticipation Note Trustee.

If amounts are appropriated for such purpose as an aggregate sum, such sum shall be allocated in the order set forth above for the amounts set forth above and such certificate shall set forth such allocation. To the extent additional amounts are appropriated during a Fiscal Year for any such purpose, the officials described above shall also certify to the Trustee the amount of any such supplemental appropriation. The aggregate amounts appropriated for each such purpose as provided in the Trust Agreement shall be referred to as an “Appropriated Amount” for such purpose. (Section 504)

Flow of Funds

Immediately following the deposit by the Treasurer with the Trustee described in the first two paragraphs under the heading “Revenue Account” above, but no later than the second business day following such deposit with the Trustee, the Trustee shall transfer from amounts available in the Revenue Account to the following Funds and in the following order:

- (i) To the Debt Service Fund, an amount equal to the sum of (a) one-fifth (1/5th) of the interest coming due on the Bonds, other than Subordinated Bonds, on the next interest payment date and (b) one-tenth (1/10th) of the Principal Installment coming due on the next Principal Installment payment date (which is not later than one year from the date of deposit); provided that the aggregate amount on deposit in the Debt Service Fund on any date shall be at least equal to the Debt Service Fund Requirement calculated as of such date; provided further that as long as the aggregate amount on deposit in the Debt Service Fund as of any date is at least equal to the aggregate Debt Service Fund Requirement calculated as of each remaining interest payment date and Principal Installment payment date, as the case may be, in the then current Fiscal Year, no additional monthly deposits are required to be made during the remainder of such Fiscal Year; and provided, further, that the aggregate amount deposited therein during a Fiscal Year shall not exceed the Appropriated Amount during such Fiscal Year for such purpose unless the Treasurer shall certify to the Trustee that deposits of such amounts shall not then be subject to appropriation;
- (ii) To the Bond Related Costs Fund, at such times and in such amounts, if any, as determined by the Treasurer or otherwise set forth in an Applicable Supplemental Trust Agreement as necessary to pay Bond Related Costs relating to the Bonds other than the Subordinated Bonds; provided, however, that the aggregate amount deposited therein during a Fiscal Year shall not exceed the Appropriated Amount during such Fiscal Year unless the Treasurer shall certify to the Trustee that deposits of such amounts shall not then be subject to appropriation;

- (iii) To the Rebate Fund, the amount of the Rebate Fund Requirement relating to the Bonds other than the Subordinated Bonds, if any, determined in accordance with an Applicable Supplemental Trust Agreement; provided, however, that the aggregate amount deposited therein during a Fiscal Year shall not exceed the Appropriated Amount during such Fiscal Year unless the Treasurer shall certify to the Trustee that deposits of such amounts shall not then be subject to appropriation;
- (iv) To the Subordinated Debt Service Fund, an amount equal to the sum of (a) one-fifth (1/5th) of the interest coming due on the Subordinated Bonds on the next interest payment date and (b) one-tenth (1/10th) of the Principal Installment coming due on the next Principal Installment payment date (which is not later than one year from the date of deposit); provided that the aggregate amount on deposit in the Subordinated Debt Service Fund on any date shall be at least equal to the Subordinated Debt Service Fund Requirement calculated as of such date; provided further that as long as the aggregate amount on deposit in the Subordinated Debt Service Fund as of any date is at least equal to the aggregate Subordinated Debt Service Fund Requirement calculated as of each remaining interest payment date and Principal Installment payment date, as the case may be, in the then current Fiscal Year, no additional monthly deposits are required to be made during the remainder of such Fiscal Year; and provided, further, that the aggregate amount deposited therein during a Fiscal Year shall not exceed the Appropriated Amount during such Fiscal Year for such purpose unless the Treasurer shall certify to the Trustee that deposits of such amounts shall not then be subject to appropriation;
- (v) To the Bond Related Costs Fund, at such times and in such amounts, if any, as determined by the Treasurer or otherwise set forth in an Applicable Supplemental Trust Agreement as necessary to pay Bond Related Costs relating to the Bonds; provided, however, that the aggregate amount deposited therein during a Fiscal Year shall not exceed the Appropriated Amount during such Fiscal Year unless the Treasurer shall certify to the Trustee that deposits of such amounts shall not then be subject to appropriation;
- (vi) To the Rebate Fund, the amount of the Rebate Fund Requirement relating to the Bonds, if any, determined in accordance with an Applicable Supplemental Trust Agreement; provided, however, that the aggregate amount deposited therein during a Fiscal Year shall not exceed the Appropriated Amount during such Fiscal Year unless the Treasurer shall certify to the Trustee that deposits of such amounts shall not then be subject to appropriation;
- (vii) To the Prior Federal Grant Anticipation Note Trustee from the Motor Fuels Tax Subaccount an amount equal to the monthly amount set forth in the certificate received by the Secretary of Administration and Finance and the Treasurer in accordance with subparagraph (iv) under the heading "Revenue Account" above; provided, however, that the aggregate amount transferred to the Prior Federal Grant Anticipation Note Trustee during a Fiscal Year shall not exceed the Appropriated Amount during such Fiscal Year and shall not exceed the amount received by the Commonwealth from the portion of the Motor Fuels Tax equal to ten cents (\$0.10) per gallon with respect to the excise on motor fuels (other than aviation fuel) imposed by the provisions of Chapter 64A; and
- (viii) To the Federal Grant Anticipation Note Trustee an amount equal to the monthly amount set forth in the certificate received by the Secretary of Administration and Finance and the Treasurer in accordance with subparagraph (v) under the heading "Revenue Account" above; provided, however, that unless the amount to be transferred to the Federal Grant Anticipation Note Trustee is to be deposited into an account that is deemed to be part of the Commonwealth Transportation Fund, the aggregate amount transferred to the Federal Grant Anticipation Note Trustee during a Fiscal Year shall not exceed the Appropriated Amount during such Fiscal Year.

Upon deposit of the amounts described above and so long as there shall be Appropriated Amounts sufficient to pay the amounts required to be deposited as set forth in subparagraph (i), (iv), (vii) and (viii) above for the remainder of the then current Fiscal Year (if such appropriations shall be required by the Act or other provisions of law), the balance on deposit in the Revenue Account (less any amounts required to be deposited pursuant to subparagraphs (ii), (iii), (v) and (vi) above for which Appropriated Amounts are insufficient) shall be immediately transferred by the Trustee, but no later than the [next] business day following such deposit, to the Treasurer free and clear of the lien granted under the Trust Agreement and may be thereupon applied to any purpose permitted by law.

The Trustee is authorized to accept at any time from the Treasurer, in addition to Pledged Funds, any other moneys certified by the Treasurer to be lawfully available for carrying out or satisfying any purpose under the Trust Agreement. The Trustee shall deposit such moneys in such Fund or Account, as the Treasurer may direct, and, provided no Event of Default shall then be occurring under the Trust Agreement and the amounts then held in the Debt Service Fund, the Rebate Fund and the Bond Related Costs Fund are at least equal to the applicable amounts then specified in the Trust Agreement, the Trustee shall transfer such amount as the Treasurer may direct, but not in excess of the amount received from the Treasurer, to the Treasurer, for application as permitted by law, free and clear of the lien of the Trust Agreement. (Section 504)

Debt Service Fund

The provisions of the Trust Agreement relating to the Debt Service Fund shall apply only to Bonds, and not to Subordinated Bonds. None of the funds on deposit in the Debt Service Fund shall be applied to payment of principal of, Redemption Price or interest on the Subordinated Bonds. The Trustee shall pay out of the Debt Service Fund to the respective Paying Agents for any Bonds (i) the amount required for the interest and Principal Installments payable on the interest payment date and (ii) the amount required for the payment of interest and Redemption Price on the Bonds then to be redeemed. Amounts accumulated in the Debt Service Fund with respect to any Sinking Fund Payment (together with amounts accumulated therein with respect to interest on the Bonds for which such Sinking Fund Payment was established) may be applied prior to the 45th day preceding the due date of such Sinking Fund Payment, to (i) the purchase of Bonds of the Series and maturity for which such Sinking Fund Payment was established, at prices not exceeding the applicable sinking fund Redemption Price plus interest on such Bonds to the first date on which such Bonds could be redeemed (or in the case of a Sinking Fund Payment due on the maturity date, the principal amount thereof plus interest to such date), such purchases to be made in such manner as the Treasurer shall arrange, or (ii) the redemption of such Bonds then redeemable by their terms. The applicable Redemption Price or principal amount (in the case of maturing Bonds) of any Bonds so purchased or redeemed shall be deemed to constitute part of the Debt Service Fund until such Sinking Fund Payment date for the purpose of calculating the amount of such Fund.

In satisfaction, in whole or in part, of any amount required to be paid into the Debt Service Fund which is attributable to a Sinking Fund Payment, there may be delivered on behalf of the Commonwealth to the Trustee Bonds of the Series and maturity entitled to such payment. All Bonds so delivered to the Trustee in satisfaction of a Sinking Fund Payment shall reduce the amount thereof by the amount of the aggregate of the sinking fund Redemption Prices of such Bonds. (Section 505)

Subordinated Debt Service Fund

The Trustee shall pay out of the Subordinated Debt Service Fund to the respective Paying Agents for any Subordinated Bonds (i) the amount required for the interest and Principal Installments payable on each interest payment date and (ii) the amount required for the payment of interest and Redemption Price on the Subordinated Bonds then to be redeemed. Amounts accumulated in the Subordinated Debt Service Fund with respect to any Sinking Fund Payment (together with amounts accumulated therein with respect to interest on Subordinated Bonds for which such Sinking Fund Payment was established) may be applied prior to the 45th day preceding the due date of such Sinking Fund Payment, to (i) the purchase of the Subordinated Bonds of the Series and maturity for which such Sinking Fund Payment was established, at prices not exceeding the applicable sinking fund Redemption Price plus interest on such Subordinated Bonds to the first date on which such Subordinated Bonds could be redeemed (or in the case of a Sinking Fund Payment due on the maturity date, the principal amount thereof plus interest to such date), such purchases to be made in such manner as the Treasurer shall arrange, or (ii) the redemption of such Subordinated Bonds then redeemable by their terms. The applicable Redemption Price or principal amount (in the case of maturing Subordinated

Bonds) of any Subordinated Bonds so purchased or redeemed shall be deemed to constitute part of the Subordinated Debt Service Fund until such Sinking Fund Payment date for the purpose of calculating the amount of such Fund.

In satisfaction, in whole or in part, of any amount required to be paid into the Subordinated Debt Service Fund, there may be delivered on behalf of the Commonwealth to the Trustee Subordinated Bonds of the Series and maturity entitled to such payment. All Subordinated Bonds so delivered to the Trustee in satisfaction of a Sinking Fund Payment shall reduce the amount thereof by the amount of the aggregate of the sinking fund Redemption Prices of such Subordinated Bonds. (Section 505A)

Redemption Fund

The Commonwealth may deposit in the Redemption Fund any moneys, including Pledged Funds, not otherwise required by the Trust Agreement to be deposited or applied. If at any time the amount on deposit and available therefor in the Debt Service Fund or the Subordinated Debt Service Fund, as applicable, is insufficient to pay the principal and Redemption Price of and interest on the Bonds or the Subordinated Bonds, as applicable, then due, the Trustee shall withdraw from the Redemption Fund and deposit in the Debt Service Fund or the Subordinated Debt Service Fund, as applicable, the amount necessary to meet the deficiency (other than amounts held therein for the redemption of Bonds or Subordinated Bonds, as applicable, for which a notice of redemption shall have been given). Subject to the foregoing, amounts in each account in the Redemption Fund may be applied by the Commonwealth to the redemption of Bonds or Subordinated Bonds, as applicable, at prices not exceeding the applicable Redemption Prices (plus accrued interest) had such Bonds or Subordinated Bonds, as applicable, been redeemed (or, if not then subject to redemption, at the applicable Redemption Prices when next subject to redemption), such purchase to be paid for by the Trustee at such times and in such manner as arranged and directed by an Authorized Officer. (Section 506)

Bond Related Costs Fund

The amount on deposit and available in the Bond Related Costs Fund shall be applied by the Trustee to the payment of Bond Related Costs at the times and in the amounts as directed from time to time by an Authorized Officer.

If at any time the amount on deposit and available therefor in the Debt Service Fund or the Subordinated Debt Service Fund, as applicable, is insufficient to pay the principal and Redemption Price of and interest on the Bonds or the Subordinated Bonds, as applicable, then due, the Trustee shall withdraw from the Bond Related Costs Fund, after withdrawal of amounts described above, and deposit in the Debt Service Fund or the Subordinated Debt Service Fund, as applicable, the amount necessary to meet such deficiency; provided, however, that the aggregate of such amount deposited therein shall not in any Fiscal Year, together with all other amounts deposit therein during such Fiscal Year, exceed the Appropriated Amount for the purpose of paying the principal and Redemption Price of and interest due on the Bonds Outstanding or the Subordinated Bonds Outstanding, as applicable, during such Fiscal Year. Subject to the foregoing provisions, if there is a deficiency in both the Debt Service Fund and the Subordinated Debt Service Fund as described in this paragraph, amounts withdrawn from the Bond Related Costs Fund shall be applied first to the deficiency in the Debt Service Fund, and once the deficiency in the Debt Service Fund is satisfied, second to the deficiency in the Subordinated Debt Service Fund.

Upon the certification of an Authorized Officer and all Fiduciaries that all Bond Related Costs have been paid, any balance in the Bond Related Costs Fund shall be paid by the Trustee to the Treasurer free and clear of the lien created under the Trust Agreement and such amounts shall be applied to any purpose permitted by law. (Section 507)

Investments

Except as otherwise provided in the Trust Agreement or subsection 2 below, money held for the credit of any Fund or Account under the Trust Agreement shall, to the fullest extent practicable, be invested, either alone or jointly with moneys in any other Fund or Account, by or at the written direction of an Authorized Officer in Permitted Investments which shall mature or be redeemable at the option of the holder thereof, on such dates and in such amounts as may be necessary to provide moneys to meet the payments required to be made from such Funds and Accounts; provided that if moneys in two or more funds or accounts are commingled for purposes of investments, the Trustee shall maintain appropriate records of the Permitted Investments or portions thereof which it makes and which are held

for the credit of such Fund or Account. Except as otherwise provided in a Supplemental Trust Agreement, amounts on deposit in the Debt Service Fund or the Subordinated Debt Service Fund, may be invested only in Permitted Investments of the type described in subparagraphs (i), (ii), (iii), (iv), (vi), (vii), (viii), (ix) or (xi) of the definition of Permitted Investments. Except as otherwise provided in a Supplemental Trust Agreement, Permitted Investments purchased as an investment of moneys in any Fund or Account shall be deemed at all times to be a part of such Fund or Account and all income thereon shall accrue to and be deposited in such Fund or Account and all losses from investment shall be charged against such Fund or Account. Any income from Permitted Investments may be transferred to the Rebate Fund to the extent required by an Applicable Supplemental Trust Agreement.

In computing the amount in any Fund or Account for any purpose, Permitted Investments shall be valued at market value. Unless otherwise provided in the Trust Agreement, Permitted Investments in any fund or account under the Trust Agreement shall be valued at least once in each Fiscal Year on the last day thereof. (Section 508)

Powers as to Bonds and Pledge

The Commonwealth represents in the Trust Agreement that it is duly authorized under the Act and all applicable laws to create and issue Bonds thereunder and to enter into the Trust Agreement and to pledge the Pledged Funds and other moneys, securities and funds purported to be pledged by the Trust Agreement in the manner and to the extent therein provided. The Commonwealth covenants that the Pledged Funds and other moneys, securities and funds so pledged are and will be free and clear of any pledge, lien, charge or encumbrance thereon with respect thereto prior to, or of equal rank with, the pledge created by the Trust Agreement except to the extent expressly permitted thereby. The Commonwealth agrees at all times, to the extent permitted by law, to defend, preserve and protect the pledge of the Pledged Funds and other moneys, securities and funds pledged under the Trust Agreement and all the rights of the Bondholders under the Trust Agreement against all claims and demands of all persons whomsoever. (Section 601)

Extension of Payment of Bonds

The Commonwealth agrees not to directly or indirectly extent or asset to the extension of the maturity of any of the Bonds or the time of payment of claims for interest by the purchaser or funding of such Bonds or claims for interest or by any other arrangement and in case the maturity of any of the Bonds or the time for payment of claims for interest shall be extended, such Bonds or claims for interest shall not be entitled in case of any default under the Trust Agreement to the benefit of the Trust Agreement or to any payment out of any assets of the Commonwealth or the funds (except funds held in trust for the payment of particular Bonds or claims for interest pursuant to the Trust Agreement) held by the Fiduciaries, except subject to the prior payment of the principal of all Bonds issued and Outstanding the maturity of which has not been extended and of such portion of the accrued interest on the Bonds as shall not be represented by such extended claims for interest. The Commonwealth may issue Refunding Bonds and such issuance shall not be deemed to constitute an extension of maturity of Bonds. (Section 602)

Covenant as to Pledged Funds and Commonwealth Transportation Fund

So long as any Bonds are Outstanding, the Commonwealth may change the rate of the Registry Fees or the Motor Fuels Tax credited to the Commonwealth Transportation Fund, or both, in any respect, provided that prior to the effective date of any such change, the Treasurer shall deliver a certificate to the Trustee demonstrating the amount of Pledged Funds received by the Treasurer during any twelve (12) consecutive months of the eighteen (18) month period ending with the last full month immediately preceding the effective date of any such change, as adjusted, as set forth in such certificate, to reflect the proposed change in rates, to be at least equal to four hundred percent (400%) of the maximum aggregate Adjusted Bond Debt Service Requirement due in the then current or any future Fiscal Year on the Bonds Outstanding (other than Subordinated Bonds). In addition, the Commonwealth shall not limit or alter the rights vested in the Commonwealth to collect the Pledged Funds and to deposit such amounts as provided in the Trust Agreement and shall not impair the rights and remedies of the Trustee and Bondholders under the Trust Agreement and under the Act with respect to the Pledged Funds. Without limiting the generality of the foregoing, the Commonwealth agrees not to issue any additional bonds under the 1994 Trust Agreement except refunding bonds with debt service requirements less than or equal to the debt service requirements on the refunded bonds in each Fiscal Year. Any provisions of the Act creating covenants with Bondholders shall be deemed a covenant with the Bondholders under the Trust Agreement only to the extent expressly provided in the Trust Agreement and as limited thereby.

As soon as practicable after the end of each Fiscal Year, but not later than the last business day of August following the end of such Fiscal Year, an Authorized Officer shall deliver to the Trustee a certificate, based upon an accounting by the Comptroller or the Commissioner of Revenue setting forth the amount of Pledged Funds (by category) for such Fiscal Year, the Adjusted Bond Debt Service Requirement for all Bonds Outstanding, other than Subordinated Bonds, during such Fiscal Year and the Adjusted Bond Debt Service Requirement for all Subordinated Bonds Outstanding during such Fiscal Year.

No provisions of the Trust Agreement shall prohibit the Commonwealth from applying amounts credited to the Commonwealth Transportation Fund, other than any Pledged Funds, calculated as of any date after the date of the Trust Agreement, for any purposes permitted by law. (Section 603)

Accounts and Report

As soon as it shall become available, the Treasurer shall file for each Fiscal Year during which Bonds shall be Outstanding with the Trustee the Comprehensive Annual Financial Report of the Commonwealth prepared by the Comptroller, including a report on the financial statements contained therein by an independent public accountant or firm of accountants. The Trustee shall have no duty to review such Annual Financial Report or financial statements, is not deemed to have notice of the content of such or a default based on such content and does not have a duty to verify the accuracy of such Annual Financial Report or financial statements. (Section 604)

Tax Covenants; Rebate Fund

The Commonwealth shall take, or require to be taken, such action as may from time to time be required to assure the continued exclusion from the federal gross income of holders of any Series of Tax Exempt Bonds. The Commonwealth shall not permit the investment or application of the proceeds of any Series of Tax Exempt Bonds, including any funds considered proceeds within the meaning of Section 148 of the Code, to be used to acquire any investment property the acquisition of which, would cause such indebtedness to be “arbitrage bonds” within the meaning of said Section 148. The Commonwealth shall establish within the Rebate Fund a separate account within the Rebate Fund for such Series and may provide in the Applicable Supplemental Trust Agreement for the deposits of amounts therein to pay “rebate” on the investment of amounts under the Trust Agreement in accordance with Section 148(f) of the Code. Funds on deposit in the Rebate Fund shall be applied as set forth in the Applicable Supplemental Trust Agreement. The Rebate Fund and the amounts on deposit therein shall not be deemed Pledged Funds under the Trust Agreement. (Section 605)

Events of Default

One or more of the following events shall constitute an Event of Default under the Trust Agreement:

- (i) if default shall be made in the payment of the principal or Redemption Price of any Bond when due, whether at maturity or by call for mandatory redemption or redemption at the option of the Commonwealth or any registered owner, or otherwise, or in the payment of any Sinking Fund Payment when due; or
- (ii) if default shall be made in the payment of any installment of interest on any Bond when due; or
- (iii) if default shall be made by the Commonwealth in the performance or observance of the covenants, agreements and conditions on its part described under the first paragraph of “Covenant as to Pledged Funds and Commonwealth Transportation Fund” above; or
- (iv) if default shall be made by the Commonwealth in the performance or observance of any other of the covenants, agreements or conditions on its part provided in the Trust Agreement or in the Bonds and such default shall continue for a period of 30 days after written notice thereof shall be given to the Commonwealth by the Trustee or given to the Commonwealth and the Trustee by the registered owners of a majority in principal amount of the Bonds Outstanding; provided that if such default cannot be remedied within such 30-

day period, it shall not constitute an Event of Default under the Trust Agreement if corrective action is instituted by the Commonwealth within such period and diligently pursued until the default is remedied. (Section 701)

Application of Revenues and Other Moneys after Default

During the continuance of an Event of Default, the Trustee shall apply the moneys, securities and funds held by the Trustee, including any Pledged Funds and the income therefrom, as follows and in the following order;

- (i) to the payment of the reasonable and proper charges and expenses of the Fiduciaries and of any counsel selected by a Fiduciary;
- (ii) to the payment of the interest and principal amount or Redemption Price then due on the Bonds other than the Subordinated Bonds, as follows:
 - (a) unless the principal amount of all of the Bonds other than the Subordinated Bonds shall have become due and payable,

First: To the payment to the persons entitled thereto to all installments of interest then due in the order of the maturity of such installments maturity, and, if the amount available shall not be sufficient to pay in full all installments maturing on the same date, then to the payment thereof ratably, according to the amounts due thereon, to the persons entitled thereto, without any discrimination or preference; and

Second: To the payment to the persons entitled thereto of the unpaid principal amount or Redemption Price of any Bonds other than the Subordinated Bonds which shall become due, whether at maturity or by call for redemption, in the order of their due dates, and, if the amount available shall not be sufficient to pay in full all the Bonds other than the Subordinated Bonds due on any date, then to the payment thereof ratably, according to the amounts of principal or Redemption Price due on such date, to the persons entitled thereto, without any discrimination or preference; and

- (b) if the principal of all the Bonds other than the Subordinated Bonds shall have become due and payable, to the payment of the principal amount and interest then due and unpaid upon the Bonds other than the Subordinated Bonds without preference or priority of principal over interest or of interest over principal, or of any installment of interest over any other installment of interest, or of any Bond over any other Bond, ratably, according to the amounts due respectively for principal amount and interest, to the persons entitled thereto, without any discrimination or preference;
- (iii) to the payment of the interest and principal amount or Redemption Price then due on Subordinated Bonds, as follows:

- (a) unless the principal amount of all Subordinated Bonds shall have become due and payable,

First: To the payment to the persons entitled thereto to all installments of interest then due in the order of the maturity of such installments maturity, and, if the amount available shall not be sufficient to pay in full all installments maturing on the same date, then to the payment thereof ratably, according to the amounts due thereon, to the persons entitled thereto, without any discrimination or preference; and

Second: To the payment to the persons entitled thereto of the unpaid principal amount or Redemption Price of any Subordinated Bonds which shall become due, whether at maturity or by call for redemption, in the order of their due dates, and, if the amount available shall not be sufficient to pay in full all Subordinated Bonds due on any date, then

to the payment thereof ratably, according to the amounts of principal or Redemption Price due on such date, to the persons entitled thereto, without any discrimination or preference; and

(b) if the principal of all Subordinated Bonds shall have become due and payable, to the payment of the principal amount and interest then due and unpaid upon Subordinated Bonds without preference or priority of principal over interest or of interest over principal, or of any installment of interest over any other installment of interest, or of any Subordinated Bond over any other Subordinated Bond, ratably, according to the amounts due respectively for principal amount and interest, to the persons entitled thereto, without any discrimination or preference; and

(iv) To the payment of any person entitled to the payment of any Bond Related Cost ratably in accordance with the amount of such Bond Related Costs.

The proceeds of any Credit Enhancement or Liquidity Facility shall be applied by the Trustee in the manner provided in the Supplemental Trust Agreement authorizing such Credit Enhancement or Liquidity Facility. (Section 702)

Proceedings Brought by Trustee

If an Event of Default shall happen and shall not have been remedied, then and in every such case, the Trustee may proceed to protect and enforce its rights and the rights of the registered owners of the Bonds under the Trust Agreement by a suit or suits in equity or at law. The registered owners of a majority in principal amount of the Bonds Outstanding may direct the time, method and place of conducting any proceeding for any remedy available to the Trustee, provided that the Trustee shall have the right to decline to follow any such direction if the Trustee in good faith shall determine that the action or proceeding so directed would involve the Trustee in personal liability or be unjustly prejudicial to the Bondholders not parties to such direction.

Regardless of the happening of an Event of Default, the Trustee shall have power to, but unless requested in writing by the registered owners of a majority in principal amount of the Bonds then Outstanding and furnished with reasonable security and indemnity, shall be under no obligation to, institute and maintain such suits and proceedings as it may deem necessary or expedient to prevent any impairment of the security under the Trust Agreement, or necessary or expedient to preserve or protect its interest and the interests of the Bondholders.

Nothing contained in the Trust Agreement is intended to preclude the Trustee upon the occurrence of an Event of Default thereunder from asserting any and all remedies it may have at law or equity with respect to the Pledged Funds and other amounts held as security thereunder, including asserting any rights it may have as Trustee thereunder as a secured party with respect to all security granted thereunder notwithstanding any requirements contained in the Trust Agreement with respect to Appropriated Amounts. (Section 703)

Restriction on Bondholders' Action

No registered owner of any Bond shall have any right to institute any suit, action or proceeding at law or in equity for the enforcement of any provision of the Trust Agreement or for any remedy under the Trust Agreement, unless such registered owner shall have previously given to the Trustee written notice of the happening of any Event of Default and the registered owners of at least 25% in principal amount of Bonds then Outstanding shall have filed a written request with the Trustee, and shall have offered it reasonable opportunity, to exercise the powers granted in the Trust Agreement in its own name, and unless such registered owners shall have offered to the Trustee adequate security and indemnity against the costs, expenses and liabilities to be incurred thereby, and the Trustee shall have refused to comply with such request within a reasonable time. So long as the Policy shall be in full force and effect (and the Insurer shall not be insolvent or in default under the Policy), the Insurer shall be deemed to be the sole owner of the 2010 Series A Bonds for the purpose of exercising any voting right or privilege or giving any consent or direction or taking any other action that the owners of the 2010 Series A Bonds are entitled to take in respect of defaults and remedies. (Section 704)

No Right of Acceleration

Neither the Bondholders nor the Trustee shall have any right to accelerate the payment of principal or interest due on any Bonds Outstanding upon the occurrence of any Event of Default. (Section 707)

Responsibility of Fiduciaries

The duties and obligations of the Fiduciaries shall be determined by the express provisions of the Trust Agreement. No Fiduciary shall be under any responsibility or duty with respect to the issuance of the Bonds for value or the application of the proceeds thereof or the application of any moneys paid to the Commonwealth or any other Fiduciary. No Fiduciary shall bear any responsibility for the use of Bond proceeds (or other payments) paid out in accordance with the Trust Agreement. No Fiduciary shall be under any obligation or duty to perform any act which would involve it in expense or liability or to institute or defend any suit in respect thereof, unless properly indemnified. No Fiduciary shall be under any obligation to advance, risk or expend its own funds or moneys. No Fiduciary shall be liable in connection with the performance of its duties under the Trust Agreement except for its own negligence or bad faith nor shall any Fiduciary be liable for any action taken or omitted by it in good faith and believed by it to be authorized or within the discretion or rights or powers conferred upon it by the Trust Agreement. (Section 803)

Compensation

The Commonwealth shall pay to each Fiduciary from time to time reasonable compensation for all services rendered under the Trust Agreement, including reasonable expenses, charges, counsel fees and other disbursements, and each Fiduciary shall have a lien therefor on any and all funds at any time held by it thereunder. Amounts unpaid more than 30 days after they are billed to the Treasurer shall bear interest at the "base rate" of the Trustee in effect from time to time. The Commonwealth shall indemnify and save each Fiduciary harmless against any liabilities which it may incur in the exercise and performance of its powers and duties thereunder, and which are not due to its negligence or bad faith. (Section 805)

Resignation of Trustee

The Trustee may at any time resign and be discharged of the duties and obligations created by the Trust Agreement by giving not less than 60 days' written notice to the Treasurer and giving not less than 30 days' written notice to each Bondholder and Paying Agent specifying the date when such resignation shall take effect, and such resignation shall take effect upon the day specified in such notice provided a successor shall have been appointed, unless previously a successor shall have been appointed by the Treasurer or the Bondholders as provided in the Trust Agreement, in which event such resignation shall take effect immediately on the appointment of such successor. (Section 807)

Removal of Trustee

The Trustee may be removed at any time by an instrument or concurrent instruments in writing, filed with the Trustee, and signed by the registered owners of a majority in principal amount of the Bonds then Outstanding or their attorneys-in-fact duly authorized, excluding any Bonds held by or for the account of the Commonwealth. Except during the existence of an Event of Default, the Treasurer may remove the Trustee at any time for cause or upon not less than 90 days' prior written notice to the Trustee for such other reason as shall be determined in the sole discretion of the Treasurer. (Section 808)

Appointment of Successor Trustee

In case at any time the Trustee shall resign or shall be removed or shall become incapable of acting, or shall be adjudged a bankruptcy or insolvent, or if a receiver, liquidator or conservator of the Trustee, or of its property, shall be appointed, or if any public officer shall take charge or control of the Trustee, or of its property or affairs, a successor may be appointed by the registered owners of a majority in principal amount of the Bonds then excluding any Bonds held by or on the account of the Commonwealth. Pending such appointment, the Treasurer by a written instrument signed by an Authorized Officer and delivered to the predecessor Trustee shall forthwith appoint a Trustee to fill such vacancy until a trustee shall be appointed by the Bondholders. Any Trustee appointed in succession to the Trustee shall

be a bank or trust company organized under the laws of the Commonwealth, or a national banking association doing business and having its principal place of business in the Commonwealth, having a capital and surplus aggregating at least \$50,000,000, if there be such a bank or trust company or national banking association willing and able to accept the office on reasonable and customary terms and authorized by law to perform all duties imposed upon it by the Trust Agreement. (Section 809)

Supplemental Trust Agreement Effective upon Filing

The Commonwealth and the Trustee may at any time and from time to time enter into supplements or amendments to the Trust Agreement for any one or more of the following purposes:

- (i) to cure any ambiguity, inconsistency or formal defect or omission in the Trust Agreement;
- (ii) to close the Trust Agreement against, or provide limitations and restrictions contained in the Trust Agreement on, the original issuance of Bonds;
- (iii) to add to the covenants and agreements of the Commonwealth contained in the Trust Agreement other covenants and agreements thereafter to be observed for the purpose of further securing the Bonds;
- (iv) to surrender any right, power or privilege reserved to or conferred upon the Commonwealth by the Trust Agreement;
- (v) to authorize Bonds of a Series and, in connection therewith, specify and determine any matters and things relative to such Bonds not contrary to or inconsistent with the Trust Agreement;
- (vi) to authorize any Credit Enhancement or Liquidity Facility;
- (vii) to exercise any provision in the Trust Agreement or to make such determinations thereunder as expressly provided therein to be exercised or determined in a Supplemental Trust Agreement;
- (viii) to confirm, as further assurance, any pledge under and the subjection to any lien or pledge created or to be created by the Trust Agreement of the Pledged Funds; and
- (ix) for any other purpose, provided that such Supplemental Trust Agreement does not prejudice in any material respect the right of the registered owner of any Bond Outstanding at the date such Supplemental Trust Agreement becomes effective. (Section 901)

Powers of Amendment

Any modification or amendment of the Bonds or of the Trust Agreement may be made by a Supplemental Trust Agreement, with the written consent (i) of the registered owners of at least a majority in the principal amount of all Bonds Outstanding at the time such consent is given, or (ii) in case less than all of the several Series of Bonds then Outstanding are affected by the modification or amendment, of the registered owners of at least a majority in principal amount of the Bonds of each Series so affected and Outstanding at the time such consent is given, and (iii) in case the modification or amendment changes the amount or date of any Sinking Fund Payment, of 100% of the registered owners of the Bonds of the particular Series and maturity entitled to such Sinking Fund Payment Outstanding at the time such consent is given; provided, however, that, if such modification or amendment will, by its terms, not take effect so long as any Bonds of any specified like Series and maturity remain Outstanding, the vote or consent of the registered owners of such Bonds shall not be required and such Bonds shall not be deemed to be Outstanding for the purpose of any calculation of Outstanding Bonds; and provided, further, that no such modification or amendment shall permit a change in the terms of redemption or maturity of the principal amount of any Outstanding Bond or of any installment of interest thereon or a reduction in the principal amount or the Redemption Price thereof or the rate of interest thereon or the method for determining such rate or terms of any Credit Enhancement or Liquidity Facility relating to a Bond without the consent of the registered owner of such Bond, or shall change or modify any of the rights

or obligations of any Fiduciary without its written assent thereto, or shall reduce the percentages of the principal amount of Bonds the consent of which is required to effect any such modification or amendment. (Section 1002)

Defeasance

If the Commonwealth shall pay or cause to be paid, or there shall otherwise be paid, to the registered owners of the Bonds then Outstanding, the principal amount and interest and Redemption Price, if any, to become due thereon, at the times and in the manner stipulated therein and in the Trust Agreement then the pledge of any Pledged Funds or other moneys and securities pledged by the Trust Agreement and all other rights granted by the Trust Agreement shall be discharged and satisfied.

Bonds or interest installments for the payment or redemption of which moneys shall be held by the Fiduciaries, whether at or prior to the maturity or the redemption date of such Bonds, shall be deemed to have been paid if (i) in case any of said Bonds are to be redeemed on any date prior to their maturity, an Authorized Officer shall have given to the Trustee irrevocable instructions to provide notice of redemption on said date of such Bonds, (ii) there shall have been deposited with the Trustee either moneys in an amount which shall be sufficient, or Defeasance Obligations not subject to redemption or otherwise called for redemption for which amounts have been placed in escrow, in each case the principal of and interest on which when due will provide moneys which, together with any other deposited amounts, shall be sufficient, as certified by a firm of independent public accountants, to pay when due the principal amount or Redemption Price, if applicable, and interest due and to become due on said Bonds on and prior to the redemption date or maturity date thereof, as the case may be. Any cash received from the principal or interest payments on such Defeasance Obligations deposited with the Trustee, if not then needed for such purpose, may, to the extent practicable, be reinvested in Defeasance Obligations or, in lieu of such reinvestment at the time of receipt, the Commonwealth may direct the Trustee to enter into one or more forward purchase agreements providing for the purchase of Defeasance Obligations at future dates, as provided in the Trust Agreement.

For purposes of determining whether Variable Rate Bonds shall be deemed to have been paid prior to the maturity or redemption date thereof, as the case may be, by the deposit of moneys, or Defeasance Obligations and moneys, if any, the interest to come due on such Variable Rate Bonds on or prior to the maturity date or redemption date thereof, as the case may be, shall be calculated at the Variable Rate Ceiling in effect with respect to such Bonds.

Tender Bonds shall be deemed to have been paid only if, in addition to satisfying the requirements described above, there shall have been deposited with the Trustee moneys in an amount which shall be sufficient to pay when due the maximum amount of principal of and premium, if any, and interest on such Bonds which could become payable to the registered owners of such Bonds upon the exercise of any options provided to the registered owners of such Bonds; provided, however, that if, at the time a deposit is made with the Trustee pursuant to the provisions above, the options originally exercisable by the registered owners of Tender Bonds are no longer exercisable, such Bonds shall not be considered Tender Bonds. (Section 1101)

Unclaimed Funds

Any moneys held by the Fiduciary in trust for the payment and discharge of any Bonds which remain unclaimed for three years after the date when such bonds have become due and payable, either at their stated maturity dates or by call for earlier redemption, if such moneys were held by the Fiduciary at such date, or for three years after the date of deposit of such moneys if deposited with the Fiduciary after the said date when such Bonds become due and payable, shall be paid to the Commonwealth as its absolute property and free from trust, and the Fiduciary shall thereupon be released and discharged with respect thereto and the Bondholders shall look only to the Commonwealth for the payment of such Bonds. (Section 1101)

No Recourse on the Bonds

No recourse shall be had for the payment of the principal or Redemption Price of or the interest on the Bonds or for any claim based thereon or on the Trust Agreement against any official, agent, representative or employee of the Commonwealth or any person executing the Bonds. No official, agent, representative or employee of the Commonwealth shall be held personally liable to any purchaser or holder of any Bond under or upon such Bond, or

under or upon the Trust Agreement or any Supplemental Trust Agreement relating to Bonds, or, to the extent permitted by law, because of the sale or issuance or attempted sale or issuance of Bonds, or because of any act or omission in connection with the investment or management of the Pledged Funds, funds or moneys of the Commonwealth, or otherwise in connection with the management of its affairs, excepting solely for things willfully done or omitted to be done with an intent to defraud.  Dated the Date of Delivery

We have acted as bond counsel to The Commonwealth of Massachusetts (the “Commonwealth”) in connection with the issuance by the Commonwealth of the above-referenced bonds (the “Bonds”). In such capacity, we have examined the law and such certified proceedings and other papers as we have deemed necessary to render this opinion, including Section 20 of Chapter 29 of the Massachusetts General Laws, as amended (the “Act”) and other applicable statutes. We have also examined the Trust Agreement dated as of December 1, 2010 (the “Trust Agreement”), between the Commonwealth and The Bank of New York Mellon Trust Company, N.A., as trustee (the “Trustee”) and the First Supplemental Trust Agreement dated as of December 1, 2010 (the “First Supplemental Trust Agreement”) and, together with the Trust Agreement, the “Agreement”) between the Commonwealth and the Trustee. We have also examined the Sixth Supplemental Trust Agreement dated as of December 1, 2010 (the “Sixth Supplemental Trust Agreement”) between the Commonwealth and the Trustee, as successor trustee (the “1994 Trustee”), which supplements and amends the Trust Agreement dated as of June 1, 1994, as amended and restated as of January 1, 2005, between the Commonwealth and the 1994 Trustee. Capitalized terms not otherwise defined herein are used herein as defined in the Agreement.

The Bonds are issued pursuant to the Agreement. Bonds issued under the Agreement, including the Bonds, are payable from and secured by a pledge of Pledged Funds.

As to questions of fact material to our opinion we have relied upon representations and covenants of the Commonwealth contained in the certified proceedings and other certifications of public officials furnished to us, without undertaking to verify the same by independent investigation.

Based on our examination, we are of the opinion, under existing law, as follows:

1. The Commonwealth has the right and power under the Act to enter into the Trust Agreement, the First Supplemental Trust Agreement and the Sixth Supplemental Trust Agreement, and each has been duly and lawfully executed on behalf of the Commonwealth by the Treasurer and Receiver-General of the Commonwealth, with the concurrence of the Secretary of the Executive Office for Administration and Finance of the Commonwealth and the Secretary of the Massachusetts Department of Transportation.

2. The Trust Agreement, the First Supplemental Trust Agreement and the Sixth Supplemental Trust Agreement have been duly authorized, executed and delivered by the Commonwealth, are in full force and effect and constitute valid and binding obligations of the Commonwealth enforceable upon the Commonwealth in accordance with the respective terms thereof. No other authorization for the Agreement is required.

3. Pursuant to the Act, the Agreement creates the valid pledge that it purports to create of the Pledged Funds, rights, moneys, securities, credit facilities (if any) and funds held under the Agreement, in the manner and to the extent provided in the Agreement, for the security of the Bonds on a parity with other bonds (if any) to be issued under the Agreement.

4. The Bonds have been duly authorized, executed and delivered by the Commonwealth and are valid and binding special obligations of the Commonwealth, enforceable in accordance with the terms thereof and the terms of the Agreement. The Bonds are entitled to the benefits of the Act, as provided under the Agreement, and of the Agreement. The Bonds are not general obligations of the Commonwealth, and the full faith and credit of the Commonwealth are not pledged to the payment thereof. The Bonds are payable solely from the sources provided therefor in the Agreement.

5. Interest on the Bonds is included in the gross income of the owners of the Bonds for federal income tax purposes. We express no opinion regarding any other federal tax consequences arising with respect to the Bonds.

6. Interest on the Bonds is exempt from Massachusetts personal income taxes and the Bonds are exempt from Massachusetts personal property taxes. We express no opinion regarding any other Massachusetts tax consequences arising with respect to the Bonds or any tax consequences arising with respect to the Bonds under the laws of any state other than Massachusetts.

This opinion is not intended or written by Edwards Angell Palmer & Dodge LLP to be used and cannot be used by you for the purpose of avoiding penalties that may be imposed under federal tax law in connection with the Bonds.

This opinion is expressed as of the date hereof, and we neither assume nor undertake any obligation to update, revise, supplement or restate this opinion to reflect any action taken or omitted, or any facts or circumstances or changes in law or in the interpretation thereof, that may hereafter arise or occur, or for any other reason.

The rights of the holders of the Bonds and the enforceability of the Bonds may be subject to bankruptcy, insolvency, reorganization, moratorium and other similar laws affecting creditors' rights heretofore or hereafter enacted to the extent constitutionally applicable, and their enforcement may also be subject to the exercise of judicial discretion in appropriate cases.

CONTINUING DISCLOSURE UNDERTAKING

Commonwealth of Massachusetts

Commonwealth Transportation Fund Revenue Bonds
 (Accelerated Bridge Program), 2010 Series A
 (Federally Taxable – Build America Bonds / Recovery Zone Economic Development Bonds – Direct Pay to Issuer)

Continuing Disclosure Undertaking

On behalf of the Commonwealth, the Treasurer and Receiver-General of the Commonwealth hereby undertakes for the benefit of the owners of the Bonds to provide the Municipal Securities Rulemaking Board (the “MSRB”) through its Electronic Municipal Market Access (“EMMA”) system pursuant to the requirements of Rule 15c2-12 of the Securities and Exchange Commission (the “Rule”), no later than 270 days after the end of each fiscal year of the Commonwealth, (i) the annual financial information described below relating to such fiscal year, together with audited financial statements of the Commonwealth for such fiscal year if audited financial statements are then available, provided, however, that if audited financial statements of the Commonwealth are not then available, such audited financial statements shall be delivered to EMMA when they become available (but in no event later than 350 days after the end of such fiscal year) or (ii) notice of the Commonwealth’s failure, if any, to provide any such information. The annual financial information to be provided as aforesaid shall include financial information and operating data, in each case updated through the last day of such fiscal year unless otherwise noted, relating to the following information contained in the Commonwealth’s Official Statement dated December 15, 2010 (the “Official Statement”) relating to the Commonwealth’s Commonwealth Transportation Fund Revenue Bonds (Accelerated Bridge Program), 2010 Series A (Federally Taxable – Build America Bonds / Recovery Zone Economic Development Bonds – Direct Pay to Issuer), and in each case substantially in the same level of detail as is found in the referenced section of the Official Statement:

5. Summary presentation of actual Commonwealth Transportation Fund revenues on a ten-year comparative basis, concluding with the prior fiscal year.	COMMONWEALTH TRANSPORTATION FUND

Any or all of the items listed above may be included by reference to other documents, including official statements pertaining to debt issued by the Commonwealth, which have been submitted to the MSRB. The Commonwealth’s annual financial statements for each fiscal year shall consist of (i) combined financial statements prepared in accordance with a basis of accounting that demonstrates compliance with the General Laws and other applicable

state finance laws, if any, in effect from time to time and (ii) general purpose financial statements prepared in accordance with generally accepted accounting principles in effect from time to time. Such financial statements shall be audited by a firm of certified public accountants appointed by the Commonwealth.

On behalf of the Commonwealth, the Treasurer and Receiver-General of the Commonwealth hereby further undertakes for the benefit of the owners of the Bonds to provide in a timely manner to the MSRB notice of any of the following events with respect to the Bonds:

- (i) principal and interest payment delinquencies;
- (ii) non-payment related defaults, if material;
- (iii) unscheduled draws on the debt service reserves reflecting financial difficulties;
- (iv) unscheduled draws on the credit enhancements reflecting financial difficulties;
- (v) substitution of the credit or liquidity providers or their failure to perform;
- (vi) adverse tax opinions, the issuance by the Internal Revenue Service of proposed or final determination of taxability, Notices of Proposed Issue (IRS Form 5701-TEB) or other material notices or determinations with respect to the tax status of the Bonds, or other material events affecting the tax status of the Bonds;
- (vii) modifications to rights of Bondholders, if material;
- (viii) optional, contingent or unscheduled calls of Bonds, if material;
- (ix) defeasances;
- (x) release, substitution or sale of property securing repayment of the Bonds, if material;
- (xi) rating changes;
- (xii) bankruptcy, insolvency, receivership or similar event of the Commonwealth*;
- (xiii) the consummation of a merger, consolidation, or acquisition involving the Commonwealth or the sale of all or substantially all of the assets of the Commonwealth, other than in the ordinary course of business, the entry into a definitive agreement to undertake such an action or the termination of a definitive agreement relating to any such actions, other than pursuant to its terms, if material;
- (xiv) appointment of a successor or additional trustee or the change of name of a trustee, if material;

Whenever the Commonwealth obtains knowledge of the occurrence of an event described in clauses (ii), (vi), (vii), (viii), (x), (xiii) or (xiv), the Commonwealth shall as soon as possible determine if such event is material under applicable federal securities laws.

Upon the occurrence of an event described in clauses (i), (iii), (iv), (v), (vi), (ix), (xi) or (xii), and in the event the Commonwealth determines that the occurrence of an event described in clauses (ii), (vi), (vii), (viii), (x), (xiii) or (xiv) is material under applicable federal securities laws, the Commonwealth shall, in a timely manner not in excess of ten (10) business days after the occurrence of the event, file a notice of such occurrence with the MSRB.

Nothing herein shall preclude the Commonwealth from disseminating any information in addition to that required hereunder. If the Commonwealth disseminates any such additional information, nothing herein shall obligate the Commonwealth to update such information or include it in any future materials disseminated.

* As noted in the Rule, this event is considered to occur when any of the following occur: (i) the appointment of a receiver, fiscal agent or similar officer for the Commonwealth in a proceeding under the U.S. Bankruptcy Code or in any proceeding under state or federal law in which a court or governmental authority has assumed jurisdiction over substantially all of the assets or business of the Commonwealth, or if such jurisdiction has been assumed by leaving the existing governing body and officials or officers in possession but subject to the supervision and orders of a court or governmental authority, or (ii) the entry of an order confirming a plan of reorganization, arrangement or liquidation by a court or governmental authority having supervision or jurisdiction over substantially all of the assets or business of the Commonwealth.

To the extent permitted by law, the foregoing provisions of this Bond related to the above-described undertakings to provide information shall be enforceable against the Commonwealth in accordance with the terms thereof by any owner of a Bond, including any beneficial owner acting as a third-party beneficiary (upon proof of its status as a beneficial owner reasonably satisfactory to the Treasurer and Receiver-General). To the extent permitted by law, any such owner shall have the right, for the equal benefit and protection of all owners of Bonds, by mandamus or other suit or proceeding at law or in equity, to enforce its rights against the Commonwealth and to compel the Commonwealth and any of its officers, agents or employees to perform and carry out their duties under the foregoing provisions as aforesaid. The failure to comply with the above-described undertakings shall not constitute an Event of Default under the Trust Agreement, and the sole remedy in connection with such undertakings shall be limited to an action to compel specific performance of the obligations of the Commonwealth in connection with such undertakings and shall not include any rights to monetary damages. The Commonwealth's obligations in respect of such undertakings shall terminate if no Bonds remain outstanding (without regard to an economic defeasance) or if the provisions of the Rule concerning continuing disclosure are no longer effective, whichever occurs first. The provisions of this Bond relating to such undertakings may be amended by the Treasurer and Receiver-General of the Commonwealth, without the consent of; or notice to, any owners of the Bonds, (a) to comply with or conform to the provisions of the Rule or any amendments thereto or authoritative interpretations thereof by the Securities and Exchange Commission or its staff (whether required or optional), (b) to add a dissemination agent for the information required to be provided by such undertakings and to make any necessary or desirable provisions with respect thereto, (c) to add to the covenants of the Commonwealth for the benefit of the owners of Bonds, (d) to modify the contents, presentation and format of the annual financial information from time to time as a result of a change in circumstances that arises from a change in legal requirements, or (e) to otherwise modify the undertakings in a manner consistent with the provisions of the Rule concerning continuing disclosure; provided, however, that in the case of any amendment pursuant to clause (d) or (e), (i) the undertaking, as amended, would have complied with the requirements of the Rule at the time of the offering of the Bonds, after taking into account any amendments or authoritative interpretations of the Rule, as well as any change in circumstances, and (ii) the amendment does not materially impair the interests of the owners of the Bonds, as determined either by a party unaffiliated with the Commonwealth (such as Commonwealth disclosure counsel or Commonwealth bond counsel) or by the vote or consent of owners of a majority in outstanding principal amount of the Bonds affected thereby at or prior to the time of such amendment.
